Do you know about:

increasing lead response rates and conversion rates?
without adding additional resources?

You can do more with Lead Scoring!

• Rank one lead against the other, based on their profile, interests, buying intentions, and engagement
• Systematically send sales-ready leads to sales, while nurturing those who are not ready with automated marketing campaigns
• Use lead scores to identify where a prospect is in the buying cycle and follow up with the right action
• Automatically re-score thousands of leads based on their current actions

Tremendous benefits:

• Efficiently deliver better qualified leads and sales for your business
• Drive targeted communications for increased ROI and conversions
• Boost customer engagement by providing timely, relevant follow-up
• Maximize every touchpoint by scoring and routing leads appropriately

Administrators can integrate lead scoring with your CRM to send qualified ranked leads for sales conversations at the right time. For more information, see Integrating Lead Scores with Your CRM

Users can systematically nurture customers to automate the appropriate follow-up for each lead. For more information, see Lead Scoring
