

By keeping payments moving, Oracle Textura keeps your projects moving

Builders, owners, and subcontractors have trusted Oracle to improve payment outcomes on more than US\$1 trillion in construction projects.

The construction industry counts on Oracle Textura

Oracle Textura Payment Management is a collaborative cloud solution that simplifies the construction billing and payments process. That's why the industry trusts Oracle Textura to keep payments—and projects—moving forward.

“We run a lean and efficient accounting department; thanks to Oracle Textura, we have one resource dedicated to all the subcontractor accounts payable across all our projects, which is roughly a billion dollars in revenue! We couldn't do it without this platform and service.”

Lorie Eaker, CCIFP, Controller, Adolfsen & Peterson Construction

What you can do with Oracle Textura

✓ Improve productivity
Make claim and payments processes more efficient with streamlined workflows, automation, and ERP and Aconex integration.

☑ Mitigate risk
Manage compliance requirements, SoPA/CCA adherence, and documentation with centralised tracking

⚡ Accelerate cash flow
Remove friction from the payment process with early payment tools and integration into your ERP.

🛡 Foster trust
Offer visibility and transparency to all stakeholders with a single collaboration platform.

🏠 Easily access data
Easily access your payment data for reporting and analytics across projects with a 360-degree view of the supply chain.

🏢 Get expert support
Enjoy dedicated support at no extra cost during implementation and for as long as you use the application with Client Services.

“It's the software equivalent of a turnkey construction project. I've never seen another technology vendor so in-tune with the construction industry as it relates to their business strategy and pricing model.”

Bryan Kaplan, President, Reliance Construction Group

Everything you need to optimise claims and payments

See how Oracle Textura Payment Management can help your organisation streamline and automate claims payments processes to increase efficiency, visibility, and control.
