Oracle Database@Azure

Get the best of Oracle and Microsoft to accelerate cloud migration and boost innovation. Quickly build data-driven and AI apps and run your Oracle Database workloads in Microsoft Azure with OCI-level performance, security, and availability.

Benefits of Oracle Database@Azure

Innovate with Oracle and Microsoft services

Migrate and consolidate Oracle databases to Microsoft Azure

Simplify purchasing and operations

Oracle Autonomous Database is now generally available on Oracle Database@Azure

Accelerate app innovation with built-in AI and your choice of large language model, including Microsoft Azure OpenAI. Oracle Autonomous Database allows you to use SQL, JSON documents, graph, geospatial, text, and vectors in a single database to rapidly build new features with automated data security and resilience.

ORACLE DATABASE@AZURE
REQUEST FOR SAP CERTIFICATION
