New Soft Intelligence provides foreign trade management application to meet Brazilian market needs.

Company Overview

New Soft Intelligence (NSI) is a 25-year-old leading provider of foreign trade management applications in Brazil, and was among the first foreign trade management application providers to partner with Oracle in Brazil. NSI's flagship product is a modular software suite called the ECOMEX SUITE, which provides import, export, drawback, exchange, and special regimes functionality—such as REPLAT, RECOF, DAF, DE, and ZFM—for the Brazilian and international marketplace. NSI national and international customers include Rede Globo, Tam, Gol, Portobello, Vale, Editora Abril, Starrett, MABE, GE Healthcare, Epson, New Holland, Vitopel, Cofap, Romi, Iveco, Del Monte, FIAT, Tractebel Energia, Magneti Marelli, Colorcon, Comau, Sumidense, Bosch, Líder Taxi Aéreo, FAG, Alunorte, Cooxupé, V&M, Albras, VSB, Hypercom, Crocs, Xerox, Toshiba Medical, and more.

An Oracle partner since 1993, NSI is a gold level Oracle PartnerNetwork member and was selected to represent Latin America partners at the Oracle Applications Integration Partner Strategy Council in 2008.

Validated Integration

Oracle E-Business Suite

Through the Oracle PartnerNetwork, partners with validated integrations are able to provide customers with standards-based product integrations, tested and validated by Oracle. Customers benefit from improved risk management and smoother upgrade capability, leading to a lower total cost of ownership and greater overall satisfaction.

Integration Overview

NSI's customers look for a flexible and localized foreign trade management application integrated with a complete enterprise resource planning (ERP) solution. To address this customer requirement, NSI integrated its ECOMEX SUITE Version 3.0 application with the Oracle E-Business Suite 12.1. This integration leverages NSI's strengths in foreign trade management and merges with Oracle E-Business Suite's technology and business management capabilities.

Integration Details

NSI's customers demand a comprehensive, secure, reliable solution that is easy to run in diverse environments and industries including consumer electronics, automotive manufacturing, airline transportation, industrial manufacturing, oil and gas, and mining. Customers also require a robust, highly available supply chain solution. By integrating ECOMEX SUITE and Oracle E-Business Suite, customers gain the flexibility of using ECOMEX's lightweight, Web-based architecture and the rich features in diverse Oracle E-Business Suite modules such as Oracle Purchasing, Oracle Order Management, Oracle Accounts Receivable, Oracle Accounts Payable, and

integrated receiving (Brazilian localization).

ECOMEX SUITE features:

- ECOMEX SUITE foreign trade management application for Brazil leverages Oracle technology and was built with the same development tools used to build Oracle E-Business Suite: Oracle Forms, Oracle Reports, PL/SQL, Java, and Oracle Database.
- ECOMEX SUITE has the same graphical user interface as Oracle E-Business Suite, making it easy for customers to operate both applications.
- ECOMEX SUITE and Oracle E-Business Suite use the same technology so customers do not need to buy extra software or hardware. Additionally, this allows the company's DBA to manage both the Oracle E-Business Suite and ECOMEX environment without requiring additional skills.
