Oracle Retail Merchandising System 13.2 Foundation
Functional Implementer Essentials
Exam Study Guide

Wendy Nelson
Principal Curriculum Development Lead
Objective & Audience

Objective
Help you prepare to take the Oracle Retail Merchandising System 13.2 Foundation Functional Implementer Essentials (1Z0-453) Exam by providing pointers to resources that you can use in your preparation.

Targeted Audience

• Functional Implementers
• Candidates should have knowledge of Functional Implementation, System Options and Configuration, Hierarchy Setup, Item and Location Management, Supplier and Partner Maintenance and Value Added Tax
• Individuals who possess a strong foundation and expertise implementing the Oracle Retail 13.2 Merchandising System.
• Up-to-date training and field experience are recommended.
Exam Topics & Objectives

Exam Topics
The Oracle Retail Merchandising System 13.2 Foundation Functional Implementer Essentials (1Z0-453) Exam consists of 8 topics:

1. Retail Merchandising System Overview
2. Location Management
3. Merchandise Hierarchy
4. Suppliers and Partners
5. Tax
6. Items
7. Setup and Configuration
8. Functional Implementation

Exam Objectives:

The exam objectives are defined by learner or practitioner level of knowledge:

- **Learner-level:** questions require the candidate to recall information to determine the correct answer.

- **Practitioner-level:** questions require the candidate to derive the correct answer from the application of their knowledge, which can only be attained by extensive experience with the product.
Training Options

For each exam topic there have been identified alternative training options that are available at Oracle. The training options are divided into three categories:

- **Boot Camps**
  The Boot Camps are designed as a "jump start" training to enhance your skills by providing role-based training on industry-leading Oracle solutions and services. The boot camps are built as concise, intensive, and real-time training to give partners a competitive advantage as they prepare to build powerful solutions for their own customer base. Partners can choose to attend these boot camps in class or in a live virtual class format to maximize the effectiveness and the time allocated to training.

- **Instructor-Led Training**
  Partners can take any publicly-scheduled OPN and Oracle University courses. Benefit from hands on experience to gain real working skill and work toward Oracle certifications.

- **Online Training**
  Oracle Partners are entitled free access to the Oracle Knowledge Center (OUKC), a vast library of recorded product courses. New courses are regularly added to the library, providing partners with the latest information and training to master new products or to increase proficiency on the new releases.
Reference Materials

We recommend that partners preparing for the exam should also review the Merchandising System Guided Learning Paths (GLPs) as well as attend the Oracle Retail Merchandising System Business Essentials: Foundation Data to support their preparation to take the Oracle Retail Merchandising System 13.2 Foundation Functional Implementer Essentials (1Z0-453) Exam:

- **Instructor Led Training**
  - RMS 13.2 Business Essentials: Foundation Data
  - RMS 13.1 Business Essentials: Replenishment and Investment Buy
  - RMS 13.1 Business Essentials: Order and Cost Management
  - RMS 13 Business Essentials: Inventory and Stock

The following locations are useful for finding additional reference materials to be used:

- **Oracle eDelivery**
  Provides copies of software and current documentation found at: http://edelivery.oracle.com/

- **Oracle University**
  Provides an on-line courses and information on available courses found at: http://education.oracle.com/

- **My Oracle Support**
  Provides access to patch sets and enables logging of technical system requests found at: https://support.oracle.com
Topic 1: Retail Merchandising System Overview

Objectives:

- Explain how RMS works as part of the Oracle Retail Footprint
- Describe other key applications in the Oracle Retail MOM Footprint
- Explain the Retail Reference Model (RRM) and how to use it

Level

Learner

Training Options:

- Instructor Led Training
  RMS 13.2 Business Essentials: Foundation Data
  RMS 13.1 Business Essentials: Replenishment and Investment Buy
  RMS 13.1 Business Essentials: Order and Cost Management
  RMS 13 Business Essentials: Inventory and Stock

Sample Question:

Which three options are focus areas for RMS?
A. Space Planning
B. Item Maintenance
C. Markdown Optimization
D. Replenishment
E. Inventory Management
Topic 2: Location Management

Objectives:
- Set up Organizational Hierarchy
- Set up stores within RMS
- Set up warehouses within RMS (incl. Virtual and physical)
- Explain the usage and purpose of location lists
- Explain the usage and purpose of location traits
- Set up and maintain cost zones
- Set up and maintain wholesale and franchise stores
- Set up internal finishers

Level
Practitioner
Practitioner

Practitioner
Practitioner

Training Options:

- Instructor Led Training
  RMS 13.2 Business Essentials: Foundation Data
  RMS 13.1 Business Essentials: Replenishment and Investment Buy
  RMS 13.1 Business Essentials: Order and Cost Management
  RMS 13 Business Essentials: Inventory and Stock

Sample Question:

Which two statements are true about virtual warehouses?
A. Can be non-stockholding
B. Can be stockholding
C. Can represent a finisher location
D. Can be designated as a walk-through location
Topic 3: Merchandise Hierarchy

Objectives:
- Set up Merchandise Hierarchy
- Perform Item Reclass
- Set up and maintain GL cross reference

Level
Practitioner
Practitioner
Practitioner

Training Options:
- Instructor Led Training
  RMS 13.2 Business Essentials: Foundation Data
  RMS 13.1 Business Essentials: Replenishment and Investment Buy
  RMS 13.1 Business Essentials: Order and Cost Management
  RMS 13 Business Essentials: Inventory and Stock

Sample Question:
At which level of the merchandise hierarchy is the designation for concession stock made?
A. Group
B. Department
C. Class
D. Subclass
Topic 4: Supplier and Partner

Objectives:

- Set up and maintain suppliers and supplier sites
- Set up and maintain external finishers and other partners
- Describe the purpose of supplier traits
- Explain EDI usage within RMS

Level
Practitioner
Practitioner
Learner
Learner

Training Options:

- Instructor Led Training
  RMS 13.2 Business Essentials: Foundation Data
  RMS 13.1 Business Essentials: Replenishment and Investment Buy
  RMS 13.1 Business Essentials: Order and Cost Management
  RMS 13 Business Essentials: Inventory and Stock

Sample Questions:

For what three entity types can deals be created in RMS?

