ORACLE

4 reasons now is the time to migrate to Oracle Fusion Cloud ERP

Did you know that 87%* of organizations are already executing a digital-first strategy? As part of that strategy, business and IT leaders are faced with a decision: Do they keep and update their current on-premises ERP systems or migrate to the cloud? The latest research from IDC and the Oracle Value Realization program reveals the top reasons many companies chose Oracle Fusion Cloud Enterprise Resource Planning (ERP)—and why now is the time to make your move.
