

Meet The Experts (All Applications)
Wednesday 2.30pm to 5.30pm
Moscone West - Overlook Space 2

Time Slot	Table Name	Description
2:30 to 5.30	Things You Can Do Today To Be Better Prepared for Oracle Fusion Applications	In addition to her session on Monday at 11am (2014 MW), Nadia Bendjedou is available to discuss with you on how you can be better prepared for Oracle Fusion Applications and what value you can gain today by starting now.
2:30 to 5.30	Applications Lifecycle Management Strategy	Come and meet the experts from development to discuss key Manageability, Diagnosability and Supportability issues and solution strategies for IT managers and DBAs of Oracle Applications.
2:30 to 5.30	Managing Your Oracle Applications Better with Oracle Enterprise Manager	Oracle Enterprise Manager Grid Control is Oracle's flagship product for managing application environments. Come speak with the product managers and developers who are in charge of driving Oracle's direction in application manageability. Learn about the management packs that are available for E-Business Suite, PeopleSoft, Siebel and BI-EE, and what else is coming for other Oracle applications.
2:30 to 5.30	Promote User Adoption through Effective Implementation Training with Oracle SimBuilder	Meet Oracle expert in multimedia and eLearning development tools and technologies Peter Maravelias. Come leverage Peter's extensive knowledge of, and experience with, eLearning development tools and see how to leverage Oracle's SimBuilder to create engaging training that will promote end user adoption.
2.30 to 4.00	Oracle UPK with Oracle Tutor	Come meet the experts that have been involved with UPK and Tutor for years. Along with attending their sessions on Tuesday and Thursday, come take advantage of this "Meet the Experts" session and pick the brains of those behind the products. Come meet with Beth Renstrom, Emily Chorba, and Stuart Dunsmore, each of whom have well over a decade invested in solutions aimed at applications user training and support.
2.30 to 4.00	Latest on BI Publisher for Oracle Applications	In addition to his session on Tuesday 3.15pm (2010 MW), Tim Dexter and other colleagues from development will be available at the "Meet The Expert" corner to talk with you about the latest developments on BI Publisher and how these are being leveraged by Oracle Applications Unlimited today.
4.00 to 5.30	Migrating your Reports to BI Publisher Automatically	In addition to his session on Wednesday at 9.45 (2012 MW), on the same topic, Subraya Yeltimar will be available at the "Meet The Expert" corner to talk with you about how you can automatically convert your reports from Oracle Reports, Actuate and Cristal Reports to BI Publisher, the Fusion reporting tool that is available today for all applications customers.
4.00 to 5.30	Oracle Tutor with Oracle UPK	Come meet the experts that have been involved with Tutor and UPK for years. Along with attending their sessions on Tuesday and Thursday, come take advantage of this "Meet the Experts" session and pick the brains of those behind the products. Come meet with Emily Chorba, Beth Renstrom, and Stuart Dunsmore, each of whom have well over a decade invested in solutions aimed at applications user training and support.
