Decades of positive business impact across the globe in every industry

Unmatched investment
$70b Industry-leading R&D since FY04
Embedded next generation technologies across multiple cloud applications

Boundless innovation
18,000+ Global patents that drive innovation and performance
Product and solution roadmaps fueled by thousands of issued and filed patents

Oracle Cloud delivers real success...

Titan International replaces Infor with Oracle Cloud Applications
This video highlights why a global tire manufacturer replaced Infor Lawson with Oracle ERP, EPM, and SCM Cloud. Business benefits included stronger controls, more global transparency, and new innovations at their factories around the world.

...regardless of your Infor products
Baan LN | BPCS LX | CloudSuite | Lawson M3 | Lawson S3 | MAPICS XA | SyteLine
Or one of Infor’s 200 other acquired products?

When you are informed about Infor, the choice is Oracle
Leave your legacy enterprise applications in the past. With Oracle Cloud applications, deploy a comprehensive suite of integrated solutions that readily grow with your organization.
