

# Oracle Consulting Rapid Start for Oracle Documents Cloud Service

*Is your organization looking to quickly rollout Oracle Documents Cloud Service for enterprise file sharing and synchronization for employees, partners, and customers? The Oracle Consulting Rapid Start for Oracle Documents Cloud Service is designed to jump start your Oracle Documents Cloud Service rollout. Oracle Consultants will work with you to develop a successful content migration strategy to help you realize the value of cloud computing faster and with less risk by leveraging our extensive experience, Oracle leading practices and proven delivery approach.*

## KEY FEATURES

- Workshops to guide the architecture, roadmap, and implementation plan addressing your organization's requirements
- Architecture for integration with Oracle Documents Cloud Service
- Pilot set of users on Oracle Documents Cloud Service
- Knowledge sharing on process and setup required to adopt and manage Oracle Documents Cloud Service

## KEY BENEFITS

- Jump start your Oracle Documents Cloud Service configuration, integration and management with expert guidance and leading practices
- Demonstrate the value and benefits of subscription based cloud services to your organization
- Accelerate your organization's transition to Oracle Cloud Services and the realization of associated benefits

## Jumpstart Your Oracle Documents Journey

Oracle Consulting can help you realize the value of cloud computing faster and with less risk by leveraging our extensive experience, Oracle leading practices and proven delivery approach. Oracle Consulting will lead the engagement working with your IT team to provide a comprehensive introduction to the Oracle Documents Cloud Service, including demonstrating the advantages of cloud based document management leveraging sample use case(s) selected from the Oracle Consulting PaaS Use Case Catalog or a qualifying customer document management use case. Oracle Consulting will provide your team with the knowledge, processes, and skills to rapidly configure, integrate, and manage cloud based document management.

### Key Deliverables:

- Workshops to provide an overview of Oracle Documents Cloud Service capabilities, benefits and leading practices for creating enterprise document management solutions
- Recommended architecture for integration of Oracle Documents Cloud Service into your overall IT architecture and application portfolio
- Oracle Documents Cloud Service configured based on Oracle recommendations and selected sample use case(s) from Oracle Consulting PaaS Use Case Catalog
- Migrate Pilot Content based on Migration options and Synchronizing with the Oracle Documents Cloud Service
- Engagement summary that includes recommendations and next steps for Oracle Document Cloud Service enterprise adoption and maturity within the organization
