TIME (PST)	TRACK	LOCATION
6:45am – 5:00pm	<b>Registration</b>	Palm Foyer
7:30am – 8:30am	<b>Breakfast</b>	Seaport Ballroom
8:30am – 10:30am	<b>General Session:</b> Welcome to Customer Edge! We'll begin each day together in general sessions designed to ignite your spark and get ready for the day ahead. Day one we'll kick off with our SoCal industry leader panel and hear from local utilities about how they're driving sustainability and reliability programs while serving their communities. Then we'll hand the mic over to our product leaders who will give you a sneak peek into exciting product updates across our portfolio. Finally, we'll be joined by security experts for a check in on the latest cybersecurity news in the industry.	Seaport Ballroom
10:00am – 5:00pm	<b>Innovation Hub:</b> Meet our Innovation Team! Enjoy immersive experiences that allow you to explore the future of water and	Seaport Foyer

	energy. We will have virtual reality, augmented reality, model town, interactive self-guided demos, and much more!	
10:45am – 12:00pm	<p><b>Meter Operations Product Updates &amp; Roadmap</b></p> <p>Learn about the latest enhancements to Oracle Utilities metering solutions and what we have planned for the year ahead. With many customer-driven enhancements, this session will highlight features and functions that will be directly applicable to your business.</p> <p><b>Presenters:</b> <i>Layne Nelson, Senior Principal Product Manager &amp; Jason Kriendler, Director Product Management, Oracle</i></p>	Seaport F
12:00pm – 1:00pm	<p><b>Lunch</b></p>	Harbor Ballroom
1:00pm – 1:50pm	<p><b>Complex Billing Concepts</b></p> <p>Complex billing concepts have typically required a need for heavy customization and coding or even an external billing application. Previously advanced billing and usage management concepts are now becoming the normal with AMI related customer offerings in the area of demand response, shared/ community solar billing arrangements and energy balancing. Learn how to leverage Oracle Energy and Water solutions for achieving these complex billing concepts.</p> <p><b>Presenters:</b> <i>Ha Bui, Principal Solution Consultant &amp; Joven Luspo, Principal Solution Consultant, Oracle</i></p>	Seaport F
2:00pm – 2:50pm	<p><b>Maximizing Business Outcomes from MDM/AMI Investments</b></p> <p>Meter Data Management (MDM) can unlock immense value. It drives crucial business processes but also poses challenges if not planned and implemented properly. Abjayon has implemented Oracle Energy and Water MDM for more than 25 M global smart meters. In this session, Abjayon will provide insights on:</p> <ol style="list-style-type: none"> <li>1. Scaling MDM for utilities with different risk appetites for business process change (Fast scale-up vs Mindful scaling)</li> <li>2. Best practices for grid operations, e.g. transformer load management</li> <li>3. Enabling Load Aggregation Management for DSM</li> <li>4. Machine learning enabled revenue protection and distribution operations</li> </ol> <p><b>Presenter:</b> <i>Rohit Pareek, Executive Vice President, Strategy and Consulting, Abjayon, Inc.</i></p>	Seaport F
2:50pm – 3:10pm	<p><b>Break</b></p>	
3:10pm – 4:00pm Oracle Uncovered Discovery Track	<p><b>Welcome to the Community!</b></p> <p>Join this session to discover Oracle Energy and Water's mission and vision, future goals, input from our user groups, &amp; an overview of our offered solutions and how they connect. Plus,</p>	Seaport F

6:30am – 7:15am	<b>Yoga</b>	Hillcrest CD
7:00am – 2:00pm	<b>Registration</b>	Palm Foyer
7:30am – 8:30am	<b>Breakfast</b>	Seaport Ballroom
8:30am – 10:30am	<p><b>General Session:</b> Are you ready for day two? Our second day of Customer Edge is all about innovation. We'll start off with a bang as we announce and celebrate this year's Changemaker Award winners. We'll then be joined by Oracle leaders to discuss the future of technology as we see it and showcase some exciting projects that are exploring the limits of what's possible in the industry. And finally, we are thrilled to have Josh Linkner, world-renowned innovation expert, join us for some creative troublemaking to leave you buzzing and ready to drive industry transformation.</p>	Seaport Ballroom

