ORACLE IS THE INFORMATION COMPANY

Oracle Retail

Maximize your support investment, unlock the full value of your Oracle products, and control your upgrade strategy—with the industry's leading support policy.

Simple, predictable, flexible, and the most comprehensive support policy available, the Oracle Lifetime Support Policy helps drive your business success. Oracle's industry-leading support policy covers your entire technology environment, from database to middleware to applications—an industry first, only from Oracle.

Oracle's Lifetime Support Policy also puts you in control of your upgrade strategy. Our flexible support policy stages make it easier for you to plan and budget for Oracle's exclusive product upgrades. You'll enjoy continued peace of mind, knowing that we'll always be there to support your business. When it's time to upgrade, you'll have rights to major product releases, so you can benefit from Oracle's technology leadership and keep pace with the world of business.

Expect lifetime support. Expect control of your technology future—with Oracle's Lifetime Support Policy.

Oracle Lifetime Support Policy

With Oracle Support, you know up front and with certainty how long your Oracle products are supported. The Lifetime Support Policy provides access to technical experts for as long as you license your Oracle products and consists of three support stages: Premier Support, Extended Support, and Sustaining Support. It delivers maximum value by providing you with rights to major product releases so you can take full advantage of technology and product enhancements. Your technology and your business keep moving forward together.

Premier Support provides a standard five-year support policy for Oracle Technology (Oracle Database and Oracle Fusion Middleware) and Oracle Retail Application products (formerly Retek, ProfitLogic, and 360Commerce). You can extend support for an additional three years with Extended Support for specific releases, or receive indefinite technical support with Sustaining Support.

Premier Support: Setting the Industry Standard

As an Oracle customer, you can expect the best with Premier Support, our award-winning, next-generation support program. Premier Support provides you with maintenance and support of your Oracle Database, Oracle Fusion Middleware, and Oracle Retail Applications, beginning with Release 11, for five years from their general availability date. You benefit from

- Major product and technology releases
- Technical support
- Updates, fixes, security alerts, data fixes, and critical patch updates
- Tax, legal, and regulatory updates
- Upgrade scripts
- Certification with most new third-party products/versions
- Certification with most new Oracle products

Due to the unique constraints of the early releases of retail applications, for Oracle Retail Application releases prior to Release 11, we are providing limited Premier Support for seven years from the release general availability date. The limited Premier Support for the application releases prior to Release 11 will allow you to benefit from

- Major product and technology releases
- Technical support
- Updates and fixes

There are selected releases prior to Release 11 that will follow the full Premier Support components for five years. Please refer to the application support charts within this document.

Extended Support

Your technology future is assured with Oracle's Extended Support. Extended Support lets you stay competitive, with the freedom to upgrade on your timetable. If you take advantage of Extended Support, it provides you with an extra three years of support for specific Oracle releases for an additional fee. You benefit from

- Major product and technology releases
- Technical support
- Updates, fixes, security alerts, data fixes, and critical patch updates
- Tax, legal, and regulatory updates
- Upgrade scripts
- Certification with most existing third-party products/versions
- Certification with most existing Oracle products

Extended Support may not include certification with some new third-party products/versions.

Sustaining Support

Sustaining Support puts you in control of your upgrade strategy. When Premier Support expires, if you choose not to purchase Extended Support, or when Extended Support expires, Sustaining Support will be available for as long as you license your Oracle products. With Sustaining Support, you receive technical support, including access to our online support tools, knowledgebases, and technical support experts. You benefit from

- Major product and technology releases
- Technical support
- Access to My Oracle Support
- Fixes, updates, and critical patch updates created during the Premier Support stage
- Upgrade scripts created during the Premier Support stage
- Sustaining Support does not include
- New updates, fixes, security alerts, data fixes, and critical patch updates
- New tax, legal, and regulatory updates
- New upgrade scripts
- Certification with new third-party products/versions
- Certification with new Oracle products

For more specifics on Premier Support, Extended Support, and Sustaining Support, please refer to Oracle's "Technical Support Policies."

The Oracle Retail products will fall under the Oracle Lifetime Support Policy components and time frames beginning with Release 11 of the products. There are selected earlier releases that will also adhere to the Oracle Lifetime Support Policy time frames. Releases that do not adhere to the current Oracle Lifetime Support Policy time frames will receive limited Premier Support components: access to new releases, technical support, and updates and fixes. Prior releases not listed on the chart will receive indefinite Sustaining Support.*If it has been sold as a component of another application, Calculation Engine will be supported as long as the specific application release is supported.
