*Official Payments Corporation offers a comprehensive payment solution to colleges and universities with the integration of release 9.0 of Oracle's PeopleSoft Enterprise campus solutions.*

*The Official Payments Secure Payment Portal delivers real-time connectivity for the authorization and settlement processing of credit-card and e-check transactions.*

### Company Overview

When it comes to processing higher-education payments, the simpler the better. And nothing could be easier than processing credit-card and e-check payments through Official Payments. For more than 15 years, Official Payments has provided payment solutions that offer the most reliable way to process bills. Our PCI Level 1 hosted payment platform provides a safe, simple, and reliable way to manage and process payments. Our 4,000-plus clients include the Internal Revenue Service, 27 state governments and the District of Columbia, more than 350 colleges and universities, over 450 courts, and more than 450 utility providers and municipalities in all 50 states. With more than 15 million transactions processed totaling more than US\$7 billion last year alone, Official Payments has been the proven choice for electronic payment solutions since 1994.

### Validated Integration

PeopleSoft  
Enterprise Campus  
Solutions

**Through the Oracle PartnerNetwork, partners with validated integrations are able to provide customers with standards-based product integrations, tested and validated by Oracle. Customers benefit from improved risk management and smoother upgrade capability, leading to a lower total cost of ownership and greater overall satisfaction.**

### Integration Overview

With the feature pack 2 in release 9.0 of Oracle's PeopleSoft Enterprise campus solutions, Oracle delivered a new hosted payment model. The Official Payments Secure Payment Portal is a hosted payment solution that supports the new PeopleSoft Enterprise campus solutions hosted payment model. With this new model, the institution is no longer responsible for the collection, transmission, and storage of sensitive payment-related data.

### Integration Details

The Official Payments Secure Payment Portal delivers real-time connectivity for the authorization and settlement processing of credit-card and e-check transactions. Official Payments connects directly to the PeopleSoft Enterprise campus solutions Hosted Payment Adapter and e-Payment API features and Oracle's PeopleSoft Integration Broker gateway, providing a standard-based integration that is easily deployed and supported.

With the hosted payment model, students are transferred to the Official Payments Secure Payment Portal hosted site to enter sensitive payment-related data through the PeopleSoft Enterprise campus solutions Self-Service feature. The integration allows institutions to process real-time electronic payments made via credit-card and e-check within the PeopleSoft Enterprise campus solutions Self-Service feature and PeopleSoft exposed business logic via integration broker. A payment response sent from Official Payments to PeopleSoft Enterprise campus solutions updates financial records in PeopleSoft Enterprise campus solutions upon each successful payment transaction.
