- Professional Services, Management Consulting

*Oracle Financing has established per user per month pricing to help you purchase your Oracle Accelerate Solution from an authorized Oracle Partner in the easiest and most affordable manner. No matter which industry-specific solution you choose to purchase from an Oracle Partner, Oracle can tailor a payment plan to meet your unique needs. And now, for a limited time, you can take advantage of Oracle's introductory offer of no payments for 90 days, followed by affordable and predictable monthly payments spread over three years.*

### Introductory Offer

For a limited time you can defer your Oracle Accelerate Solution costs for 90 days, and then benefit from low monthly payments spread over three years. This special offer can help you acquire and begin implementing your Oracle Accelerate Solution without the upfront costs typically associated with IT projects. The results: you get an industry-specific solution with enhanced return on investment, improved cash flow management and conserved capital for your other business needs.

### Your Total Solution in One, Low Monthly Payment

Oracle's attractive per user per month payment options enable customers of all sizes to easily and affordably benefit from enterprise class business applications. One low monthly payment gives you a comprehensive Oracle Accelerate Solution provided by an Oracle Partner that is tailored to include what you need. Options can include:

- Oracle® Applications
- Partner Implementation Services
- Product Maintenance and Support
- Hardware
- Technology (Database, Applications Server, Development Tools)

Avoid a burdensome upfront cash outlay and spread your investment out over time. Then benefit from one monthly invoice.

### Oracle Accelerate Solutions

Oracle Accelerate solutions are created by Oracle Accelerate partners specifically to help small and medium businesses minimize startup time and risk. By combining

pre-integrated Oracle Applications with implementation services delivered by partners who specialize in your industry, Oracle Accelerate Solutions can help you reduce the complexity of more traditional large-scale implementations.

Now you can have the right applications to manage your operations and data, at the right cost – so you can achieve real business value quickly.

Oracle Accelerate offers:

- Industry-focused solutions for your unique requirements
- Comprehensive solutions to meet your needs today and tomorrow
- Easy-to-own solutions with predictable value

The Oracle Accelerate Solutions that are part of this introductory offer include:

- Consumer Packaged Goods, Non-Durables
- Industrial Manufacturing, Products & Components
- Local Government
- Local Government 3-1-1
- Professional Services, Business Services
- Professional Services, Management Consulting

### **Preserve Credit Lines and Use Project Benefits to Offset Project Costs**

Utilizing Oracle's affordable, per user per month pricing structure enables you to invest in an Oracle Accelerate Solution without tapping into your existing credit lines. And, by spreading your payments over time, you can offset your project costs with project benefits, providing your business with even greater financial flexibility. Maintain your competitive edge and proactively manage risks by taking advantage of Oracle's special introductory offer now.
