## Oracle Lifetime Support From Five Years to Forever

### Oracle and Sun System Software

Maximize your support investment and unlock the full value of your Oracle products with the industry's leading support.

Simple, predictable, flexible, and the most comprehensive coverage available, Oracle support helps drive your business success across your entire technology environment, from database to middleware to applications and to hardware—an industry first, only from Oracle.

Oracle support puts you in control of your IT planning and budgeting, while positioning you to take advantage of Oracle's technology leadership. With Oracle support, you'll enjoy continued peace of mind, knowing that we'll always be there to support your business.

# Lifetime Support Policy:

## Our Commitment to Deliver a Superior Ownership Experience

### **Oracle Premier Support For Software**

You've made an investment in Oracle solutions to make your business more efficient, cost-effective, risk-resistant and competitive. Now get the most value from that investment with Premier Support—Oracle's award-winning support program.

Oracle Premier Support offers single-point accountability and the rights to major product releases for the complete technology stack including Sun server and storage software, as well as database, middleware and applications software.

With Oracle Premier Support, you know up front and with certainty how long your Oracle products are supported. Oracle Premier Support provides a standard five year technical support period. For most products, Oracle extends the technical support period by offering an additional three years of Extended Support and indefinite Sustaining Support.

As an Oracle customer, you can expect the best with Premier Support, our next generation support program. You benefit from:

- Major product and technology releases for software
- Program updates, fixes and security alerts
- General maintenance releases, selected functionality releases and documentation updates
- Upgrade tools/scripts
- Certification with most new third-party products/versions and most new Oracle products
- Assistance with service requests 24 hours per day, 7 days a week
- Access to My Oracle Support
- Non-technical customer service during normal business hours

### **Extended Support For Software**

For selected products, Oracle may extend the technical support period by offering Extended Support for a three year period. With Extended Support, you receive access to technical experts, backed by industry leading online tools and knowledgebase resources. You benefit from:

- Major product and technology releases for software
- Program updates, fixes and security alerts
- General maintenance releases, selected functionality releases and documentation updates
- Upgrade tools/scripts
- Assistance with service request 24 hours per day, 7 days a week
- Access to My Oracle Support
- Non-technical customer service during normal business hours
- Extended Support does not include:
  - Certification with most new third-party products/versions or most new Oracle products

## Sustaining Support For Software

For selected products, Oracle may offer Sustaining Support for an indefinite period. Sustaining Support applies after Extended Support expires or should you not purchase Extended Support, immediately after Premier expires. With Sustaining Support, you receive continued access to technical experts, backed by industry leading online tools and knowledgebase resources. You benefit from:

- Major product and technology releases for software
- Program updates, fixes and security alerts created during the Premier Support period
- General maintenance releases, selected functionality releases and documentation updates created during the Premier Support period
- Upgrade tools/scripts created during the Premier Support period
- Assistance with service request 24 hours per day, 7 days a week
- Access to My Oracle Support
- Non-technical customer service during normal business hours
- Sustaining Support does not include:
  - New program updates, fixes, security alerts, general maintenance releases, selected functionality releases and documentation updates or upgrade tools
  - Certification with most new third-party products/versions and most new Oracle products
  - 24 hour commitment and response guidelines for Severity 1 service requests
  - Previously released fixes or updates that Oracle no longer supports

For more details on program deliverables, please refer to the appropriate datasheets and support policy documents located at [www.oracle.com](http://www.oracle.com).

## Oracle Premier Support for Operating Systems

Your investment in Oracle Solaris, OpenSolaris, Trusted Solaris 8, Oracle Linux, or Oracle VM enables you to handle the most demanding IT applications with world record performance. Now protect your technology investment and keep your business operations running effectively and efficiently with Oracle Premier Support.

If you are running Oracle Solaris, OpenSolaris, Trusted Solaris 8, Oracle Linux, or Oracle VM or any combination of these products on your systems and you have opted not to purchase [complete system coverage](#), this is the service offering for you.

Oracle Premier Support provides a minimum ten-year support period and for selected releases, Oracle may extend the technical support period by offering an additional three years of Extended Support and/or indefinite Sustaining Support.

Receive award-winning support, access to new software innovation and proactive support tools for any or all of these leading software products for one great price. For two decades, Oracle has set new standards of performance covering its entire range of products. By choosing Oracle Premier Support, you can place your trust in a recognized leader in support to keep your systems running smoothly while you focus on meeting your business goals. You benefit from:

- Major product and technology releases for Oracle Solaris and Oracle Linux operating systems software and integrated software
- Program updates, patches, fixes, security patches and security alerts
- Critical Patch Updates for Oracle Solaris operating system software
- Access to certain Oracle Linux security patches that may be applied while your hardware system is operating and does not require a system reboot
- Upgrade tools/scripts(when offered)
- General maintenance releases, selected functionality releases and documentation updates (when offered)
- Certification with most new third-party products/versions or most new Oracle products
- Backport of fixes for any Oracle Linux or Oracle VM program released from Oracle for a period of 6 months from the date the next release of the program becomes generally available
- Access to My Oracle Support-(24x7 web-based customer support systems) , including the ability to log service request online
- Assistance with service requests 24 hours per day, 7 days a week
- 24x7 access to Oracle Unbreakable Linux Network
- Right to use Oracle Enterprise Manager Ops Center
- Hardware certification
- Non-technical customer service during normal business hours

