Net Income of Rs. 842 Crore, up 31% YoY
Declares an interim dividend of Rs. 270 per equity share**

Mumbai, India — April 22, 2026: Oracle Financial Services Software Limited (Reuters: ORCL.BO and ORCL.NS), a majority-owned subsidiary of Oracle, today announced results for the quarter and year ended March 31, 2026.

For the Fiscal year 2026, on a consolidated basis as compared to the Fiscal year 2025:

- Revenue was Rs. 7,672 Crore, up 12%
- Operating income was Rs. 3,410 Crore, up 13%
- Net income was Rs. 2,639 Crore, up 11%
- Products business posted revenue of Rs. 6,942 Crore, up 12%
- Services business posted revenue of Rs. 730 Crore, up 16%

For the quarter ended March 2026, on a consolidated basis as compared to the same quarter in Fiscal Year 2025:

- Revenue was Rs. 2,065 Crore, up 20%
- Operating income was Rs. 1,049 Crore, up 39%
- Net income was Rs. 842 Crore, up 31%
- Products business posted revenue of Rs. 1,871 Crore, up 21%
- Services business posted revenue of Rs. 194 Crore, up 11%

The Board of Directors of the Company declared a second interim Dividend of Rs. 270 per equity share of Rs. 5 each for the financial year 2025-26.

“We are pleased to report the fiscal year results with strong growth of 12% in revenues, 13% in operating income, and 11% in net income,” said Makarand Padalkar, Managing Director and Chief Executive Officer, Oracle Financial Services Software. “The strategic partnerships and close synergies of our sales, marketing, and development engines position us strongly to gain market leadership. Our cloud offerings are transforming banking with embedded AI capabilities and intelligent agents. Financial institutions can now leverage an enterprise-grade suite of AI-powered applications and pre-built agents across banking, payments, analytics, risk management, compliance, lending, etc. automating critical processes, accelerating decisions, driving growth, and increasing business momentum.

Advances in AI-powered tools have significantly increased efficiency, enabling us to reorganize our engineering, consulting, and other teams into leaner and higher-performing units. These capabilities allow us to develop products and deliver offerings faster with a nimble workforce in a cost-effective manner.”

“We delivered an operating margin of 51% and net margin of 41% in this quarter,” said Avadhut Ketkar, Chief Financial Officer, Oracle Financial Services Software. “For the quarter, our revenues, operating income, and net income grew 20%, 39% and 31% year-over-year respectively. Our operating metrics are healthy. We have a strong deal pipeline with our Remaining Performance Obligations as of March 31, 2026, at Rs. 7,761 Crore, 9.2% higher than as of December 31, 2025. All this is a result of our innovation leadership that offers modern solutions to our customers adding value for a disciplined conduct of business.”

Business Highlights

- A rapidly growing bank across the Americas has extended its relationship with Oracle Financial Services to leverage analytical applications.
- Ceskoslovenská obchodní banka, a. s. (ČSOB) from the Czech Republic provides retail, Small and Medium-sized Enterprises (SMEs), and corporate banking services. The bank has further invested in Oracle Banking applications for core banking, liquidity management, corporate lending, revenue management, and billing.
- Oracle continues to remain the technology provider of choice for a leading wealth management firm in the US with a deal for Oracle Financial Services Analytical Applications.
- A global bank from the Netherlands expanded its relationship with Oracle for core banking, corporate lending, corporate credit, liquidity management, and trade finance applications.
- A popular bank from Peru has chosen to extend its relationship with Oracle by subscribing to Oracle Financial Services Analytical Applications Cloud Service.

- A large global bank with an international presence has extended its relationship with Oracle by signing a deal for Oracle Financial Services Analytical Applications Cloud Service for multi-country usage.
- A global reinsurance company's American arm has broadened its investments in Oracle software by subscribing to Oracle Financial Services Analytical Applications Cloud Service.
- A recognized Singaporean bank has continued to expand its footprint with Oracle by signing a deal for core banking, payments, and corporate credit applications to grow its solutions footprint and further its journey to become a global leader.
- Licensed in 2001, Banka Ekonomike, Kosovo maintains a network of 36 banking units, providing a wide range of specialized products for both individual and business clients. The bank has chosen Oracle Banking applications for core banking, digital banking, corporate credit, payments, originations, and treasury management. This investment is in line with the Bank's mission and vision to drive digital transformation, enhance operational efficiency, and deliver innovative, customer-centric banking services in line with evolving market needs.
- An innovative Singaporean bank has signed a deal to implement Oracle Financial Services Analytical Applications cloud services.
- Established in 1967, UAE's oldest privately owned bank, Mashreq Bank operates as a digital-first universal bank across 14 countries, offering a wide range of retail, corporate, and Islamic banking services. The bank has furthered its relationship with Oracle by investing in Oracle Banking applications for corporate lending, corporate credit, liquidity management, virtual accounts, trade finance, and treasury management.
- A Thailand-headquartered bank has signed a deal with Oracle to implement Oracle Financial Services Analytical Applications. This will help the customer to strengthen its regulatory readiness, enhance risk transparency and capital management, and operate with confidence, resilience, and governance in a rapidly evolving digital banking environment.
- Zambia National Building Society (ZNBS) began in 1970 to provide affordable mortgage finance and property management services across Zambia. It offers a comprehensive suite of banking products, including savings accounts, personal loans, and digital banking solutions. It has chosen Oracle as its technology partner by signing a deal for Oracle Banking applications for core banking, branch, collections, corporate credit, payments, and treasury management.

- A large Malaysian bank has chosen Oracle as its software technology partner for core banking, corporate banking, payments, trade finance, and supply chain finance applications.
- A renowned South African bank has chosen to subscribe to Oracle Financial Services Analytical Applications Cloud Service.
- A company from Malawi has chosen Oracle as its technology provider with a deal for Oracle Banking applications for core banking, branch, and payments.
- A corporate and technology service provider from Czechia has reinvested in Oracle technology by subscribing to Oracle Financial Services Analytical Applications Cloud Service.
- Qatar International Islamic Bank (QIIB) was established in 1991 providing Sharia-compliant personal and corporate banking solutions across the State of Qatar. The bank has signed a licensing deal with Oracle to implement Oracle Financial Services Analytical Applications.
