

Oracle SaaS for ISVs

Frequently Asked Questions

What is Oracle SaaS for ISVs?

Oracle SaaS for ISVs is a new commercial model which allows Independent Software Vendors (ISVs) to flexibly license the Oracle Platform for SaaS on a monthly basis.

Why has Oracle introduced SaaS for ISVs?

Oracle is launching SaaS for ISVs to help software vendors develop and deliver SaaS applications on the Oracle Platform for SaaS, and to help them scale their ongoing Oracle software investment based on their company growth.

Which Oracle programs are available?

The Oracle programs available as part of SaaS for ISVs are as follows:

Database Products

- Standard Edition One
- Standard Edition
- Enterprise Edition

Enterprise Edition Options

- Real Application Clusters Partitioning
- Active Data Guard

Database Enterprise Management

- Diagnostics Pack
- Tuning Pack
- Change Management Pack
- Configuration Management Pack for Oracle Database

Application Server Products

- WebLogic Server Standard Edition
- WebLogic Server Enterprise Edition
- WebLogic Suite
- Internet Application Server SE1
- Internet Application Server SE
- Internet Application Server EE

Where is the most current list of programs?

You can find the current list of programs by going to the SaaS Knowledge Zone on the Oracle PartnerNetwork

Who is eligible to participate?

Any ISV interested in delivering a proprietary application in a one-to-many hosted commercial deployment on the Oracle Platform for SaaS.

Is membership in the Oracle PartnerNetwork (OPN) required?

Yes.

What are the basic licensing terms?

SaaS for ISVs licenses are available through the Oracle License and Services Agreement (OLSA) with a SaaS for ISVs Amendment which includes the SaaS Application Registration Form(s). The OLSA and SaaS for ISVs Amendment are renewable every two years.

What are the basic pricing terms?

SaaS for ISVs licenses are paid on a monthly basis. Fees are calculated as a percentage of Oracle's published processor based pricing for perpetual licenses (see the SaaS Knowledge Zone on the Oracle PartnerNetwork for more information).

What are the reporting requirements?

ISVs are required to submit monthly usage reports to Oracle within 20 days after the end of every month.

Are companies permitted to use the SaaS for ISVs license with multiple SaaS applications?

Yes, companies are permitted to use the SaaS for ISVs license for multiple SaaS applications, provided a SaaS Application Registration Form (SARF) has been submitted and approved for each application.

Where can interested companies locate more information about SaaS for ISVs?

Interested companies can access additional information and resources through the [SaaS KnowledgeZone](#) on the Oracle PartnerNetwork, or by submitting an inquiry to saasforisvs_ww@oracle.com.
