

**April 20, 2020 (September 2020: Latest Release updated to Oracle E-Business Suite 12.2.10)**

## Announcement: Oracle E-Business Suite 12.2 Premier Support Extended Through at Least 2031

In June 2018, Oracle [announced](#) a “Continuous Innovation” release model for Oracle E-Business Suite 12.2, delivering ongoing applications and technology stack updates for 12.2 without requiring a major upgrade. At the same time, we named 12.2 as the long-term support release for Oracle E-Business Suite, with Premier Support for Oracle E-Business Suite 12.2 available through at least 2030.

**We are now pleased to announce the extension of Premier Support for Oracle E-Business Suite 12.2 through at least 2031.**

Thousands of organizations around the world rely on Oracle E-Business Suite to run their key business operations. Oracle is committed to helping those organizations succeed. With our continued investment in new features and innovations, and the availability of Premier Support for Oracle E-Business Suite 12.2 through at least 2031, Oracle gives customers the ability to leverage their Oracle E-Business Suite investment for years to come.

At the same time as we add capabilities to Oracle E-Business Suite products, we are making enhancements to ensure that Oracle E-Business Suite can fully leverage Oracle Cloud Infrastructure and can coexist effectively with complementary Oracle SaaS applications.

### **Oracle E-Business Suite and the Promise of Oracle Applications Unlimited**

With our commitment to Continuous Innovation, and our extension through at least 2031 of Premier Support for Oracle E-Business 12.2, Oracle E-Business Suite aligns with other Applications Unlimited product lines (PeopleSoft, JD Edwards EnterpriseOne, Siebel CRM, and Hyperion) that also are providing Continuous Innovation and Premier Support through at least 2031.

This latest Premier Support extension for Oracle E-Business 12.2 should reassure customers who run critical operations on Oracle E-Business Suite that their systems will continue to be supported and enhanced for years to come.
