

To Our Shareholders

Takao Endo  
Representative Corporate Executive Officer  
**Oracle Corporation Japan**  
Kita-Aoyama 2-5-8, Minato-ku, Tokyo

## **NOTICE OF THE 26<sup>th</sup> ANNUAL MEETING OF SHAREHOLDERS**

You are cordially invited to attend the 26<sup>th</sup> Annual Meeting of Shareholders.

If you are unable to attend the meeting, you may vote on the proposals in advance by mail or via the Internet. To do so, please exercise your voting right after examination with reference materials. Please refer to the “Procedure for exercising voting rights via the Internet” on pages if you plan to vote on the proposals via the Internet.

1. **Date:** Thursday, August 25, 2011, at 10:00 a.m.
2. **Place:** Banquet room “Tsuru”, Banquet Floor Main Building, Hotel New Otani Tokyo,  
4-1 Kioi-cho, Chiyoda-ku, Tokyo 102-8578, Japan

**3. Meeting Objectives:**

**Reporting:**

Presentation of the Business Report, Balance Sheet and Statement of Income for the 26<sup>th</sup> Business Period (from June 1, 2010 to May 31, 2011)

**Agenda:**

- |                   |  |
|-------------------|--|
| <b>Proposal 1</b> | Reduce of legal capital surplus and legal retained earnings                              |
| <b>Proposal 2</b> | Election of 8 Directors  |
| <b>Proposal 3</b> | Issuance of share warrants to Directors, Executive Officers and Employees of the Company |

#### **4. Guidance for the exercise of voting rights:**

[Vote on the proposals by mail]

Please indicate your approval or disapproval of each proposal on the enclosed document for the exercise of voting rights, and then mail it to arrive by 5:00 p.m. on Wednesday, August 24, 2011.

[Vote on the proposals via the Internet]

Please vote on the proposals from the e-vote website (<http://www.evotep.jp/>) by 5:00 p.m. on Wednesday, August 24, 2011. Please refer to the "Procedure for exercising voting rights via the Internet" on pages 3-4 if you plan to vote on the proposals via the Internet. Please refer to the "Procedure for exercising voting rights via the Internet" on next page.

End of proposals

---

If you plan on attending the meeting, please submit the enclosed document for the exercise of voting rights to the receptionist at the meeting.

If the entries of the business report, statements of account or reference material for the meeting of shareholders need to be amended, we post all revised subjects on our website (<http://www.oracle.com/jp/corporate/investor-relations/index.html>).

#### **© Other requests**

Please note that in the event of unforeseeable circumstances, such as power outages or fire, the proceedings may need to be changed. Please see information on evacuation routes at the end of this notice or at the site.

Because of power restrictions, we have turned down the air conditioning, and our officers and staff are wearing light clothing. We ask for your understanding and cooperation.

## [Procedure for Exercising Voting Rights via the Internet]

When exercising your voting rights by using the Internet, keep the following in mind:

Notes:

### 1. E-vote website

- (1) You may exercise your right to vote at our specified site (<http://www.evotep.jp/>) from a personal computer or cellular phone (i-mode, Ezweb, Yahoo!mobile).  
(i-mode, Ezweb, Yahoo! are trademarks or registered trademarks of NTT DoCoMo, KDDI and Yahoo! Inc. respectively. ).
- (2) Votes by personal computer will depend on your environment for the usage of Internet services. When you use Internet firewalls or antivirus software or proxy servers, votes by the Internet may not be possible.
- (3) Note that service by i-mode or Ezweb or Yahoo!mobile is necessary for exercising your right to vote by cellular phone. In that case, votes by cellular phone will depend on model of your cellular phones. For security, cellular phone models of which SSL communication and cellular phone information transmission are available are only applicable.
- (4) Votes by the Internet will be accepted until up to 5:00 p.m. of the day prior to the day of the Annual Meeting of Shareholders (Wednesday, August 24, 2011). However, for consideration of totaling the results of exercising voting rights, please exercise your voting rights as early as possible. If you have questions, please contact our help desk.

### 2. Procedure for exercising voting rights by the Internet

- (1) At our e-vote website, please exercise your voting rights following the guidance on the screen, using the voting rights code and temporary password given on the voting form (or your registered password).
- (2) To avoid incorrect access by person who is not our shareholder and falsification of your exercise, we will request the change of your temporary password and the acquisition of our specified electronic certificate (or transmission of cellular phone information).
- (3) Concerning the voting rights code, new one will be given every Notice of Annual Meeting of Shareholders. If you agree to receive a Notice of the Annual Meeting by E-mail, your own password will be useful until you change. Please keep your password carefully.

3. Treatment when the exercise of voting rights is conducted several times

- (1) If you exercise your right to vote by using the Internet, to vote by document is unnecessary. When you exercise your right to vote both by document and by using the Internet, the vote submitted by using the Internet will be accepted.
- (2) The last exercise of voting rights will be assumed to be valid when the exercise of voting rights is conducted more than once via the Internet. The last exercise of voting rights will be assumed to be valid when you exercise your right to vote both by personal computer and by cellular phone.

4. Expenses for the access to the site for exercising voting rights

When you access a site to exercise your voting rights, connection fees for the dial-up access and telephone fees payable to communication carriers will be charged, and you bear those expenses. When you use cellular phone, packet communication fees and other fees will be charged, and you bear those expenses.

5. Receiving a Notice of the Annual Meeting

From next general shareholders meeting, you can receive a Notice of the Annual Meeting by E-mail. If you are interested, take the necessary procedure at the site at which you exercise your right to vote. (You neither take procedure by cellular phone nor designate mail-address of cellular phone.)

<p>Contact related to the system Mitsubishi UFJ Trust Bank Custody service (help desk) TEL:0120-173-027 (9:00-21:00 free dial)</p>

## **Business Report**

(From June 1, 2010 to May 31, 2011)

### **1. OVERVIEW OF THE COMPANY**

#### **(1) Progress and Results of Business**

During the first half of the fiscal year under review (from June 1, 2010 to May 31, 2011), there were some signs of a recovery in corporate earnings in Japan, including an improvement in exports and production reflecting resurgent demand in emerging markets. However, companies in the areas and industries affected by the Great East Japan Earthquake on March 11, 2011 reduced IT spending because of uncertainty about the future of the economy.

With the completion of the acquisition of Sun Microsystems, Inc. by Oracle Corporation, the Company's effective parent, Sun Microsystems K.K. (Setagaya-ku, Tokyo) merged with Oracle Information Systems Japan K.K. ("OIS", the surviving company) on June 1, 2010. The Company began to deal with the products and related services that Sun Microsystems K.K. handled. As a result, the Company has added hardware, including servers and storage products, to its product lineup. It now provides a full lineup of IT products and services that are used in corporate activities, including software, such as databases, middleware, and applications, and related services, which it has traditionally provided. To offer the products and services as total Oracle solutions, the Company strengthened its sales system and bolstered cooperation with partners.

As a result of these business initiatives, the Company posted for the fiscal year under review revenue of 132,724 million yen (up 21,891 million yen, or 19.8% year on year), operating income of 37,191 million yen (down 1,672 million yen, or 4.3%), ordinary income of 37,316 million yen (fell 1,832 million yen, or 4.7%), and net income of 22,065 million yen (down 796 million yen, or 3.5%).

The results of each business segment are as follows:

**[Software License]**

Revenue in the Software License Segment was 38,666 million yen, up 522 million yen or 1.4% from the corresponding period of the previous fiscal year.

In this segment, the Company sells new licenses of a variety of types of software that are used in corporate activities. The segment consists of the Database & Middleware division, which sells new database management software and middleware licenses, and the Applications division, which sells licenses for ERP and other business applications.

Revenue in the Database & Middleware division was 33,706 million yen (down 1,398 million yen, or 4.0 % year on year).

