

North American Payroll Tax Updates for PeopleSoft HCM

Oracle Advanced Customer Services provides mission-critical support to help reduce risk, accelerate adoption, and maximize performance for Oracle PeopleSoft. Oracle Advanced Customer Services offers North American Payroll Tax Updates for specific PeopleSoft Human Capital Management (HCM) releases.

OVERVIEW

The North American Payroll Tax Updates solution offered by Oracle Advanced Customer Services provides software updates for Oracle Premier Support customers who have not yet upgraded to the latest release of Oracle's PeopleSoft HCM. Customers using older releases, which have moved into Sustaining Support, will no longer receive the necessary payroll tax updates and patches delivered by Oracle. A tax update solution, offered by Oracle Advanced Customer Services, is available so customers can keep current with legislative changes for payroll.

NORTH AMERICAN PAYROLL TAX UPDATES

The North American Payroll Tax Updates solution delivers five tax updates per year. These updates are delivered on the same schedule as North American payroll tax updates for releases under Oracle Premier Support.

This service is available for PeopleSoft HCM Releases 8.8, 9.0, and 9.1 as shown in the table below:
