

## Oracle and the European Union REACH, Regulation (EC) No 1907/2006

### Frequently Asked Questions

#### **Is Oracle aware of the REACH regulation and its potential impact on Oracle's business?**

Oracle is aware of REACH and has people monitoring and working on all aspects of the REACH regulation that impact Oracle's business.

#### **Does Oracle have processes and procedures to handle the requirements created by REACH?**

Oracle plans to meet all legal obligations that REACH might require of the company. And has processes and procedures in place to insure that our internal groups and our suppliers are in compliance with REACH.

#### **What is Oracle's position under REACH?**

Oracle is a Downstream User of substances controlled by REACH. As a Downstream User Oracle does not manufacture or import substances covered by REACH. Oracle meets any and all obligations required of a Downstream User.

#### **Does Oracle manufacture or import Articles covered by REACH for sale in the EU?**

Yes, Oracle, as a global company, is both a manufacturer and import of Articles into the EU. Oracle also procures Articles from companies around the world and uses them in Oracle products which might also be imported into the EU.

#### **Does Oracle manufacture or import any Articles that release substances that might be required to be pre-registered or registered under REACH.**

Oracle does not manufacture or import Articles that release any substances covered by REACH so Oracle has no obligation as far as registration is concerned.

**Has Oracle requested its suppliers to pre-register or register substances being used in Oracle products?**

As a Downstream User Oracle does not have relationships with the suppliers that are responsible for the pre-registration or registration of substances. So no direct contact with those suppliers has or will be made.

**Has Oracle contacted its suppliers under Article 33 about the Candidate List of substances for Article XIV (so called Substances of Very High Concern, SVHC)?**

Since this is an on-going effort as the SVHC list is updated on a regular basis Oracle will be in contact with our suppliers as new substances are added to the Candidate List. Oracle will maintain a current position document on REACH and the SVHC substances on the same web site that this FAQ is found:

<http://www.oracle.com/us/products/applications/green/harmful-substances-185039.html>

**Does Oracle expect to experience any difficulties or delays in the delivery of products due to the REACH regulation?**

Oracle does not expect there will be any problems caused by REACH that will impact the ability of Oracle to deliver our products.

**What is the best way to get further information or answers to specific questions about REACH from Oracle?**

All customer requests regarding REACH should be handled via the Oracle Account Team or the Oracle Account Executive. They will know who to contact, if they do not already have the information being requested.