In this division, the Company pursued its sales initiatives for companies developing IT infrastructure and environments for cloud computing and expanded sales of high value-added products including Exadata and a range of middleware products that can flexibly respond to business changes. The Company began providing Oracle JRockit R28, and the Company launched Oracle GoldenGate, comprehensive data integration solutions and Oracle Enterprise Content Management Suite 11g, a series of content management products in July 2010.

The parent company announced Oracle Exalogic Elastic Cloud, an integrated middleware machine that provides a complete cloud application infrastructure, consolidates a range of Java and non-Java applications, and meets the requirements at the most demanding service level, at Oracle OpenWorld held in San Francisco in September, and the Company began providing it in January 2011.

In April 2011, the Company began providing Oracle Tuxedo ART 11g R1, a new middleware product that shifts applications on mainframes to open environments. To help corporate clients implement their business continuity plans, the Company began proposing telecommuting solutions using middleware products in May.

Revenue in the Applications division stood at 4,960 million yen (rising 1,921 million yen, or 63.2% year on year).

In this division, the Company has been providing a range of business applications, especially ERP, that help customers grow. It has also provided products that have focused on specific operations in industries where customers operate. The year-on-year increase in revenue reflects launches of projects, including the updating of mission-critical systems, shake-ups of systems associated with company reorganization, and the building of group business administration systems.

The Company added a new solution called Oracle Accelerate, in June 2010. In July 2010, the Company also launched AutoVue Enterprise Visualization 20.0; Oracle Hyperion Enterprise Planning Suite, Oracle Hyperion Financial Close Suite. In October 2010, the Company launched the JD Edwards EnterpriseOne Fulfillment Management, a new function of JD Edwards EnterpriseOne. The Company followed this in November with the launch of Oracle E-BusinessSuite R12.1.3, a cutting-edge ERP application, PeopleSoft Enterprise Company Directory 9.1, the latest company directory search function of the PeopleSoft Enterprise series, and PeopleTools8.51, the latest technical base of the same series.

Then, in May 2011, the Company launched Oracle Application Integration Architecture 3.1, a cutting-edge tool for integrating heterogeneous applications using service oriented architecture (SOA), and Oracle Enterprise Performance Management System Release 11.1.2.1 (Oracle EPM System), the latest version of its business management applications featuring enhanced compatibility with International Financial Reporting Standards.

### **[Updates & Product Support]**

Revenue in the Updates & Product Support Segment was 61,924 million yen, up 2,686 million yen or 4.5% from the corresponding period of the previous fiscal year.

This segment provides software license update rights and technical support.

With companies scaling back new investments amid continued uncertainty over the future of the economy, the Company sought to improve support levels and promoted collaboration with partners, responding appropriately to the needs of customers for continued stable operation of their existing business systems. It thereby won new contracts from customers who bought new licenses and renewal contracts from existing customers.

### **[Hardware Systems]**

Revenue in the Hardware Systems Segment came to 15,437 million yen\*.

This segment was created at the beginning of the current fiscal year and consists of the Hardware Systems Product division, which sells servers and storage products, and operating systems. And the Hardware Systems Support division provides technical support for hardware products and the maintenance and repair of hardware, and updated versions of operating systems.

Revenue in the Hardware Systems Product division stood at 3,217 million yen, primarily reflecting the sale of the servers, storage products, and other hardware products\*\*.

Revenue in the Hardware Systems Support division was 12,219 million yen, attributable to the provision of support service for hardware of servers, storage products and others, and operating systems.

### **[Services]**

Revenue in the Services Segment was 16,695 million yen, rising 3,244 million yen or 24.1% from the corresponding period of the previous fiscal year.

This segment consists of Advanced Support, which provides outsourcing services and value-added services including a preventive maintenance service; Education Services, which provide training for engineers and users, and also encompasses a technology qualification business; and Consulting Services, which support the introduction of products of the Company.

Revenue in the Advanced Support division amounted to 3,838 million yen (up 900 million yen, or 30.6% year on year), reflecting the start of the provision of value-added services for hardware systems and strong sales of "Oracle On Demand."

Although demand for training for partners and user companies recovered from the second half, revenue in the Education Services division stood at 1,728 million yen (fell 52 million yen, or 2.9% year on year).

Revenue in the Consulting Services division was 11,129 million yen (increasing 2,396 million yen, or 27.4% year on year), primarily as a result of an increase in consulting to support the implementation of applications.

\* Hardware Systems was established in the first quarter, and therefore there is no year-on-year comparison.

\*\* The contract based on Sun Microsystems K.K. was succeeded to OIS as of June 1, 2010. The company is transferring the signer from OIS to the company. Revenue under distributor agreements that had been transferred was posted for the period. And addition, the revenue of hardware systems support is appropriated to the company from the first day of this fiscal year.

<Revenue breakdown by business segments>

Item	FY2010		FY2011		
	Amount	Comp.	Amount	Comp.	Variance
	Million Yen	%	Million Yen	%	%
Database & Middleware	35,104	31.7	33,706	25.4	-4.0
Applications	3,039	2.7	4,960	3.7	63.2
Software License	38,144	34.4	38,666	29.1	1.4
Updates & Product Support	59,237	53.4	61,924	46.7	4.5
Software Related	97,381	87.9	100,591	75.8	3.3
Hardware Systems Products	-	-	3,217	2.4	-
Hardware Systems Support	-	-	12,219	9.2	-
Hardware Systems	-	-	15,437	11.6	-
Advanced Support	2,937	2.7	3,838	2.9	30.6
Education services	1,780	1.6	1,728	1.3	-2.9
Consulting services	8,732	7.9	11,129	8.4	27.4
Services	13,451	12.1	16,695	12.6	24.1
Total	110,833	100.0	132,724	100.0	19.8

\*Amount is rounded down. Composition ratio and year-to-year comparison (Variance) are rounded off.

(2) Capital investment

The total amount of the company's capital investment in this period was 925 million yen which includes purchase of personal computers, computer servers and peripheral equipment amounting to 445 million yen. In addition, this capital investment includes acquisition of intangible fixed assets and payments for guarantee deposits.

### (3) Issues to address

The Company aims to address the following key issues:

To achieve its basic business policy of creating new IT value and contributing to customer success and the development of society, the Company will seek to harness the outcomes of Oracle Corporation's proactive product development and M&A strategies. The Company will also target growth strategies and develop its management foundations to build long-term partnerships with its customers.

To that end, the Company has developed its new three-year management plan, the Midterm Corporate Strategy "Sustainable Business Growth 2014" which will cover the year ending May 2012 through the year ending May 2014. The Company will pursue two strategies: Growth Initiatives for external growth and a Foundation strategy for bolstering the management base.

Through Growth Initiatives, we will introduce a business model that focuses on developing market-leading solutions based on our databases, which hold a dominant share of the market, and extensive and competitive product lines encompassing hardware and applications and strengthening our market coverage and sales skills.

### (1) Solutions

#### 1) New Generation

We will continue to contribute to solutions that respect changes in the management environment surrounding our customers by providing the total value of Oracle. This means offering all products and solutions, such as the Engineered System, SOA, and Oracle Fusion Application, as well as cloud computing. We aim to embody the IT trend of shifting to a system to minimize system building, namely system development moving from building to setting and simplification, shorter project periods, and a change from distribution to integration of IT resources.

#### 2) Cloud Computing

As Oracle on Demand, we will lead the cloud computing industry by developing an extensive cloud portfolio. Our goal is to provide a service of hosting and managing our customers' system environment and to provide companies developing private clouds and service providers intending to build public clouds with comprehensive solutions for Platform as a Service (PaaS) and Infrastructure as a Service (IaaS), in addition to Software as a Service (SaaS) that provides software as a service. By deploying broad portfolio of cloud computing, we would like demonstrate our leadership for the growth of cloud computing market.

## (2) Business Model

### 1) GTM Model (Go To Market)

Taking a long-term perspective, we will bolster the development of true partnerships with our customers and support the customers' challenges by strengthening the account management structure through delivering Oracle's total value and products specializations. We will also expand our businesses by seeking strategic cooperation with our partners.

