

The Oracle MICROS Kiosk Stand

With the growing demand for self-service solutions, increased requests for physical distinction, and unattended transactions, the Oracle MICROS Kiosk stand is the perfect solution for customer-facing self-serve applications. Complement your existing Oracle MICROS POS architecture with a kiosk solution. Leverage your existing Workstations 6 series, peripherals, and consumables to significantly reduce upfront acquisition costs.

KEY BENEFITS

The Oracle MICROS Kiosk can be fully integrated with your existing point of sale architecture to deliver exactly the type of service you and your customers want and expect.

It comes as a floor stand with modular options to accommodate multiple configurations in evolving environments.

It is designed to accommodate both landscape and portrait orientation for current and future Oracle MICROS workstations (Note: this initial release accommodates the Workstations 6 Series in landscape orientation only)

This kiosk stand can support existing Oracle MICROS POS components and can be purchased to re-purpose existing workstations or as an add-on when purchasing new workstations.

- Leverage existing workstations, peripherals and consumables
- Easy to install and move around
- Holes in the base enable secure bolting to the ground to prevent tipping
- Leveling bolts to stabilize on uneven floors
- Easy cable management inside the case
- Compatibility with multiple printers with easy access to printing paper
- Securely support multiple EMV payment devices with extension brackets
- Accommodate scanner and fingerprint reader
