Online Resources for Hospitality Organizations Navigating COVID-19

Getting reliable information is critical for making business decisions. As such, we have curated COVID-19 resources, articles and data from leading hospitality organizations and government agencies in key global markets. With many of you operating properties around the world, it is our hope that the following international roundup will provide convenient access to much-needed information.

“The dynamic nature of the situation is resulting in frequent updates. For specific questions about information found below, please contact the respective entity directly. The information within each link is facts and views from each respective entity, not from Oracle.