### 2) Engagement Model

We will establish a system that will enable us to make a maximum contribution to our customers' projects, while also taking into account long-term contracts and comprehensive agreements and helping to reduce the relative total cost of ownership (TCO).

### 3) Life Cycle Relationship

We will aim to expand our businesses by providing comprehensive support for the lifecycle from consulting to designing, building, operating, and maintaining our customers' IT systems for overall optimization. At the same time, we will seek to lower maintenance and operational costs and maximize business value. We also aim to establish new forms of IT, including system development techniques, to expand our businesses by providing technologies, products, and solutions that help build a corporate system capable of flexibly responding to business changes while effectively using the customers' existing systems.

In the Foundation strategy, to execute the Growth Initiative, the Company will nurture diversified and professional talented personnel, and create a comprehensive management foundation fully utilize its global management resources.

- We will hold town-hall meetings and other sessions, and take other initiatives such as the creation of Innovation Awards to develop a "free and open-minded culture that is committed to challenge and constant innovation" and a "climate in which individuals are connected through mutual trust and are able to praise one another."
- Attracting talent and developing leaders are important for sustainable growth, and focusing on the process and operation of these activities will transform the Company into one that encourages personal development. This will also create an environment that enables the employees to hone their diverse skills.
- We will strengthen the profit management system based on changes in the business structure, reform the work system, primarily at indirect departments, and improve efficiency and streamline operations throughout the company.

- As a result of the aggressive acquisition strategy pursued by our parent company, Oracle Corporation, a number of effective solutions can now be provided worldwide, in addition to conventional Oracle products, including the databases that have such high recognition in the market. Further, providing products that rapidly incorporate IP (Intellectual Property) and having the development capacity to do this are part of the value of Oracle. Oracle Japan will maximize use of the powerful IT leadership, technical capabilities, and experience of Oracle Corporation as effective management resources

Through these initiatives we aim to achieve strong growth in revenue and operating income and to maximize our corporate value. We respectfully ask for the continued support from our shareholders.

#### (4) Performance and Assets

Category	23rd fiscal year ending May 2008	24th fiscal year ending May 2009	25th fiscal year ending May 2010	26th fiscal year ending May 2010

Net assets per share (Yen)	652.44	658.13	668.10	671.67

#### (5) Parent company and consolidated subsidiaries

##### ① Relationship with the parent company

Oracle Corporation Japan's parent company is Oracle Japan Holding, Inc. (California, U.S.A), which owns 75.0% of voting rights (94,967 thousand shares) of the company's stock. This company is a subsidiary of Oracle Corporation (California, U.S.A).

Oracle Corporation Japan sells products developed and provided by Oracle Corporation and subsidiary companies of Oracle Corporation, and pays purchasing expenses and a certain percentage of the sales as a royalty to Oracle Corporation.

##### ② Major consolidated subsidiaries

Not applicable.

(6) Major business

Oracle Corporation Japan sells licenses for software such as relational database management software, middleware, and applications. It also sells hardware systems, including servers and storage devices, for customers to build and implement IT environments, including cloud computing environments. In addition, it provides services to support the introduction and use of these licenses and systems. The following table provides details about each business.

As of May 31, 2011

Category		Description of business
Software Licenses	Database & Middleware	Sales of licenses for Oracle Database, the relational database management software used for a range of purposes and applications, including online transaction processing (OLTP), data warehouse (DWH), and business intelligence (BI), Oracle Fusion Middleware, consisting of middleware products for reliable and scalable IT infrastructure, and development and management software.
	Applications	Sales of Oracle Applications including ERP (Enterprise Resource Planning), CRM (Customer Relationship Management), EPM (Enterprise Performance Management), and Industry Applications, etc.
Update & Product Support		Providing updated versions of software licenses, patches (modified programs), and technical support through the Internet and by phone, including My Oracle Support.
Hardware Systems	Hardware Systems Product	Sales of servers equipped with SPARC micro processors or Intel micro processors, storage devices for managing and storing data assets safely using tapes and disks, and Engineered Systems, such as Oracle Exadata and Oracle Exalogic Elastic Cloud, which integrate hardware and software. Providing operating systems (OS), such as Oracle Solaris and Oracle Linux, and hardware-related software.
	Hardware Systems Support	Providing repairs, maintenance, and technical support for products including servers and storage devices, as well as updated versions of and patches for OS-related software.
Services	Advanced Support	Providing high-value added services such as cloud services (former Oracle On Demand), proactive technical support services, Advanced Customer Services.
	Education Service	Certification of technical qualifications and software product training of system engineers and end users.
	Consulting Service	Offering a variety of consulting services to help users with system construction.

(7) Major Offices

As of May 31, 2011

Headquarters: Kita- Aoyama 2-5-8, Minato-ku, Tokyo  
Regional Offices: Hokkaido (Chuo-ku, Sapporo City), Tohoku (Aoba-ku, Sendai City), Chubu (Naka-ku, Nagoya City), Nishi-Nihon (Kita-ku, Osaka City), Kyushu (Chuo-ku, Fukuoka City)  
Branch Offices: Hokuriku (Kanazawa City, Ishikawa Prefecture), Chugoku/Shikoku(Naka-ku, Hiroshima City), Okinawa (Naha City, Okinawa Prefecture)  
Training Centers: Training Campus Aoyama (Minato-ku, Tokyo), Training Campus Osaka (Kita-ku, Osaka City), Training Campus Fukuoka (Chuo-ku, Fukuoka City)  
Offices: Yoga Office (Setagaya-ku, Tokyo), Toyota Office (Toyota City, Aichi Prefecture),

(8) Employees

As of May 31, 2011

Number of employees	Difference from end of last fiscal year	Average age	Average service years of employment
2,585	+493	38.2	7.0

(Note) Number of employees was including employees on loan from the other companies (667 persons) and temporary employees (3 persons). The employees on loan from the other companies and temporary employees are excluded for the calculation of average age and average service years of employment.

## 2. SHARES

As of May 31, 2011

- (1) Number of shares authorized to issue 511,584,909 shares
- (2) Number of outstanding shares 127,097,471 shares (including 4,935 own shares)
- (3) Number of shareholders 44,724
- (4) Major shareholder

Name of shareholder	Number of shares held (1,000 shares)	Composition %
Oracle Japan Holding, Inc	94,967	74.7
The master Trust Bank of Japan, Ltd.	1,595	1.3
Japan Trustee Services Bank, Ltd.	1,163	0.9
Northern Trust Co. (AVFC) Sub A/C USL	582	0.5

Note: The composition is calculated without treasury stock (4,935 shares) from total shares issued.

### 3. SHARE WARRANTS

(1) Share warrants held by company directors and statutory auditor as a consideration for the execution of the duties.

As of May 31, 2011

① Share warrants held by directors (exclude outside directors and include executive officer)

Date that rights were granted	Number of remaining share warrants to be issued (Note) 1	Type and number of remaining shares to be issued	Number of directors that rights were granted	Exercise value (Yen)	Period in which the rights can be exercised (Note) 2
June 30, 2008 (Note) 3	340	Common stock 34,000 shares	1	4,679	From June 30, 2010 to August 29, 2017
October 15, 2008	520	Common stock 52,000 shares	2	4,787	From October 15, 2010 to September 30, 2018
October 15, 2009	550	Common stock 55,000 shares	2	3,930	From October 15, 2011 to September 25, 2019
October 15, 2010	550	Common stock 55,000 shares	2	4,338	From October 15, 2012 to September 22, 2020

② Share warrants held by outside directors

Date that rights were granted	Number of remaining share warrants to be issued (Note) 1	Type and number of remaining shares to be issued	Number of directors that rights were granted	Exercise value (Yen)	Period in which the rights can be exercised (Note) 2
October 15, 2008	40	Common stock 4,000 shares	2	4,787	From October 15, 2010 to September 30, 2018
October 15, 2009	50	Common stock 5,000 shares	2	3,930	From October 15, 2011 to September 25, 2019
October 15 2010	50	Common stock 5,000 shares	2	4,338	From October 15, 2012 to September 22, 2020

- (Note) 1. 100 common stock per share warrant  
 2. Please refer to the next (2) Share warrants issued in this fiscal year as a consideration for the execution of the duties "Note 2 and 3".  
 3. Share warrants were granted during employment with the Company.

