- **Broad Coverage:** "End-to-end" lifecycle services across the entire Primavera product footprint.
- **Global Scale:** 100+ Primavera dedicated consultants. With OCS reach 17,000 Oracle experts in 145 countries, serving over 20 million users.
- **Unified Methodology:** Based on industry standards, high quality results across complex projects.
- **Flexible Delivery:** Onsite, offsite, and offshore, along with innovative solutions.

KEY BENEFITS

- Rapid migration, upgrade, design, configuration and deployment
- Reduced Costs
- Accelerated Timelines
- Upgraded Primavera P6 Application
- Risk Mitigation

Oracle Primavera Consulting Services (PCS) offers an accelerated migration path for existing customers to move to the latest release of Oracle's Primavera P6 EPPM in the Oracle Cloud with low risk. Our approach allows your organization to leverage the new features in the latest version of Primavera P6 EPPM, taking advantage of a cloud service model that, once migrated, includes upgrades and is based on our extensive experience implementing the Primavera suite of applications on the Oracle Red Stack.

Protect your current Primavera P6 EPPM Investment

Primavera Cloud applications are designed to address complex Project Portfolio Management requirements. They provide comprehensive business and industry solutions based on leading practices enabling organizations to increase productivity, accelerate business performance and provide a lower cost of ownership. Migrating Primavera P6 to the cloud offers the following:

- Take advantage of enhancements and the **continuous release cycle**
- Predictable monthly costs that include future **upgrades and maintenance** with Oracle Cloud for Industries Services
- Provide Users with a modern user interface and greater **depth and breadth of functionality**
- Stay with the product that **your team already knows**
- Potential to **drastically reduce the total ownership cost** of your current Primavera application suite

Migrate your users to Primavera P6 EPPM Cloud Services

Primavera Consulting Services' "lift and shift" approach makes it easy for customers to upgrade and migrate their organization's existing Primavera P6 data and users into Primavera P6 in the cloud. Oracle experts will assist you with the following activities.

- **Migration Planning:** Oracle will review your current Primavera P6 environment and processes to determine the migration path, uptake of new functionality and to develop a comprehensive plan to migrate to the cloud.
- **Primavera P6 Cloud On-Boarding:** Oracle will upgrade your existing Primavera P6 application to the latest version through our unique upgrade process. Oracle will migrate your upgraded Primavera P6 application to your provisioned Primavera P6 Cloud Service environment.
- **Test & Go Live:** Oracle will guide your team through the critical steps necessary to validate the configuration of your Primavera P6 Application and prepare your users for the cloud service.
- **Primavera P6 New features Uptake:** Our service delivery methodology is designed

to help your organization maximize value and flexibility, by leveraging the new features inherent in the latest Primavera P6 application

Are you a candidate?

Successful organizations are those that can readily adopt the business processes enabled by deployment of Primavera P6 EPPM Cloud Services, and have the agility to make decisions quickly. By doing so, organizations can reap the benefits of a comprehensive solution in the simplicity of the cloud, delivered in the most cost effective manner by Primavera Consulting Services.

How are we different?

Count on Primavera Consulting Services' proven approach to delivering end-to-end, integrated business processes, applications, and technology. With Oracle, you get best-practices project and program management—and the capabilities to deliver quality projects on time and within budget.
