Oracle Globally Distributed Autonomous Database is Here!

We’re thrilled to announce the General Availability of Oracle Globally Distributed Autonomous Database (GDADB). Oracle GDADB marries the capabilities of Oracle’s Globally Distributed Database with the ease of use of the Oracle Autonomous Database. This powerhouse enables the creation of a unified logical database that spans multiple availability domains or regions. Read More!

**Sample Document Generator App**

*By Menno Hoogendijk*

**Announcing the Oracle APEX Sample Document Generator App!**

The new Sample Document Generator App is now available on the APEX 23.2 Gallery. The app includes examples to generate PDF documents using a custom plug-in, which invokes the [Oracle Document Generator Pre-built function](#).
Oracle APEX Success Story
By Roopesh Thokala, Ankita Beri

Sterling Sites cuts development time by 60% using Oracle APEX.
Sterling Sites opted for Oracle APEX low-code application platform because it seamlessly integrates with their existing Oracle Database and enables them to leverage their existing database skill sets to build new apps faster.

Have you enrolled in the Oracle APEX Developer Professional learning path yet?

Oracle APEX Trainings!

Dive deeper into the exciting world of low-code application development with Oracle APEX. Learn complete application development in detail, specially designed and developed by the Oracle APEX product team. Along with learning the concepts in theory, indulge in practical learning with the Hands-on-Labs.