(2) Share warrants issued to employees in this fiscal year as a consideration for the execution of the duties

Date that rights were granted	Number of remaining share warrants to be issued (Note) 1	Type and number of remaining shares to be issued	Number of directors that rights were granted	Exercise value (Yen)	Period in which the rights can be exercised (Note) 2,3
October 15, 2010	2,462	Common stock 246,200 shares	460	4,338	From October 15, 2012 to September 22, 2020

- (Note)
1. 100 common stock per share warrant
  2. Those who are allocated the share warrants may exercise a part of or all of the rights in accordance with the following classifications:
    - (a) Recipients may exercise half of the allocated rights after the period in which the rights can be exercised starts.
    - (b) Recipients may exercise all of the allocated rights after 2 years from (a).
  3. (1) Those allocated the share warrants are required to be a director, Corporate Executive Officer, or an employee of Oracle Corporation Japan at the time of exercising the stock purchase warrant. However, as long as the requirements set out in the share warrants allocation agreement executed between Oracle Corporation Japan and the recipient of allocation are met, the recipient may continue to exercise his or her rights after they no longer hold the position of employee, director or Corporate Executive Officer.
    - (2) Those who are allocated the share warrants may not dispose of part or all of the share warrants through assignment, attachment or other methods.
    - (3) Other conditions set out in the share warrants allocation agreement must be followed.

8. The changes of director's assignment effective as of June 1, 2011.

Name	New position	Former Position
Shigeru Nosaka	Director Executive Deputy President Chief Financial Officer	Director Senior Corporate Executive Officer Chief Financial Officer

## (2) Remuneration of Directors and Executive Officers

### Policy on Determination of Remuneration of Directors and Executive Officers

The remuneration package of Directors and Executive Officers consists of two elements, a base salary and a performance-based bonus, and each element is determined in accordance with the following policy.

#### (a) Base salary

A salary level commensurate with role and responsibility is determined with reference to the salary levels of other companies in the same industry.

#### (b) Performance-based bonus

Bonus is determined based on the Company's target management indicator in that particular fiscal year (sales, profits, etc.) and is paid according to the degree of attainment of targets set at the beginning of the fiscal year. In the current fiscal year, the Company adopted a system that ensures bonuses clearly reflect management responsibilities and results by closely linking them to corporate performance through the inclusion of growth i.e. the year-on-year increase in sales of the Company's licensed products and margin of hardware systems business, which is newly added business segment from the current fiscal year, as an indicator in addition to degree of attainment of the operating income target.

Classification	Number of persons	Amount of payments (Million yen)
Directors (including Outside Directors)	4 (2)	155 (20)
Total	4 (2)	155 (20)

- (Notes)
1. The above table includes expenses on the granting of share warrants to four Directors (including two Outside Directors) totaling 32 million yen (of which, expenses on the granting of share warrants to Outside Directors: 1 million yen). The company granted share warrants to four Directors (including two Outside Directors) totaling 600 (of which, share warrants to Outside Directors: 50).
  2. The company has no retirement allowance plan for directors.
  3. The above table includes provision for four Directors' bonuses (including two Outside Directors) in relation to the year under review totaling 36 million yen (of which, provision for two Outside Directors: 3 million yen).
  4. The Executive Officers of the Company all concurrently serve as Directors of the Company. Accordingly, there is no Executive Officers' remuneration this fiscal year.

(3) Outside Directors

① Significant concurrent positions held and bearing on the Company

As stated in “(1) Names, etc. of Directors and Executive Officers”

② Major activities during the year under review

Name	
Derek H. Williams	Attended all 8 meetings of the Board of Directors, all 4 meetings of the Audit Committee, all 3 meetings of the Nominating Committee and a meeting of the Compensation Committee held during the year under review. Provided helpful advice about the Company's management and made other necessary statements, from an expert perspective as a specialist in the business field and in the Company's products and services.
John L. Hall	Attended 7 meetings of 8 meetings of the Board of Directors and all 3 meetings of the Nominating Committee held during the year under review. Provided helpful advice about the Company's management and made other necessary statements, from an expert perspective as a specialist in the business field and in the Company's products and services.
Eric R. Ball	Attended all 8 meetings of the Board of Directors and all 4 meetings of the Audit Committee held during the year under review. Provided helpful advice about the Company's management and made other necessary statements, from an expert perspective as a specialist in the business field and in the Company's products and services, and based on extensive experience in the financial field.
Gregory R. Davies	Attended all 8 meetings of the Board of Directors, all 4 meetings of the Audit Committee, a meeting of 3 meetings of the Nominating Committee and a meeting of the Compensation Committee held during the year under review. Provided helpful advice about the Company's management and made other necessary statements, from an expert perspective as a specialist in the business field and in the Company's products and services, and based on extensive experience in the financial field.
Masao Terazawa	Attended all 8 meetings of the Board of Directors, all 4 meetings of the Audit Committee, 2 meetings of 3 meetings of the Nominating Committee and a meeting of the Compensation Committee held during the year under review. Provided helpful advice about the Company's management and made other necessary statements, from an expert perspective as a specialist in the business field and in the Company's products and services, and based on many years of management experience.
Makiko Nakamori	Attended all 8 meetings of the Board of Directors and all 4 meetings of the Audit Committee held during the year under review. Provided helpful advice about the Company's management and made other necessary statements, from an expert perspective as a Certified Public Accountant.

- (Note)
1. Director Makiko Nakamori is a specified corporate auditor in accordance with Article 132, Section 5, Item 3 (a) of the Enforcement Regulations of the Corporate Law.
  2. John L Hall was elected to the Audit Committee as of May 19, 2011, and the Committee was not held after assignment.
  3. Eric R. Ball was elected to the Compensation Committee as of May 19, 2011, and the Committee was not held after assignment.
  4. Gregory R. Davies was elected to the Nominating Committee as of May 19, 2011, and the count of his attendance to the Nominating Committee is after assignment.

③ Summary of agreements limiting liability

The Company and each of the Outside Directors have entered into an agreement with the Company limiting their liability as prescribed in Paragraph 1, Article 423, of the Corporate Law and the limit of amount of the liability based on the agreement shall be 20 million yen or more, and shall be a pre-determined amount or an amount provided in laws and ordinances, whichever is higher.

## 5. INDEPENDENT AUDITOR

(1) Name of the Independent Auditor

Earnst & Young ShinNihon

(2) Amount of Fee paid to Independent Auditor

(i) Total amount of fee to Independent Auditor 63 million yen

(ii) Total amount of fee for which the company must pay 63 million yen

(Note) In the Audit contract between the Company and the Independent auditor, the amount of the Audit fee of the Audit based on the Corporate Law and the Audit based on Securities and Exchange Law is not clearly divided, and it is not possible to divide substantially, so these amount of the total fee is described above

(3) Details of any fee paid to the Independent Auditor for services other than those stipulated in Article 2-1 of the Certified Public Accountant Law (non-audit services).

Not applicable.

(4) Policy on determination of Dismissal and Non-reappointment of Independent Auditor

When the Audit Committee judges that the Independent Auditor applies to any item of Paragraph 1, Article 340 of the Corporate Law, the Audit Committee, subject to prior consent of all Audit Committee members, will dismiss the Independent Auditor in accordance with the provisions of said article. In this case, an audit committee member elected by the Audit Committee will report the dismissal of the Independent Auditor and the reason for dismissal at the first Annual Meeting of Shareholders convened after the dismissal.

(5) Summary of agreements limiting liability

Not applicable.

