First-time users of this site will be prompted to complete a brief registration form. After filling out the form, you will have access to the full customer library of TOI's.

Certification Program - PeopleTools

<http://www.oracle.com/global/us/education/certification/psft.html>

New PeopleSoft Certification Released

The Oracle Certification Program has launched two new credentials,

- [PeopleTools Developer Certified Expert](#)
- [PeopleTools Advanced Developer Certified Expert](#)

The PeopleTools Developer certifications are designed to help technical implementers obtain the knowledge and skills needed to develop, implement, and customize PeopleSoft applications.

User Productivity Kits – (UPK)

The User Productivity Kit (UPK Developer and content) is PeopleSoft's end user training solution and provides a single source development and customization tool to enable rapid content creation and customization. UPK also may provide system process documentation, user acceptance test scripts, training materials, role-based performance support and documentation.
