

Welcome to Oracle OpenWorld 2007!

Don't miss any Linux, open source, or emerging technology activity this week: Simply use this essential checklist and then get the most out of your Oracle OpenWorld and Oracle Develop experience, including:

- Linux and Open Source sessions at Oracle OpenWorld (Moscone West)
- Emerging Technology sessions at Oracle Develop (San Francisco Hilton)
- Linux Demopods (Moscone South)
- Linux Partner Pavilion (Moscone South)

Sunday, November 11th

TIME	SESSION TITLE (ID NUMBER)	LOCATION
8:30 a.m.	IOUG Linux SIG: Oracle on Oracle Linux from Download to Connection (S292925)	Moscone West 2008

Monday, November 12th

***Oracle Develop – Hilton**

TIME	SESSION TITLE (ID NUMBER)	LOCATION
12:30 p.m.	The Way to the Web with PHP and Oracle Database (S292070)*	Hilton Yosemite A
12:30 p.m.	The Semantic Web for App Developers (S292217)*	Hilton Continental 9*
1:45 p.m.	Web 2.0 Apps Hands on Lab - PHP & Oracle Database (S292073)*	Hilton Continental 4*
1:45 p.m.	Scale Your PHP Application to Tens of Thousands of Connections (S292132)*	Hilton Continental 7/8*
3:15 p.m.	Managing Linux Servers to Scale (S291960)*	Hilton Continental 5*
4:45 p.m.	Hands on Lab: Ruby on Rails with Oracle Database (S292211)*	Hilton Continental 4*
4:45 p.m.	Eclipse, Apache, Ajax and Beyond (S292218)*	Hilton Continental 3*

Tuesday, November 13th

***Oracle Develop – Hilton**

TIME	SESSION TITLE (ID NUMBER)	LOCATION
10:45 a.m.	How Activision and Yahoo! Succeed with Oracle Unbreakable Linux (S292019)	Moscone West 2022
10:45 a.m.	Digging Deeper into Dynamic Scripting Languages: Ruby on Rails with Oracle (S292213)*	Hilton Continental 7/8*
12:15 p.m.	Implementing Grid Computing at Dell with Oracle Unbreakable Linux (S292031)	Moscone West 2022
1:45 p.m.	Next-Generation Mobile Applications for Oracle Fusion Middleware (S291264)*	Hilton Continental 3*
3:15 p.m.	Oracle Unbreakable Linux Support: Everything You Need to Know (S292014)	Moscone West 2022
3:15 p.m.	Oracle Enterprise Linux Tips and Tricks for Developers (S292215)*	Hilton Continental 3*
4:15 p.m.	Deploy Linux Faster with Oracle Validated Configurations (S292029)	Moscone West 2022

Wednesday, November 14th

TIME	SESSION TITLE (ID NUMBER)	LOCATION
9:45 a.m.	Executive Panel: Oracle and Open Source (S292011)	Moscone West 3005
11:15 a.m.	Unbreakable Linux Network (ULN) Tutorial (S292024)	Moscone West 3000
3:00 p.m.	Customer Success: How Real Networks Migrated to Oracle Unbreakable Linux Support	Moscone West 2022
3:00 p.m.	Partners: How to Realize the Full Potential of Linux with Oracle Unbreakable Linux	OPN Partner Lounge

Thursday, November 15th

TIME	SESSION TITLE (ID NUMBER)	LOCATION
10:00 a.m.	Oracle and Virtualization: An In-Depth Technical Discussion (S294657)	Moscone South 102
10:00 a.m.	Linux Configuration and Diagnostic Best Practices (S292016)	Moscone West 3000
11:30 a.m.	Security Essentials: Hardening Your Oracle Systems on Linux (S292027)	Moscone West 2022
1:00 p.m.	Inside Oracle Management Pack for Linux (S292026)	Moscone West 2022
2:30 p.m.	Using Oracle Authentication Services for Operating Systems with Linux (S292195)	Moscone West 2022

DEMOgrounds

MOSCONE SOUTH EXHIBITION HALL (H1, H2)

Visit the Linux Demopods (Moscone South H1 and H2) and see Oracle and Linux in action. While at the booths, you can meet Oracle experts, get answers to your questions, pick up your free 2-disc Linux DVD kit, *Oracle Magazine* Linux issue, and more. Plus, discover how your organization can benefit from the highest quality support for Linux. Oracle product and service demonstrations in the Linux demopods will include:

> Oracle Unbreakable Linux

Oracle Unbreakable Linux is a support program that delivers the highest quality support for Linux with premier backports, lifetime support, comprehensive Linux server lifecycle management, full indemnification, extensive testing and more, all at significantly lower total cost.

> Oracle Validated Configurations

Oracle Validated Configurations provide easier, faster, and lower-cost deployment of Linux solutions in the enterprise. The program offers pre-tested, validated architectures—software, hardware, storage, and network components—and documented best practices.

> Oracle Management Pack for Linux

Available exclusively for Oracle Unbreakable Linux Basic and Premier support customers at no additional charge, the Oracle

Management Pack for Linux provides an integrated and cost-effective solution for complete Linux server lifecycle management—provisioning, patching, monitoring, administration and more.

> Unbreakable Linux Network (ULN)

The Unbreakable Linux Network (ULN) delivers software patches, updates and fixes to all Oracle Unbreakable Linux support customers along with information on up2date program and support policies.

> Oracle University Linux Training and Certification

Oracle provides course offerings on the Linux operating system, as well as courses for database and system administrators who run Oracle Database on Linux. Oracle University's Linux curriculum leads to Oracle Certification Program credentials that recognize Linux skills and expertise with Oracle Database. Learn Linux from the experienced technology experts at Oracle University.

Oracle Unbreakable Linux Partners

Visit the Linux Partner Solutions Pavilion (Moscone South 1930) and meet Oracle's industry-leading Linux partners. Discover how these partners collaborate with Oracle on Oracle Unbreakable Linux support, Oracle Validated Configurations, and catch a special partner-focused session to discover how your organization can benefit from Oracle Unbreakable Linux. Scores of leading technology partners—independent software vendors, hardware vendors, and system integrators—support the Oracle Unbreakable Linux support program, both through certification of their solutions and through re-selling higher quality support for Linux. Visit the Linux Partner Solutions Pavilion to learn more.

DAY	TIME	SESSION TITLE	LOCATION
Wednesday	4:00 p.m.	How to Realize the Full Potential of Linux with Oracle Unbreakable Linux	OPN Partner Lounge
PARTNERS IN LINUX PARTNER PAVILION			
ANTs Software, BakBone Software, Compellent Technologies, Emulex, Liquid Computing, MySQL, NetApp, Qlogic			Moscone South 1930

Special Events & Activities

DAY/TIME	KEYNOTE/EVENT/ACTIVITY	LOCATION
Monday 7:30 p.m. – 11:30 p.m.	OTN Night, featuring several Linux activities including: > Oracle Database 11g on Linux – Free Software & Tutorial > State of the Union: Oracle & Linux Update > Q&A with the Oracle Linux Engineering Team	Westin St. Francis Hotel (Georgian Room)