## 6. COMPANY STRUCTURE AND POLICIES

### (1) The Systems to Ensure Properness of the Company's Businesses

#### ① The system concerning the retention and management of information pertaining to the execution of duties of Corporate Executive Officers

Establish regulations on the management of such documents as the minutes of a meeting of shareholders, minutes of a meeting of the board of directors, minutes of any other important meeting concerning management, and keep a record of any important decisions made. Such regulations may not be established or amended without the approval of the board of directors. Documents that will be managed under such regulations will be retained so as to facilitate easy searching and browsing as required.

#### ② The regulations and other systems concerning the control of risk of loss.

With respect to the risks pertaining to compliance, disaster, and information security, the department in charge of each risk will establish regulations/guidelines and provide related education. If a new risk arises, a Corporate Executive Officer will be promptly appointed in charge of said risk.

#### ③ The system for securing efficient execution of duties of Corporate Executive Officers

- (i) Hold meetings to assist execution by the Chief Executive Officer, as well as to discuss and decide matters pertaining to decisions of the board of directors.
- (ii) Establish regulations on the clarification of responsibilities and authorities of Corporate Executive Officers and employees, thereby establishing the environment in which the Company's businesses can be efficiently executed within their responsibilities and authorities.

#### ④ The system for securing compliance of the execution of duties by employees with applicable laws and regulations, and the Articles of Incorporation

- (i) Establish a basic policy on compliance by applying the corporate code of ethics of the Oracle Group.
- (ii) Establish a system through which any illegal misconduct by an employee will be reported by using the Oracle Group's internal reporting channel for compliance.
- (iii) For purposes of building, maintaining, and improving the internal control system, each department in charge will establish and implement internal regulations, and conduct training on applicable laws and regulations as well as internal regulations, etc.
- (iv) Appoint a person in charge of compliance, thereby establishing the compliance system at the Company.
- (v) Set up an audit department, which, in accordance with the regulations on internal audits, will audit the business process of each department, and discover or prevent any fraud, and correct the business process as required.

⑤The system for securing the properness of business in the business group consisting of the Company and its parent and subsidiaries

(i) Establish a corporate code of ethics for the Oracle Group.

(ii) Establish a system through which any violation of laws and regulations can be reported by using the internal reporting channel for compliance. Establish a system through which any wrongful acts of Corporate Executive Officers and employee-status Operating Officers appointed by the Board of Directors can be reported to the Audit Committee, in addition to Company's Internal Reporting Channel for Compliance (Oracle HelpLine).

(iii) The Company will accept regular audits by the internal audit department of the parent, and will receive reports on the audit results.

(iv) The Company conducts internal audit on its subsidiaries and reports the result to the Board of Directors and the Audit Committee.

⑥The matters pertaining to the placement of employees to assist responsibilities of the Audit Committee

Set up an Administrative Office to assist responsibilities of the Audit Committee.

⑦The matters pertaining to the independence of employees from Corporate Executive Officers under the foregoing item

When employees are placed to assist the responsibilities of the Audit Committee, the Audit Committee must be consulted regarding the appointment, transfer, and appraisal, etc. of such employees, and the Corporate Executive Officers must respect it.

⑧The system for the Corporate Executive Officers and employees to report to the Audit Committee , and other system pertaining to reporting to the Audit Committee

Corporate Executive Officers and employees must promptly report on matters pertaining to business execution whenever requested to do so by Audit Committee Member . The Audit Committee will have the opportunity to hold, if necessary, hearings with the Corporate Executive Officers and employees.

⑨ Other systems for securing effective audits by the Audit Committee

- (i) The annual plan for internal audits implemented by the internal audit department will be explained beforehand to the Audit Committee, who may request amendment thereto. The Audit Committee may also occasionally receive reports on the implementation of an internal audit and, if necessary, request the implementation of an additional audit and measures to improve business.
- (ii) The Chief Executive Officer and accounting auditor(s) will arbitrarily meet with the Audit Committee Members, and exchange views on issues that the Company should address, progress on establishing the environment for an audit of the Audit Committee, and material issues relating to audits, so that the Chief Executive Officer accounting auditors, and the Audit Committee Members can increase common awareness.
- (iii) The Audit Committee Members may attend important meetings concerning management, and may access to the minutes and/or materials of the meetings on an as-needed basis, for the purpose of auditing execution of the duties by the Corporate Executive Officers and employees.

(2) Guideline about Distribution, etc. of Surpluses

The basic policy for the distribution of surplus is to provide a stable and continuous return to shareholders through dividends, while ensuring a management flexibility by keeping financial indicators such as shareholders' equity ratio and return on equity at a reasonable level, and comprehensively taking into account the balance between the cash required for the Company's business plan, business results, and cash flows.

Based on this policy, we aim to achieve a dividend payout ratio of approximately 40% for the foreseeable future. To minimize administrative costs related to dividends, we will pay only one dividend a year, as a year-end dividend. The company distributes money as the way of distribution of surplus.

With respect to the purchase of treasury stock, the reduction of reserves, and the appropriation of surpluses and other procedures, we will take action as appropriate, based on the financial situation of the Company.

For dividends for the fiscal year under review, we have paid an interim dividend of 70 yen per share (the same as in the previous fiscal year). As a return of profits to shareholders, we will pay a special dividend, on the premise that the reduction in legal capital surplus and legal retained earnings are approved at the 26th Annual Meeting of Shareholders to be held in August 2011. As a result, we will pay a year-end dividend of 390 yen per share (of which a normal dividend of 93 yen and a special dividend of 297 yen, an increase of 290 yen from the previous fiscal year). This will result in an annual dividend of 460 yen per share (up 290 yen).

## Balance Sheet

As of May 31, 2011

Unit: Million yen)

## Notes to Non-consolidated Financial Statements

### Significant Accounting Policies

#### 1. Valuation standard and method applied to negotiable securities

##### Available-for-sale securities

Securities with fair market value: At fair market value method based on the quoted market price as of the end of the term. (Differences between revaluated amounts and original purchase prices are presented in net assets and the sales price is determined by the moving average method.)

Securities without fair market value: At cost method based on moving average method

Debt securities without fair market value: Amortized cost method

#### 2. Depreciation method applied to fixed assets

##### (1) Tangible fixed assets

Buildings: At straight-line method

Appliances and equipment: At straight-line method

The useful life of major items are as follows:

Buildings: 5 to 38 years

Appliances and equipment

Personal computers: 2 years

Computer servers: 3 years

Others: 5 to 15 years

##### (2) Intangible fixed assets: At straight-line method

Based on an in-house estimated available period (5 years) for software for in-house use.

#### 3. Accounting standard for allowances

##### (1) Allowance for doubtful accounts

To reserve for loss on doubtful accounts, general allowances are provided using a rate determined by past experience with bad debts. For specific claims such as claims suspected of being irrecoverable, allowances are provided according to the estimates of amounts considered uncollectible after reviewing the possibility of collection on an individual claim basis.

##### (2) Provision for bonuses

To provide for the payment of bonuses to employees, the estimated liabilities in the current period is recorded based on the estimated amount of bonus payment.

##### (3) Provision for directors' bonuses

To provide for the payment of bonuses to directors, the estimated liabilities in the current period is recorded based on the estimated amount of bonus payment.

##### (4) Provision for product warranties

To provide for the expenditure of after-sales service, warranty accrual is established based on estimated future cost of repair and replacement within the warranty period principally using historical experience of warranty claims

#### 4. Revenue recognition policy

As to consulting service revenue and part of software product revenue, the company accounts for them on the percentage of completion basis.

#### 5. Accounting of consumption tax

Based on pre-tax method

### Changes in the accounting method

Application of Accounting Standard for Asset Retirement Obligations

From this fiscal year, the Company has applied the Accounting Standard for Asset Retirement Obligations (ASBJ Statement No. 18, issued on March 31, 2008) and Guidance on Accounting Standard for Asset Retirement Obligations (ASBJ Guidance No. 21, issued on March 31, 2008).

As a result, the above changes had limited impact on gross profit, operating income, ordinary income or income before income taxes for this fiscal year.