10:00am – 5:00pm	<b>Innovation Hub:</b> Meet our Innovation Team! Enjoy immersive experiences that allow you to explore the future of water and energy. We will have virtual reality, augmented reality, model town, interactive self-guided demos, and much more!	Seaport Foyer
10:45am – 12:00pm	<b>Water—this one is for you!</b> Think you don't need that Meter Data Management (MDM) solution? Think again. Your AMI "lite" solution is not the same as Oracle's MDM solution. Our unique value that MDM offers to water utilities is around automation of field activities, preparing for the future of rates structures, manager meter read performance regardless of technology, AND even better estimations and validations for non-AMI meters. <b>Presenters:</b> <i>Maria De Chellis, Senior Director, Strategy &amp; Value &amp; Dezso Illyes, Principal Global Consultant, Strategy &amp; Value, Oracle</i>	Seaport F
12:00pm – 1:00pm	<b>Lunch</b>	Harbor Ballroom
1:00pm – 1:50pm	<b>AEP: MDM Road-mapping into a cloud world</b> Longtime customer American Electric Power (AEP) serves 5.5 million customers in seven states with a strong portfolio of solutions across their utility operations. We will hear from AEP System Architect, Christopher Cole, on their MDM history and strategic roadmap, including Oracle Utilities Market Settlements Management (MSM). He will share project insights from their CCS phase 1 rollout and how they incorporate Oracle Utilities Testing Accelerator (OUTA). Christopher will share their Interval Billing approach and proof of concept, the benefits and barriers of their project, and their adaptability to meet market needs in the dynamic energy landscape. <b>Presenters:</b> <i>Christopher Cole, Principal System Architect from AEP, Layne Nelson, Senior Principal Product Manager &amp; Sid Proadhan, Senior Director, Account Delivery, Oracle</i>	Seaport F
1:50pm -2:10pm	<b>Break</b>	
2:10pm -3:00pm Oracle Uncovered Discovery Track	<b>SaaS Transformation Mindset - Supporting your journey to the cloud</b> Join this session to learn more about the breakdown of roles and responsibilities, the guided learning paths available and what you should expect from your system integrators and project teams during implementation and after go-live. We'll dive deep into the differences between on premise and SaaS, mapping a clear migration plan, stakeholder management, tools and support available, and more. <b>Presenters:</b> <i>Manpreet Hundal, Sr. Director Enablement, Rochelle Cister,</i>	Seaport F

	<p><i>Consulting Customer Solutions Director, Calvin Tu, Senior Director, Utilities Cloud Solutions and Brian Michel, Director, Product Management, Oracle</i></p>	
<p>2:10pm -3:00pm Interactive Workshops</p>	<p><b>Peer Panel: Innovation in affordability, community programs, and external partnerships</b></p> <p>Yesterday’s programs for assistance consisted of payment arrangements, budget billing, or perhaps a reduced rate. Today, utilities are creating innovative new programs where renewable energy programs are piloting homes for low-income communities, public-private partnerships are being designed helping small commercial organizations, and new community organizations are engaging with utilities to help in alternate ways such as plumbing and energy efficiency repairs. Learn about what your peers are doing, ask questions, and bring home some new ideas.</p> <p><b>Presenters:</b> <i>Chimaobi C. Chijioke, VP Customer Services, Georgia Power; Antoine Tilmon, VP Customer Operations NV Energy – BHE along with Maria De Chellis, Senior Director, Strategy &amp; Value</i></p>	<p>Seaport GH</p>
<p>2:10pm -3:00pm Changemakers Discovery Track</p>	<p><b>Oracle Ignite Kick Off: Demystifying Next Gen Tech</b></p> <p>Roll up your sleeves and put your thinking caps on...it's time to dive in. Tuesday afternoon we invite you all to join the Oracle Ignite Series, during which you will join teams to develop and pitch innovative solutions to real-world problems using next generation tech. In true Ignite fashion, all presentations will be 20 slides, in just 5 minutes, with slides automatically advancing after 15 seconds. Quick, powerful, and a whole lot of fun!</p> <p><b>Ignite Kick Off:</b> Let's get started in our Ignite Series by exploring technologies that could have big implications for the industry. Four experts will each be challenged to deliver a 5 minute Ignite-style session laying out their chosen technology. Their goal: convince you to join their team for the next phase of the Ignite Series.</p> <p><b>Ignite Leaders:</b> <i>Caitlin Aburrow, Senior Director Global Product Marketing; Jason Duncan-Wilson, Senior Director Product Incubator; Jason Strautman, VP Data Science &amp; Analytics Engineering; Jack Lucy, Master Principal Sales Consultant; Paul Hesby, Senior Solution Manager; Ashish Agarwal, Director Utility Innovation Lab and Burcin Kaplanoglu, VP Oracle Industry Labs</i></p>	<p>Seaport A-E</p>
