

Oracle Consulting Implementation for Hybrid Cloud Management for Oracle E-Business Suite

Oracle provides the world's leading business software on the industry's most innovative cloud infrastructure, making your users more productive and helping your business respond faster to change, while also lowering your total cost of ownership (TCO) and reducing risk. To help ensure your business realizes the value and performance of your new IT infrastructure right from the start, Oracle Consulting offers an implementation service focused on combined management of on-premise and compute cloud instances with Oracle Enterprise Manager Applications Management Suite via Oracle's unified management interface.

KEY FEATURES

- Unified management of on-premises and Oracle Cloud environments
- Comprehensive plan for monitoring Oracle E-Business Suite applications on Oracle Compute Cloud Service
- Oracle Consulting leading practices, proven processes, and Oracle product expertise

KEY BENEFITS

- Accelerate your organization's transition to Oracle Cloud Services and the realization of associated benefits
- Monitor and manage Oracle Cloud and On-Premise instances with a unified interface
- Reduced project risk with Oracle Consulting experts focused on Oracle Applications and Oracle Cloud

Achieve Unified Systems Management

Oracle Consulting can help you realize the value of cloud computing faster and with less risk by leveraging our extensive experience, Oracle leading practices and proven delivery approach. Oracle Consulting will lead the engagement working with your IT team to discover and configure the Oracle E-Business Suite environment(s) and prepare your administrators for managing cloud environments. During the engagement, Oracle Consulting experts will perform the following activities:

- Review your on-premises Oracle Enterprise Manager Applications Management Suite (AMS) deployment and monitoring approach for Oracle E-Business Suite environment(s) on Oracle Compute Cloud Service environment
- Deploy Hybrid Cloud Agents on your Oracle E-Business Suite on Oracle Compute Cloud Service
- Discover Oracle E-Business Suite Cloud instance(s) with your On-Premise Applications Management Suite with Oracle's Unified Management Interface.
- Verify the new Oracle E-Business Suite environments on the Oracle Compute Cloud Service are reflected in the Oracle Unified Management Interface.

This Oracle Consulting service is delivered by consultants who focus exclusively on Oracle Applications and Oracle Cloud and will provide you with the guidance, thought leadership, and Oracle leading practices you need for success.
