

Proven Financial Strategies for Small and Medium Businesses

Small- and medium-business IT budgets may be more constrained than those of larger enterprises, but that shouldn't prevent implementation of best-of-breed technologies. Oracle Financing helps smaller companies minimize the risk and maximize the competitive advantage of acquiring enterprise-class products and services.

With Oracle Financing as your partner in IT investments, you can:

Get the products and services you need, when you need them

Don't delay growth by postponing critical IT acquisitions; make the investment now with flexible payment plans from Oracle Financing.

Reduce costs, improve cash flow, and increase purchasing power

By tailoring a payment plan to your unique business needs, Oracle Financing helps keep the cost of entry for new technologies low, so precious capital can be preserved and credit lines reserved for other strategic business investments.

Access total solution financing and leasing for an entire IT operation

Oracle Financing provides streamlined approval and documentation processes that simplify IT purchasing. Whether buying directly from Oracle or from an Oracle partner, Oracle Financing can help meet business and IT objectives and accelerate the benefits of your Oracle solution.
