JD Edwards EnterpriseOne Configurator
The following is intended to outline our general product direction. It is intended for information purposes only, and may not be incorporated into any contract. It is not a commitment to deliver any material, code, or functionality, and should not be relied upon in making purchasing decisions. The development, release, and timing of any features or functionality described for Oracle’s products remains at the sole discretion of Oracle.
Configure to Order at a Glance

Configure and Order
- Specify complex products
- Validate orders and ensure manufacturability

Procure and Manufacture
- Buy configured and non-configured components
- Build to customer specifications

Focus Industries
- Automotive
- High Technology
  - Complex Equipment Mfgr
  - Electronic Manufacturers
- Medical Devices
- Building Supplies
- Industrial Products
  - Durable Goods
  - Heavy Equipment and Machinery
Configure to Order Manufacturing

**Industry Initiatives:**
- Manage Constantly Shifting Customer Expectations
- Manage High Volume of Unique Orders
- Reduce Order Exceptions Requiring Manual Intervention
- Create a Flexible Production Environment

**Goal:**
To ensure your manufacturing process is producing to your customers’ expectations
Enables companies to define configurations to capture customer requirements, procure components and manufacture to demand.
Configure Products to Unique Customer Requirements
- Simplify Configuration of Complex Solutions
- Utilize Configurator across:
  - Sales Order Management
  - Manufacturing
  - Procurement
- Manage Configurations across multiple facilities
## Enhancements Since Xe Configurator

<table>
<thead>
<tr>
<th>Version</th>
<th>Enhancements</th>
</tr>
</thead>
</table>
| 9.1     | - Single Pass Rules Processing *
|         | - Direct Ship Components * |
| 9.0     | - Dynamic Configurator
|         | - Price/Cost Adjustment Based on Date
|         | - Component Purchase Order
|         | - Segment to Segment Comparison
|         | - AIR Downward Referencing Restriction Eliminated
|         | - Configured Item Alias |
| 8.11    | - Usability – New Form
|         | - Configured Item Revisions |
| 8.9     | - Configured Work Orders
|         | - Configured Purchase Orders
|         | - Configured Transactions for Components
|         | | Sales Order | Transfer |
|         | | Purchase Order | Inter-Branch/Company |
