2:10pm- 3:00pm	Peer Panel: Innovation in affordability, community programs, and external partnerships Yesterday's programs for assistance consisted of payment arrangements, budget billing, or perhaps a reduced rate. Today, utilities are creating innovative new programs where renewable energy programs are piloting homes for low-income communities, public-private partnerships are being designed helping small commercial organizations, and new community organizations are engaging with utilities to help in alternate ways such as plumbing and energy efficiency repairs. Learn about what your peers are doing, ask questions, and bring home some new ideas. Presenters: Chimaobi C. Chijioke, VP Customer Services, Georgia Power;	Interactive Workshops Discovery Track Seaport GH
