Objective
Help you prepare to take the Oracle Global Trade Management 6 Essentials (1Z0-589) exam by providing pointers to resources that you can use in your preparation.

Targeted Audience

- Technical / Functional Consultants
- Strong foundation and expertise in implementing, configuring and designing the Oracle Global Trade Management product
- Participated in couple of Oracle Global Trade Management implementations
Exam Topics & Objectives

Exam Topics
The Oracle Transportation Management 6 Essentials exam consists of seven topics:

1. Global Trade Management (GTM) Product Overview
2. Jurisdiction Management
3. Trade Master Data
4. Product Classification Process
5. Restricted Party Screening
6. Compliance Rules
7. Sanctioned Territory Screening
8. Trade Transactions

Exam Objectives
The exam objectives are defined by learner or practitioner level of knowledge:

• **Learner-level**: questions require the candidate to recall information to determine the correct answer.

  Example: Define the term network.

• **Practitioner-level**: questions require the candidate to derive the correct answer from the application of their knowledge, which can only be attained by extensive experience with the product.

  Example: The client requests xyz functionality, would you recommend a, b or c?
Training Options

For each exam topic there have been identified alternative training options that are available at Oracle. The training options are divided into three categories:

• **Boot Camps**
  The Boot Camps are designed as a "jump start" training to enhance your skills by providing role-based training on industry-leading Oracle solutions and services. The boot camps are built as concise, intensive, and real-time training to give partners a competitive advantage as they prepare to build powerful solutions for their own customer base. Partners can choose to attend these boot camps in class or in a live virtual class format to maximize the effectiveness and the time allocated to training.

• **Instructor-Led Training (delivered by Oracle University)**
  Partners can take any publicly-scheduled Oracle University courses at steep discounts. Benefit from hands on experience to gain real working skill and work toward Oracle certifications.

• **Online Training**
  Oracle Partners are entitled free access to the Oracle Knowledge Center (OUKC), a vast library of recorded product courses. New courses are regularly added to the library, providing partners with the latest information and training to master new products or to increase proficiency on the new releases.

Exam Registration

• **How to register for the exam?**
  You can register for all Oracle certification exams with Pearson VUE. Before a registration can be submitted, a Pearson VUE profile must be created using your Company ID. Your Company ID can be obtained by contacting your local Oracle Partner Business Center or by signing in to your OPN account. Your Company ID is located in the section on the right under "Company information".

  Please follow these instructions in order to properly set-up your Pearson VUE account for the first time.

• **Have you completed an Oracle Certification Exam in the past?**
  Due to systems enhancements, each partner who has completed an Oracle Certification Exam will need to update their Pearson VUE profile in order to receive credit and for those records to appear in the OPN Competency Center.

• **How to get full recognition as Certified Implementation Specialist?**
  To get full recognition as a Certified Implementation Specialist you need to:
  A. Update your Pearson VUE profile with your Company ID
  B. Activate your Certview Account

  Please follow these instructions and your records will be properly recorded.
