Introducing Customer 2 Cloud Program

Removing Barriers to the Cloud
Providing flexible options to help existing Oracle CRM, HCM, ERP and EPM customers move to Oracle Cloud

What is Customer 2 Cloud?
Enables a path to the cloud with:

- Packaged cloud integrations
- Rapid startup services
- Flexible financial incentives

Customer 2 Cloud program qualifiers

WHO

- Customers with:
  - Siebel
  - EBS
  - PeopleSoft
  - JDE

  Paying on-premise support*

WHY

- Improved TCO
- Get to cloud faster
- Greater flexibility
- Migrate on-premise to cloud
- Latest cloud innovations

Flexible Financial Incentives

You choose how to reallocate existing investments within the same cloud product family.

Options

- Not using support: wants to apply toward SaaS
- Using support: wants to exchange some/all for equivalent SaaS

Examples: Existing Investments

- Siebel iService
- Sales
- Siebel Marketing
- Service

Examples: Future Cloud

- PeopleSoft ePerformance
- Talent
- PeopleSoft HCM
- HCM
- Hyperion Planning Plus
- EPM
- Workforce, Cap Ex or Project Planning
- Financials
- E-Business Suite: Financials
- Procurement
- E-Business Suite: Sourcing

Rapid Startup Services

The right tools and processes to help you achieve success fast. With Oracle Cloud Express, we can get you to Oracle Cloud rapidly.