A. Supplier  
B. Supplier Site  
C. Manufacturer  
D. Wholesaler  
E. Franchiser
Topic 5: Tax

Objectives:
- Set up and use tax
- Set up and maintain Value Added Tax (VAT) regions and Value Added Tax (VAT) codes

Training Options:
- Instructor Led Training
  RMS 13.2 Business Essentials: Foundation Data
  RMS 13.1 Business Essentials: Replenishment and Investment Buy

Topic 6: Items

Objectives:

- Explain Item Hierarchy
  Level: Learner
- Set up and maintain items
  Level: Practitioner
- Set up and maintain ranging
  Level: Practitioner
- Set up and maintain item suppliers
  Level: Practitioner
- Explain differentiators and their usage
  Level: Learner
- Set up and maintain differentiators (incl. groups, types, ranges)
  Level: Practitioner
- Explain packs and pack usage
  Level: Learner
- Set up and maintain packs
  Level: Practitioner
- Explain other item types
  Level: Learner
- Set up other item types
  Level: Practitioner
- Set up and maintain item lists
  Level: Practitioner
- Set up and maintain user defined attributes (UDA’s)
  Level: Practitioner
- Set up and maintain seasons and phases
  Level: Practitioner
- Set up and maintain price zones
  Level: Practitioner
- Set up and maintain cost zones
  Level: Practitioner

Training Options:

- Instructor Led Training
  RMS 13.2 Business Essentials: Foundation Data
  RMS 13.1 Business Essentials: Replenishment and Investment Buy
  RMS 13.1 Business Essentials: Order and Cost Management
  RMS 13 Business Essentials: Inventory and Stock

Sample Questions:

What are two components that need to be defined for deposit items?

A. Contents
B. Label
C. Container
D. Brand
Topic 7: Set up and Configuration

Objectives:

- Explain system options (including seed data)  Level: Learner
- Explain codes  Level: Learner
- Explain custom flex attribute solution (CFAS)  Level: Learner
- Describe custom flex attribute solution (CFAS) and its usage  Level: Learner
- Describe dynamic hierarchies and their usage  Level: Learner
- Set up and maintain organizational units  Level: Practitioner
- Explain transfer entities and their usage  Level: Learner
- Explain multiple set of books (MSOB) and its usage  Level: Learner
- Explain security in RMS  Level: Learner
- Explain translation in RMS  Level: Learner
- Explain calendar in RMS  Level: Learner

Training Options:

- Instructor Led Training
  - RMS 13.2 Business Essentials: Foundation Data
  - RMS 13.1 Business Essentials: Replenishment and Investment Buy
  - RMS 13.1 Business Essentials: Order and Cost Management
  - RMS 13 Business Essentials: Inventory and Stock

Sample Question:

Which statement correctly describes how the Distribution Rule system option is used in RMS?
A. To determine how shortages are allocated across locations for cross-dock POs
B. To determine how inventory is distributed across virtual warehouses for stock counts
C. To determine how to spread inventory in replenishment if full demand cannot be met
D. To determine which locations are prioritized for replenishment
Topic 8: Functional Implementation

Objectives:
- Explain financial integration (include freight and payment terms; currency exchange rate)
- Set up of external systems of record
- Explain implementation phasing options for RMS implementations

Training Options:
- Instructor Led Training
  RMS 13.2 Business Essentials: Foundation Data
  RMS 13.1 Business Essentials: Replenishment and Investment Buy
  RMS 13.1 Business Essentials: Order and Cost Management
  RMS 13 Business Essentials: Inventory and Stock

Sample Question:

Designating a system other than RMS as the system of record for items controls which aspect of RMS?

A. Disables new item creation in RMS screens
B. Disables item viewing in RMS screens
C. Disables item maintenance in RMS screens
D. Disables item extract processes from RMS
Exam Registration

• **How to register for the exam?**
  Before a registration can be submitted, a Pearson VUE profile must be created using your Company ID. Your Company ID can be obtained by contacting your local Oracle Partner Business Center or by signing in to your OPN account. Your Company ID is located in the section on the right under "Company information".

  Please follow these instructions in order to properly set-up your Pearson VUE account for the first time.

• **Have you completed an Oracle Certification Exam in the past?**
  Due to systems enhancements, each partner who has completed an Oracle Certification Exam will need to update their Pearson VUE profile in order to receive credit and for those records to appear in the [OPN Competency Center](http://www.oracle.com/education/competency-center).

• **How to get full recognition as Certified Implementation Specialist?**
  To get full recognition as a Certified Implementation Specialist you need to:
  A. Update your Pearson VUE profile with your Company ID
  B. Activate your Certview Account

  Please follow these instructions and your records will be properly recorded.
SOFTWARE. HARDWARE. COMPLETE.