### Notes to the balance sheet

Accumulated depreciation of tangible fixed assets 5,021 million yen

### Notes to the statement of income

Transactions with affiliated companies

Operating transactions

Sales 687 million yen

Purchase amount 160 million yen

### Notes to the Statement of changes in shareholders' equity

#### 1. Type and number of issued shares and treasury stocks

	2010/5/31 (thousand shares)	Increase (thousand shares)	Decrease (thousand shares)	2011/5/31 (thousand shares)
Issued shares				
Common stock (Note)	127,092	4	—	127,097
Treasury stocks				
Common stock	4	0	0	4

(Note) Increase of 4 thousand outstanding shares was due to exercise of share warrants.

#### 2. Dividend

##### (1) Amount of paid dividends

Resolution	Type of share	Total amount of dividends (Million yen)	Dividend per share (Yen)	Reference date	Effective date
Board of director held on July 23, 2010	Common stock	12,708	100	May 31, 2010	August 12, 2010
Board of director held on December 22, 2010	Common stock	8,896	70	November 30, 2010	February 7, 2011

(2) Dividend that effective date is in the next term though its reference date was in current term

The board meeting on July 21, 2011.

Type of share	Total amount of dividend (Million yen)	Resource of dividend	Dividend per share (Yen)	Reference date	Effective date
Common stock	21,478	Retained earnings	169	May 31, 2011	August 26, 2011
	28,087	Capital surplus	221	May 31, 2011	August 26, 2011
Total	49,566		390		

(Note) The figure for mentioned above dividend from Capital surplus assumes that decrease of Capital surplus (28,087 million yen) from the balance of Capital surplus (33,739 million yen) will be approved by Annual Meeting of Shareholders held on August 25, 2011.

### 3. Share warrants

Date that rights were granted	Type of stock	Number of remaining shares to be issued
October 1, 2001 (Note) 1	Common stock	172,500shares
October 1, 2002	Common stock	141,600shares
October 1, 2003	Common stock	157,300shares
October 1, 2004	Common stock	156,800shares
October 1, 2005	Common stock	190,200shares
December 25, 2006	Common stock	172,200shares
October 15, 2007	Common stock	123,000shares
June 30, 2008	Common stock	17,000 shares
October 15, 2008	Common stock	128,200 shares
January 15, 2009	Common stock	2,500 shares
Total		1,261,300shares

Note: 1. Subscription rights based on old commercial law No.280-19.

2. The plans of which exercise period have not come are excluded.

**Notes to tax-effect accounting**

Breakdown of major causes of deferred tax assets

As of May 31, 2011

(Unit: Million yen)

(Current)	
Deferred tax assets	
Accounts payable-other	373
Accrued business tax	632
Advances received	127
Provision for bonuses	872
Others	210
Total deferred tax assets	2,216
(Fixed)	
Deferred tax assets	
Depreciation in excess	175
Investment securities	32
Valuation difference on available-for-sale securities	13
Others	28
Total deferred tax assets	250

## Notes to Financial Instruments

### 1. Qualitative information on financial instruments

#### (1) Policies for using financial instruments

With respect to fund management, the Company ensures a very high level of safety and appropriate liquidity, being limited to investing in highly rated securities and depositing funds at highly rated financial institutions under the Company's fund management regulations (which conform to the global policy of Oracle Corporation).

In addition, we will not conduct derivative transactions.

#### (2) Details of financial instruments used and the exposure to risk and how it arises

Notes receivable, accounts receivable-trade, and accounts receivable-other are exposed to the credit risks of counterparties. The Company seeks to mitigate these risks through due date control and balance management for each counterparty, while determining the credit standing of each counterparty regularly under the Company's credit management regulations (which conform to the global policy of Oracle Corporation).

Securities and investment securities are exposed to the market price fluctuation risk and credit risk. The Company seeks to mitigate these risks by limiting investments to investments in highly rated securities in yen and by regularly monitoring the market values of securities and the financial situations of the issuers.

Accounts payable-trade, which are trade payables, are settled in the short term.

#### (3) Supplementary information on fair values

The fair value of financial instruments is calculated based on quoted market price or, in cases where there is no market price, by making a reasonable estimation. Because the preconditions applied include a floating element, estimations of fair value may vary.

## 2. Market value of financial instruments

Amounts recognized in the balance sheet, market values, and the differences between them on May 31, 2011, are as shown below. Moreover, items for which it is extremely difficult to determine market values are not included in the following table (see (note2)).

(Unit : Million yen)

	Book value	Market value	Difference
(1) Cash and deposits	22,830	22,830	—
(2) Notes receivable-trade, accounts receivable-trade and accounts receivable-other	23,374		
Allowance for doubtful accounts (*)	-2		
Net	23,371	23,371	—
(3) Short-term investment securities and investment securities	2,071	2,071	—
(4) Short-term loans receivable	37,986	37,986	
Total assets	86,261	86,261	—
(1) Accounts payable-trade	8,203	8,203	—
(2) Accounts payable-other	5,222	5,222	—
(3) Income taxes payable	8,016	8,016	—
Total liabilities	21,442	21,442	—

(\*) Allowance for doubtful accounts recognized in notes receivable-trade, accounts receivable-trade and accounts receivable-other.

Note: 1. Calculation of the market value of financial instruments

### Assets

(1) Cash and deposits (2) Notes receivable-trade, accounts receivable-trade and accounts receivable-other (4) Short-term loans receivable

Because, the settlement periods of the above items are short and their market values are almost the same as their book values, the relevant book values are used.

(3) Short-term investment securities and investment securities

In relation to the market value of investment securities, for shares the market prices of exchanges are used.

### Liabilities

(1) Accounts payable-trade (2) Accounts payable-other (3) Income taxes payable

Because the settlement periods of the above items are short and their market values are almost the same as their book values, the relevant book values are used.

2. Financial instruments for which it is extremely difficult to determine market value

Item	Book value
Unlisted equity securities	108 Million yen

Because it is recognized that this does not have market values and the market values are extremely difficult to determine, this is not included in the (3) Short-term investment securities and investment securities.

## Notes to transactions with related parties

Sister companies, etc.

Attributes	Corporate name	Ratio of voting and other rights in possession (or being possessed)	Relationship	Description of transactions	Transaction amount (Million yen)	Item	Term-end balance (million yen)
Subsidiary of parent company	Oracle America, Inc. (Note) 1	—	Settlement of funds for transactions among Oracle Group companies and making a short-term loan	Fund lending (Note) 1	37,986	Short-term loan receivable	37,986
				Settlement of funds for transactions among Oracle Group companies (Note) 2	18,724	Accounts payable	3,699
					18,396	Accounts payable-other	3,537
	Oracle International Corporation	—	Conclusion of sales agency agreements	Payment of royalties (Note) 3	32,687	Accounts payable	4,106

(Notes) Terms and conditions of transactions and decision of terms and conditions of transactions

- 1: The interest rate on loans is determined rationally after the market interest rate is taken into account. Interest income 3million yen has been booked in this fiscal year.
- 2: The settlement of funds for transactions among Group companies of Oracle Corporation (not including transactions with Oracle International Corporation) is processed through the account of Oracle America, Inc. The above transaction amounts in accounts payable and accounts payable-other are settlements, the majority of which are the payments of royalties (8,340 million yen in FY11) to Oracle Information Systems Japan K.K. (a subsidiary of the parent company) and the purchases of products and services (10,151 million yen in FY11) relating to the Hardware Systems segment, which was set up in the fiscal year under review. In addition, royalties and prices for products and services purchased are agreed between Oracle Corporation and Group companies, including our Company, using reasonable standards that are identical.
- 3: Royalties are set at certain ratios of sales of Oracle products, with the ratios agreed between Oracle Corporation and Group companies that handle Oracle products, including our Company, using reasonable standards that are identical.

