

## **Korea Exchange Bank Extends Oracle's Mantas Implementation to International Operations**

**14-Aug-08**

Seoul, August 14, 2008: i-flex® solutions (Reuters: IFLX.BO & IFLX.NS), a leading provider of IT solutions to the global financial services industry today announced that: Korea Exchange Bank (KEB), Korea's largest foreign exchange bank, will now rollout Mantas AML, part of the Risk and Analytics offering from i-flex solutions, to conduct global risk analysis and monitoring for its international operations.

KEB will rollout Mantas AML across 15 countries and 30 jurisdictions in the Americas, Europe, Middle-East and Asia.

KEB had previously successfully implemented the Mantas AML solution for its operations in Korea.

Supporting Quotes:

Since its deployment at our headquarters in Korea, Mantas has provided an automated, comprehensive and consistent solution for surveillance and analysis. As a result of its successful performance and as part of our long term strategy to enter new markets and expand globally, we are pleased to extend this implementation to our international branches," said a senior spokesperson from Korea Exchange Bank.
