

FOCUS ON LINUX AND VIRTUALIZATION

Don't miss the exciting Linux and Virtualization activities this year at Oracle OpenWorld, including expert-led sessions technology demos, partners, customers, keynotes, and much more! Use this essential checklist to get the most out of your week and visit oracle.com/linux and oracle.com/virtualization for more information.

Open World Sessions

Sunday, September 21, 2008

TIME	TITLE [SESSION ID], SPEAKER (AFFILIATION)	LOCATION ROOM #
4:00 p.m.	Linux SIG Roundtable Panel Session (IOUG) [S301028] Todd Sheetz (IOUG), Greg Marsden (Oracle)	Moscone West 2009

Monday, September 22, 2008

11:30 a.m.	Enterprise-Class Server Virtualization with Oracle VM [S299925] Wim Coekaerts (Oracle), Cole Crawford (Dell)	Moscone West 3024
1:00 p.m.	Oracle Unbreakable Linux: A Comprehensive Overview [S299924] Monica Kumar (Oracle), Mike Ehrman (Diebold)	Moscone West 3024
2:30 p.m.	Oracle Executive Panel: Oracle and Open Source[S299933] Edward Screven, Ken Jacobs, Wim Coekaerts, Steve Harris, Monica Kumar (all Oracle)	Moscone West 3024
2:30 p.m.	Improve Performance and Save the Planet with Virtualized Server Pools [S300580] Rick Cote, Michael Poole (University of Massachusetts)	Moscone South 301
4:00 p.m.	Virtualize Your Enterprise without Compromising Performance and Efficiency [S299932] Adam Hawley (Oracle), Herbert Van den Bergh (Oracle)	Moscone West 3024
4:00 p.m.	Oracle Database Performance: A Comprehensive View Including Linux...[S299790] Sharad Tripathi (Intel)	Moscone South 303
4:00 p.m.	Oracle Database in a Virtual Environment [S300459] Duane Smith, Michael Timpanaro-Perrotta, Nitin Vengurlekar (all Oracle)	Moscone South 306

Tuesday, September 23, 2008

9:00 a.m.	Best Practices for Deploying Oracle & Linux: Validated Configurations, Templates [S299928] Michele Resta, Tatyana Bagerman (Oracle)	Moscone West 3024
11:30 a.m.	Deploying High Availability in Virtualized Environments w/Oracle VM [S299926] Kurt Hackel (Oracle), Richard Exley (Oracle), Rick Cote (University of Massachusetts)	Moscone West 3024
11:30 a.m.	Oracle VM Best Practices: Optimizing SOA Solutions on Intel Platforms [S299788] Soumendu Chakraborty (Oracle), Robert Scott (Intel)	Moscone South 301
11:30 a.m.	NetApp and Oracle: Enabling Next-Generation Virtualized Grids [S300732] Rodrigo Benzaquen (Mercado Libre), Phil Brotherton (NetApp), Steve Hight (Catholic Healthcare)	Moscone South 200

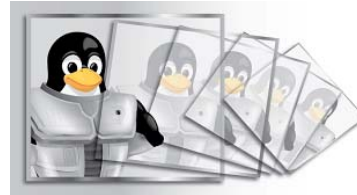

Wednesday, September 24, 2008

9:00 a.m.	Virtualize Oracle Database and E-Business Suite Environments with Oracle VM [S299927] Niloy Banerjee (Oracle), Michael Timpanaro-Perrotta (Oracle)	Moscone West 3024
11:30 a.m.	Managing Linux Environments with Oracle Management Pack for Linux and ULN [S299929] Sergio Leunissen (Oracle), Madhup Gulati (Oracle)	Moscone West 3024
1:00 p.m.	Trends and Transformations in the Data Center [S300737] Michael Minichino (Southwest Air), Andy Johnson (British Telecom), Jay Kidd (NetApp)	Moscone South 303

Thursday, September 25, 2008

9:00 a.m.	Oracle VM and Jrockit Virtual Machine: Deploying and Managing High-Performance Java Workloads in a Virtualized Data Center [S299931] Adam Hawley, Mikael Vidstedt (Oracle)	Moscone West 3024
10:30 a.m.	Bulletproof Your Linux Systems: Diagnostic and Configuration Best Practices [S299930] Greg Marsden (Oracle)	Moscone West 3024
3:00 p.m.	Coping with Virtualization: How Oracle Enterprise Manager Can Solve...[S298652] Sandra Cheevers, Madhup Gulati, Eunhei Jang (all Oracle)	Moscone South 301

FOCUS ON **LINUX AND VIRTUALIZATION**

DEMOgrounds

Visit the Linux and Virtualization Demopods (Moscone South J1 and J2) and the Oracle Validated Configurations for Linux and Virtualization Demopod (Moscone West L7) and see Oracle and Linux in action, meet Oracle experts, get answers to your questions, get free software DVDs, and much more.

Oracle VM Server Virtualization Moscone South—Demopod J1

Oracle VM is server virtualization software that fully supports Oracle and non-Oracle applications and is backed by Oracle's world-class support organization. It provides a single point of enterprise-class support for the entire virtualization environment, including Linux, Oracle Database, Oracle Fusion Middleware, and Oracle Applications.

> Visit oracle.com/virtualization for more information.

Oracle Unbreakable Linux Support Moscone South—Demopod J2

Oracle Unbreakable Linux is a support program that delivers the highest quality support for Linux with premier backports, lifetime support, comprehensive Linux server lifecycle management, full indemnification, extensive testing and much more, all at significantly lower cost.

> Visit oracle.com/linux for more information.

Oracle Validated Configurations for Linux and Virtualization Moscone West—Demopod L7

Oracle Validated Configurations provide easier, faster, and lower-cost deployment of Linux solutions in the enterprise. The program offers pre-tested, validated architectures—including software, hardware, storage, and network components—along with documented best practices.

> Visit oracle.com/goto/validatedconfigurations for more information.

Partners

EXHIBITION HALLS

Hundreds of Oracle partners are exhibiting at Oracle OpenWorld, including scores of leading technology partners—independent software vendors, hardware vendors, and system integrators—that support Oracle Unbreakable Linux, Oracle VM, and Oracle Validated Configurations for Linux and Virtualization.

Visit the Solutions Pavilion in Moscone South to learn more. And for more information, visit oracle.com/technologies/linux/quotes and oracle.com/technologies/virtualization/partners

Networking Events

EVENT	DAY	TIME
Welcome Reception	Sunday, September 21, 2008	7:30 p.m. – 9:30 p.m.
OTN Night	Monday, September 22, 2008	7:30 p.m. – 11:00 p.m.
Appreciation Event	Wednesday, September 23, 2008	8:00 p.m. – 12:00 a.m.
It's a Wrap	Thursday, September 24, 2008	5:00 p.m. – 7:00 p.m.