## Per share data

1. Net assets per share 671.67yen
2. Net income per share for the current term 173.62yen

## Audit Report by Auditing Corporation

Report of independent registered public accounting firm

July 20, 2011

Oracle Corporation Japan

The board of Directors

Ernst & Young Shin Nihon LLC

Engagement Limited Partner:

Akira Toda, Certified Public Accountant

Engagement Limited Partner:

Kazuhiro Ishiguro, Certified Public Accountant

We, Shin Nihon & Co., have audited the balance sheets, the statement of income and the statement of stockholders' equity, notes to non-consolidated financial statements and its supplemental financial schedules of Oracle Corporation Japan applicable to its 26th fiscal period from June 1, 2010 to May 31, 2011, as required by Article 436, Paragraph 2 (1) of the Corporate law. These financial statements and the supplementary financial schedules are the responsibility of the Company's management. Our responsibility is to independently express an opinion on these financial statements and the supplementary financial schedules based on our audits.

We conducted our audits in accordance with Japan generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and the supplementary financial schedules are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and the supplementary financial schedules. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and the supplementary financial schedules. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and supplemental financial schedule referred to above present fairly, in all material respects, the financial position and the result of operations of the Company in conformity with Japan generally accepted accounting principles.

We have no financial interest in the Company, which should be disclosed under the provisions of the Certified Public Accountants Law.

## Audit Report by Audit Committee

The Audit Committee has completed an audit of the performance of the duties of the directors and executive officers in the 26th fiscal year from June 1, 2010 to May 31, 2011. The following is a report of the methods and results of the audit:

### 1. Method and content of audit

The Audit Committee received a report regally about the content of the resolutions of the Board of Directors relating to the matters specified in Article 416, Paragraph 1, Items 1b and 1e of the Companies Act and the system developed based on the resolutions (internal control system) from the directors, executive officers and employees regarding its formulation and operation status, requested explanation as needed and expressed a opinion, and examined on the basis of the audit policy and the segregation of duties set out by the Audit Committee, in cooperation with the internal control division of the Company, reviewed processes and contents of decision making in important meetings, contents of major approval documents and other important operation-related documents, performance of the duties of the executive officers (and major employees), and company's operations and financial matters. The Audit Committee also monitored and checked whether the accounting auditor maintained its independent position and carried out an appropriate audit, received reports from the accounting auditor on its performance of duties, and requested explanations as needed. The accounting auditor notified the Audit Committee that the accounting auditor has established a system for ensuring the appropriate performance of duties (each item of Article 131 of the Corporate Accounting Rules) under the accounting quality control standards (Business Accounting Deliberation Council, October 28, 2005) among others, and the Audit Committee requested explanations as needed.

By the methods above, the Audit Committee examined the business report, accounting statements (balance sheets, statements of income, statements of changes in net assets, and notes), and their supplemental schedules.

2. Results of audit

(1) Results of audit of business report

- (i) The Audit Committee acknowledges that the business report and its supplemental schedules show the situation of the Company properly under laws and regulations, and the articles of incorporation.
- (ii) The Audit Committee has found no wrongdoing in relation to directors and executive officers' performance of their duties or significant facts violating laws and regulations, or the articles of incorporation.
- (iii) The Audit Committee acknowledges that the contents of business report and the resolutions of the Board of Directors in relation to the internal control system are appropriate. The Audit Committee has found no matters out of significance in association with directors and executive officers' performance of their duties relating to the internal control system.

(2) Results of audit of accounting statements and their supplemental schedules

The Audit Committee acknowledges that the method and results of the audit by the accounting auditor Ernst & Young ShinNihon LLC are appropriate.

## Reference Material for the Meeting of Shareholders

### **Proposal 1: Reduce of legal capital surplus and legal retained earnings**

To improve capital efficiency for flexible capital policies and to secure dividend resources for distributing profits to shareholders, the Company will transfer part or all of its legal capital surplus and legal retained earnings to other capital surplus and other retained earnings, respectively under the provision of Article 448, Paragraph 1 of the Companies Act

1. Reductions in the amounts of legal capital surplus and legal retained earnings

Of legal capital surplus of 33,739,475,930 yen, 28,087,450,456 yen

Of legal retained earnings of 1,000,000,000 yen, 1,000,000,000 yen (all)

2. Effective date of the reductions in legal capital surplus and legal retained earnings

As of August 25, 2011

The Board of Directors adopted a resolution to distribute a dividend of 390 yen (a common dividend of 93 yen and a special dividend of 297 yen) per share to shareholders as of May 31, 2011, subject to the approval of this proposal at a meeting held on July 21, 2011.

## Proposal 2: Election of 8 Directors

The term of office of all directors (7) expires at the close of this Annual Meeting of Shareholders. In accordance with the re decision of the Nomination Committee, it is proposed that to elect 8 directors (reappointment 6 and inaugural 2 persons).

- Note 1. The marks of “\*” are new candidates.
2. Special interests between the candidates and the Company
    - (1) Mr. Derek H. Williams is Executive Vice Presidents of Oracle Corporation, Mr. John L. Hall is Senior Vice President of Oracle Corporation and Mr. Eric R. Ball is Vice President & Treasurer of Oracle Corporation. The Company belongs to the corporate group centered on Oracle Corporation. Oracle Corporation is special related entities to the Company. For information on the relationship of the Company with Oracle Corporation, please refer to Relationship with the parent company of (5) Parent company and consolidated subsidiaries in 1. OVERVIEW OF THE COMPANY” of attached document.
    - (2) Mr. Gregory R. Davies is Vice President, Finance of Oracle Corporation Asia Pacific & Japan and He belongs to Oracle Corporation Australia Pty Limited. The Company belongs to the corporate group centered on Oracle Corporation. Oracle Corporation Australia Pty Limited is special related entities to the Company.
  3. Candidates for outside directors
    - (1) Messrs. Derek H. Williams, John L. Hall, Eric R. Ball, Gregory R. Davies, Satoshi Ogishi and Shuhei Murayama are candidates for outside directors.
    - (2) Reason
 

The reasons why Messrs. Derek H. Williams, John L. Hall, Eric R. Ball and Gregory R. Davies are Outside Director’s candidates are that they make helpful statements about the Company’s management from their expert perspective as specialize in our products and services, and to have close coordination with the Company and Oracle Corporation.

Mr. Satoshi Ogishi is a qualified lawyer, and Mr. Shuhei Murayama is a qualified certified public accountant. They have experience and insight in corporate legal affairs and corporate accounting through their extensive experience in these roles and are therefore considered capable of providing oversight and giving advice on the Company’s management as appropriate as outside directors.
    - (3) Tenure of outside director (outside statutory auditor) of the Company (at the end of this shareholders meeting)
 

Derek H. Williams	Outside Director	10 years
John L. Hall	Outside Director	8 years
Eric R. Ball	Outside Director	5 years
Gregory R. Davies	Outside Director	4 year
    - (4) Agreements limiting liability for outside directors
 

The company stipulates its articles of incorporation for entering into agreement with outside directors and for limiting their liabilities so that directors may perform properly the roles expected of them in carrying out the duties of directors, and valuable human resources may be invited as outside directors. Please refer to “③Summary of agreements limiting liability (3)Outside Directors in 4. DIRECTORS” of attached document for the summary of the agreements. The Company has concluded agreements limiting the liability with current outside directors. If the current outside directors are appointed, the Company renews the current agreements with each of them. And if the new outside directors are appointed, the Company signs the agreements with each of them.
  4. Notifications of Directors, Satoshi Ogishi and Shuhei Murayama satisfy the requirements of Independent Director stipulated in Rule of the Securities Listing Regulations of the Tokyo Stock Exchange.

Reason for selecting the candidates:

The nomination committee decided that current 6 directors have been providing invaluable role as supposed to the directors for deciding important business judgments and supervision of the business operation of the company based on their expertise, and it is appropriate to serve as director of the company continuously.

