Glossary

1,000,000 API Calls: is defined as the maximum of one million (1,000,000) API Calls per each month of the Services Period. A single API Call is defined as a call to the API framework provided by the CPQ Cloud Platform.

Channel User: is defined as a Hosted Named User associated with a partner organization that is an authorized distributor or reseller. Channel Users are often provided UI layouts, functionality (channel pricing, access to channel-specific parts and configurations), and output documents, that differ from internal users. You may delegate the management of a partner organization’s Channel Users to a super user at the Partner Organization.

Hosted Named User: is defined as an individual authorized by You to access the hosted service, regardless of whether the individual is actively accessing the hosted service at any given time.

Instance: is defined as a single database instance of Oracle CPQ Cloud Service, including management and administrative capabilities, business rules, process management and reporting, for the service within that instance. For purpose of Oracle CPQ Cloud Service, production, test and development are each considered distinct Instances. References to the term “environment” within these Service Descriptions shall be deemed to refer to “Instance”. The “Services Environment” as defined in the Agreement may be composed of one or more Instances.

Interaction: A single access of the CPQ Cloud platform from an external system without utilizing a licensed named user account or API call.

1,000 Interactions: is defined as the maximum of one thousand (1,000) interactions per each month of the Services Period.

1,000,000 Interactions: is defined as the maximum of one million (1,000,000) interactions per each month of the Services Period.

Oracle Cloud Priority Service

Applicable Part # B70519

Oracle Cloud Priority Service consists of:

1. Support Delivery Management. An Oracle Technical Account Manager (“TAM”) will be assigned to You for the duration of the Service Period set forth in the ordering document. The TAM will serve as Your primary contact for the administration of Your Oracle Cloud Services purchased in the ordering document and will communicate with you in a local language (except as noted below).

   a. Your TAM will provide the following support services:
      1. Prepare and maintain quarterly service delivery progress reports;
      2. Document the contact details for Your appropriate technical contacts (“Customer Contacts”) and Oracle’s escalation procedures (“Joint Contacts and Escalation Guide”); and
      3. Provide access to a customer-specific web portal.

   b. Your TAM will also assist with the following:
      1. Conduct an orientation for Your Customer Contacts;
      2. Conduct a delivery planning session;
      3. Maintain the service delivery plan;
      4. Perform quarterly service delivery plan reviews;
      5. Maintain the Joint Contacts and Escalation Guide;
      6. Review all Oracle Support Services activity, including service request (“SR”) activity in connection with individual SRs logged by You or Your Customer Contacts. The review may consist of status reports, next steps, if any, and review of Your SR priorities;
      7. Serve as your designated point of contact for Severity 1 and mutually agreed upon Severity 2 SR (collectively, “Critical SRs”) and Oracle Cloud services incidents (“Incidents”). The TAM will provide assistance in managing Critical SRs and Incidents as follows:
         i. SR and Incident management, prioritization and escalation;
         ii. Communicate the status of your priority SRs and Incidents to Your Customer Contact(s); and
         iii. Facilitate communications between Oracle and Your Customer Contacts.
      8. Facilitate Your access to monthly web conference sessions delivered in English featuring Oracle products.

2. Prioritization.
   a. Oracle will give You priority access to change maintenance windows related to Your Oracle Cloud services;
   b. Oracle will prioritize Your SRs and Incidents above SRs and Incidents of the same severity level submitted by other Oracle customers of the same Oracle Cloud Services. Oracle will respond to Your SRs and Incidents per the following guidelines (“Service Request Response Guidelines”), calculated from when the SR is accepted by Oracle through the Cloud Support system:
      1. 90% of Severity 1 SRs and Incidents within one (1) hour;
      2. 90% of Severity 2 SRs and Incidents within two and one half (2.5) local business hours;
      3. 90% of Severity 3 SRs and Incidents within the next local business day; and
      4. 90% of Severity 4 SRs and Incidents within the next local business day.
c. Oracle will initiate internal escalations for Severity 1 and Severity 2 SRs and Severity 1 and Severity 2 Incidents according to the Service Request Response Guidelines; and
d. Oracle will communicate SRs and Incidents to Oracle Product Development, as appropriate.

3. **Other.**

a. If You renew the Oracle Cloud Priority Service, Your renewal fee for such services will be based on the Oracle Cloud Priority Service pricing policies in effect at the time of renewal.

b. Oracle Cloud Priority Service may not be available for all Oracle programs or Cloud Services.
