

# ORACLE USER PRODUCTIVITY KIT FOR PEOPLESOFT ENTERPRISE

*Training when and  
where you need it*

*Increase employee job  
satisfaction and  
productivity*

*Jump-start  
implementations and  
upgrades*

*Oracle's User Productivity Kit (UPK) is a collaborative content development platform that allows enterprises to drive user productivity and mitigate risk throughout all phases of the software ownership lifecycle. Pre-built UPK application specific content provides significant additional benefit beyond the UPK Developer for enterprises deploying PeopleSoft's Enterprise applications.*

PeopleSoft Enterprise Information Development and the entire PeopleSoft Enterprise organization are dedicated to providing quality information solutions to help you and your employees succeed. Oracle's UPK and the pre-built UPK for PeopleSoft Enterprise content represent our continued dedication to helping customers manage their business and maximize the value of their software investment.

## **What is UPK?**

The User Productivity Kit (UPK Developer and content) is PeopleSoft's end user training solution and provides a single source development and customization tool to enable rapid content creation and customization. UPK also may provide system process documentation, user acceptance test scripts, comprehensive instructor-led training materials, web-based training materials, role-based performance support and documentation.

The User Productivity Kit delivers the following for all PeopleSoft applications:

- State-of-the-art instructional design tools to rapidly build and tailor documentation, instructor-led training materials, and web-based training to fit organizational end user needs.
- System process documentation for fit-gap analysis—providing time and cost savings that jump-start your implementation or upgrade.
- User Acceptance test scripts to help test PeopleSoft applications prior to go-live.
- Live-application performance support with transactional and procedural information to maximize user efficiency.

## **PeopleSoft Enterprise UPK Content Offerings**
