From the desk of the Managing Editor

The Oracle Database Insider newsletter is changing. This is the first newsletter of that change, and you probably don't notice much different. It's true. Slight tweaks from previous editions, but this one is not too different. BUT! Change is coming. Change to make it better, and more relevant to the topics and news you need. My name is Bill Sawyer, and I am joining as Managing Editor. I am planning some exciting changes. But, this doesn't have to be a one-way conversation. Do you have thoughts on what you want to see? Email me at bill.sawyer@oracle.com.