The nomination committee also decided that Mr. Satoshi Ogishi and Mr. Shuhei Murayama, new candidates, have experience and insight in corporate legal affairs and corporate accounting through their extensive experience as a lawyer and as a certified public accountant, respectively, and that they will be able to perform their duties as outside directors by providing oversight and giving advice on the Company's management as appropriate.

**Proposal 3: Issuance of share warrants to Directors, Executive Officers and Employees of the Company**

We ask shareholders to approve a proposal that, based on the guidelines below, share warrants be allotted as stock options to the directors, executive officers and employees of the Company under the provisions of Article 236, Article 238 and Article 239 of the Companies Act and the decision on the details of the offer be delegated to the Board of Directors or the Corporate Executive Officer to whom a mandate is given by the a resolution of the Board of Directors.

1. Persons to whom share warrants are allotted

Directors, executive officers and employees of the Company

2. Details of share warrants

(1) Type and number of shares subject to the share warrants

Up to 330,000 shares of the ordinary stock of the Company

When the Company conducts a stock split or a reverse stock split, the number of shares shall be adjusted based on the formula below, and any fraction of less than one share arising from the adjustment shall be rounded off. However, this adjustment shall be made only for the number of shares subject to the share warrants that are not yet exercised at the time by the persons receiving the allotment.

$$\frac{\text{Number of shares after adjustment}}{\text{Number of shares before adjustment}} = \text{Ratio of stock split or reverse stock split}$$

Other than the above, when any unavoidable factor that requires the adjustment of the number of shares arises after the date of this resolution, the necessary adjustment shall be made to the number of shares to the extent reasonable.

(2) Value of an asset to be purchased at the time of exercising the share warrants

The payment amount per share warrant shall be obtained by multiplying the payment amount per share which is determined as described below by the number of shares per share warrant.

The payment amount per share shall be the average of the closing price of the Company's ordinary shares in regular transactions on the Tokyo Stock Exchange on each day (excluding days when there is no trading) in the month prior to the month to which the day when the share warrants are allotted (hereinafter the "allotment day") belongs. However, if the amount is below the closing price on the allotment day (if there is no trading on that day, the closing price on the day immediately prior to the allotment day), it shall be the closing price on the allotment day. If the Company conducts a stock split or a reverse stock split after the allotment day, the payment amount shall be adjusted based on the formula below, and any fraction of less than one yen arising from the adjustment shall be rounded up.

$$\frac{\text{Payment amount after adjustment}}{\text{Payment amount before adjustment}} = \frac{1}{\text{Ratio of stock split or reverse stock split}}$$

Payment amount after adjustment according to above adjustment shall be applied the next day of the reference date in case of share split, and the date of entry into force in case of reverse split. However, if the share split is subject to the approval of shareholders meeting's resolution regarding the proposal of reduction of retained earnings reserves and increases capital stock or legal surplus and reference date of share split is before the shareholders meeting date, the payment amount after adjustment shall be applied right after the approval of the shareholders' meeting, retroactively to the next day of the reference date.

Also, in case of above, the adjustment shall be made to the holders of share warrant who exercised their share warrant between the reference date of share split and by the end of the shareholders meeting (the issued or transferred shares by this execution referred to as "Exercise share amount before the approval"). The allotted share amount shall be adjusted based on the formula below, and any fraction of less than one share arising from the adjustment shall be rounded down.

$$\text{The number of newly issued shares} = \frac{\left[ \text{Payment amount before adjustment} - \text{Payment amount after adjustment} \right] \times \text{Exercise share amount before the approval}}{\text{Payment amount after adjustment}}$$

When issuing ordinary shares after the allotment day at a price below their market value (except for the exercise of share warrants stipulated in the Article 236, 238 and 240 of The Company Law) or when disposing of treasury shares, the payment amount shall be adjusted based on the formula below. Any fraction of less than one yen arising from the adjustment shall be rounded up.

$$\text{Payment amount after adjustment} = \text{Payment amount before adjustment} \times \frac{\text{Number of shares outstanding} + \frac{\text{Number of newly issued shares} \times \text{Payment amount per share}}{\text{Market value per share}}}{\text{Number of shares outstanding} + \text{Number of newly issued shares}}$$

The "number of share outstanding" in the above formula shall be the number of shares obtained by subtracting the number of shares of treasury stock held by the Company from the total number of shares issued. When disposing of treasury stock, the "number of newly issued shares" shall be replaced by the "number of shares of treasury stock subject to disposal."

Other than the above, when conducting a merger or a demerger, when conducting a free distribution of shares or when any unavoidable factor that requires the adjustment of the number of shares has occurred after the allotment day, the necessary adjustment may be made to the payment amount to the extent reasonable, taking the conditions for the merger and demerger, etc. into account.

### (3) Exercise period of the share warrants

From the day when two years have elapsed following the resolution of the Board of Directors of the share warrants to the day when ten years have elapsed following the resolution day.

(4) Matters relating to increase in capital stock and capital reserve when issuing shares with the exercise of the share warrants

- ① The increase in capital stock when shares are issued with the exercise of share warrants shall be half of the limit of increase of capital stock, etc. that is calculated in accordance with Article 40, Paragraph 1 of the Corporate Calculation Regulations. Any fraction of less than one yen arising from the calculation shall be rounded up.
- ② The increase in capital reserve when shares are issued with the exercise of the share warrants shall be the amount obtained by subtracting the increase in capital stock described in ① above from amount of the limit of increase of capital stock in above ①

(5) Restriction on the assignment of share warrants

The approval of the Board of Directors shall be required for the assignment of share warrants.

3. Number of share warrants

Up to 3,300 share warrants.

(The number of shares subject to one share warrant shall be 100 shares. However, if the number of shares is adjusted as stipulated in 2. (1), a similar adjustment shall be made.)

4. Payment amount of the share warrants

A payment of cash shall not be required for the share warrants.

5. Reason for granting share warrants with especially advantageous conditions

To implement a stock option system with the purpose of improving motivation and morale for a superior performance by the employees of the Company.

6. Conditions for the exercise of the share warrants

(1) Persons who receive the allotment of share warrant need to be directors, executive officers and employees of the Company at the time of exercising the share warrants. However, only if certain requirements set out in the equity warrant allotment agreement (hereinafter referred to as the “allotment agreement”) concluded between the Company and a person who receives the allotment are met, shall a person be able to continue to exercise the share warrants ever after the person has relinquished his/her position as a directors, executive officers and employee of the Company.

(2) Part or all of the share warrants allotted may be exercised based on the following categories.

- ① Once two years have elapsed following the allotment day of the share warrants, half of the rights allotted may be exercised.
- ② Once four years have elapsed following the allotment day of the share warrants, all of the rights allotted may be exercised.

## 7. Acquisition events of the share warrant

When approval is given to any of the agenda items of ①, ②, ③, ④ or ⑤ below at a general meeting of shareholders (or when a resolution of the Board of Directors of the Company is made in the case that a resolution of a general meeting of shareholder is unnecessary), the Company may acquire the share warrants free of charge on a date separately set out by the Board of Directors.

① Proposal for approval of a merger agreement by which the Company will become a dissolving company

② Proposal for approval of a demerger agreement or a demerger plan by which the Company will become a split company

③ Proposal for an approval of a stock swap agreement or a stock transfer plan by which the Company will become a wholly owned subsidiary

④ Proposal for an approval of the amendment of the Articles of Incorporation to set up a provision requiring the Company's approval for the acquisition of shares issued by the Company through assignment as the details of all shares

⑤ Proposal for an approval of the amendment of the Articles of Incorporation to set up a provision requiring the Company's approval for the acquisition of shares subject to the share warrants through assignment, as the details of the shares or as a provision for the acquisition by the Company of all shares of relevant types based on a resolution of a general meeting of shareholders.

## 8. Others

Other offering conditions and details of the share warrants shall be subject to the provisions of the allotment agreement concluded between the Company and those who receive the allotment based on a decision made by the corporate executive officer to whom a mandate is given by a resolution of this general meeting of shareholders and the Board of Directors or based on a resolution of the Board of Directors in the future.