## Extended Support For Operating Systems

For selected Oracle Linux and Oracle Solaris operating system software releases, Oracle may extend the technical support period by offering Extended Support for a three year period. With Extended Support, you receive access to technical experts, backed by industry leading online tools and knowledgebase resources. You benefit from:

- Major product and technology releases for Oracle Solaris and Oracle Linux operating system software
- Program updates
- Fixes, security patches, security alerts, and critical patch updates for Oracle Solaris operating system software
- Access to Oracle Linux operating system patches and fixes for critical security errata and select high-impact critical bug fixes
- Access to certain Oracle Linux security patches that may be applied while your hardware system is operating and does not require a system reboot
- Upgrade tools/scripts (when offered)
- General maintenance releases, selected functionality releases and documentation updates (when offered)
- Access to My Oracle Support-(24x7 web-based customer support systems) , including the ability to log service request online
- Assistance with service requests 24 hours per day, 7 days a week
- 24x7 access to Oracle Unbreakable Linux Network
- Right to use Oracle Enterprise Manager Ops Center
- Non-technical customer service during normal business hours

Extended Support does not include:

- Certification with most new third-party products
- Hardware certification
- Backport of fixes for any Oracle Linux program

Extended Support is not available for OpenSolaris, Trusted Solaris 8, and Oracle VM

## Sustaining Support For Operating Systems

For selected products, Oracle may offer Sustaining Support for an indefinite period. Sustaining Support applies after Extended Support expires or should you not purchase Extended Support, immediately after Premier expires. With Sustaining Support, you receive continued access to technical experts, backed by industry leading online tools and knowledgebase resources. You benefit from:

- Program updates, patches, fixes, security patches and security alerts created during the Oracle Premier Support period
- General maintenance releases, selected functionality releases and documentation updates created during the Oracle Premier Support period
- Upgrade tools/scripts created during the Oracle Premier Support period
- Critical patch updates for Oracle Solaris operating systems created during the Oracle Premier and Extended Support period
- Assistance with service requests, on a commercially reasonable basis, 24 hours per day, 7 days a week
- Access to My Oracle Support-(24x7 web-based customer support systems) , including the ability to log service request online
- 24x7 access to Oracle Unbreakable Linux Network
- Right to use Oracle Enterprise Manager Ops Center
- Non-technical customer service during normal business hours
- Sustaining Support does not include:
  - New program updates, patches, fixes, security patches, security alerts, critical patch updates, general maintenance releases, selected functionality releases, documentation updates or upgrade tools
  - New critical patch updates for Oracle Solaris operating system software
  - New upgrade tools
  - Certification with most new third-party products
  - 24 hour commitment and response guidelines for Severity 1 service requests
  - Previously released fixes or updates that Oracle no longer supports
  - Hardware certification
  - Backport of fixes for any Oracle Linux program

For more details on program deliverables, please refer to the appropriate datasheets and support policy documents located at [www.oracle.com](http://www.oracle.com).

## Oracle's Solaris Releases

Release	GA Date	Premier Support Ends	Extended Support Ends	Sustaining Support Ends

Solaris 11.3 <sup>2,4,6</sup>	Oct 2015	Jan 2021	Jan 2024	Indefinite
Solaris 11.4 <sup>2,4,7</sup>	Aug 2018	Nov 2031	Nov 2034	Indefinite

<sup>1</sup>Trusted Solaris 8.x has been superseded by Solaris 10 11/06 with Trusted Extensions and subsequent releases of Solaris 10 with Trusted Extensions. For more details please see the Common Criteria Evaluated Oracle Products website located at <http://www.oracle.com/technetwork/topics/security/oracle-cc-evalsolaris-083233.html>

<sup>2</sup>With the release of Oracle VM Server for SPARC 2.0 (LDoms), this product will follow the lifecycle of the hardware platform.

<sup>3</sup>Oracle Solaris Legacy Containers includes both Oracle Solaris 8 Containers and Oracle Solaris 9 Containers.

<sup>4</sup>For more detailed information on Free and Open Source Software (FOSS) Support in Oracle Solaris, please see associated policy found in My Oracle Support, <https://support.oracle.com/CSP/main/article?cmd=show&type=NOT&id=1400676.1>

<sup>5</sup>For Oracle Solaris 8, a limited service providing Severity 1 fixes will be available after July 2012. For details please refer to the Oracle Hardware and Systems Support Policies: <http://www.oracle.com/us/support/library/hardware-systems-support-policies-069182.pdf>

<sup>6</sup>Solaris 11.0, 11.1, 11.2 fixes are delivered in the form of the updates available in the most recent versions of Solaris 11. Solaris 11 updates are provided through Support Repository Updates (SRU), or through Limited Support Updates (LSU) for Solaris 11.3 after Aug/2018. Users may be required to update to a newer SRU or LSU to obtain fixes for issues in systems covered by Premier Support or apply an Interim Diagnostic or Relief (IDR) update. For systems covered by Extended Support, fixes may be provided through IDR updates and/or LSUs.

<sup>7</sup>Solaris 11.4 follows a Continuous Delivery model, where new functionality is delivered as updates to the existing release; upgrades are not required to gain access to new features and capabilities. As a result, Support dates are evaluated for update annually, and will be provided through at least the dates above.
