Oracle Reading Office
(TVP)**

Oracle University presents a 2 Day Seminar with **Mark Rittman**

Oracle Business Intelligence Master Class 23-24 November, Oracle Reading Office, TVP

Your chance to meet Mark Rittman - THE Oracle BI specialist!
Get expert advice on designing, building and optimising solutions built with Oracle's business intelligence tools.

This 2-day seminar consists of 8 x 1.5 hour tutorials. It takes delegates through the process of establishing requirements, defining a BI tools architecture, data modelling and ETL, operational and analytic reporting, and taking advantage of the new features in BI Suite Enterprise Edition.

Agenda

Day One: Architecture, ETL and Reporting

- Oracle BI Tools Introduction and Architecture
- Data Modelling and Mapping using Oracle Warehouse Builder 10gR2
- Advanced ETL and Data Quality using Oracle Warehouse Builder 10gR2
- Report Publishing using Oracle XML Publisher 5.6 Enterprise

Day Two: OLAP, Analytics and BI Suite Enterprise Edition

- Creating OLAP cubes using Analytic Workspace Manager
- OLAP Analysis Using OracleBI Discoverer Plus OLAP and the Spreadsheet Add-in
- Inside OracleBI Analytics Server
- Introduction to Oracle BI Answers, Dashboard and Delivers
