

# Migrate Oracle's Primavera P6 Enterprise Project Portfolio Management to the Cloud

Oracle Construction and Engineering Professional Services offers an accelerated migration path for existing customers to move to the latest release of Oracle's Primavera P6 Enterprise Project Portfolio Management in the Oracle Cloud with low risk. Our approach allows your organization to leverage the new features in the latest version of Primavera P6 EPPM, taking advantage of a cloud service model that, once migrated, includes upgrades and is based on our extensive experience implementing the Primavera suite of applications on the Oracle Red Stack.

## ENHANCE YOUR PRIMAVERA P6 EPPM INVESTMENT

Primavera Cloud applications are designed to address complex Project Portfolio Management requirements. They provide comprehensive business and industry solutions based on leading practices, enabling organizations to increase productivity, accelerate business performance, and provide a lower cost of ownership. Migrating Primavera P6 EPPM to the cloud offers the following:

- Take advantage of enhancements and the **continuous release cycle**
- Predictable monthly costs that include future **upgrades and maintenance** with Oracle Cloud Infrastructure for Industries Services
- Provide users with a modern user interface and greater **depth and breadth of functionality**
- Stay with the product that **your team already knows**
- Potential to **drastically reduce the total ownership cost** of your current Primavera application suite

## Migrate with Oracle's Primavera Experience

- **Leading Experience:** Oracle's own experienced consultants providing thought leadership for every Primavera solution.
- **Broad Coverage:** "End-to-end" lifecycle services across the entire Primavera product footprint.
- **True Cloud Method:** Based on industry standards, high-quality results across complex projects.
- **Flexible Delivery:** Onsite, offsite, and offshore, along with innovative solutions.

## Key Benefits

- Rapid migration, upgrade, design, configuration, and deployment
- Reduced costs
- Accelerated timelines
- Upgraded Primavera P6 application
- Risk mitigation

## MIGRATE YOUR USERS TO PRIMAVERA P6 EPPM CLOUD SERVICES

The Oracle Construction and Engineering Professional Services exclusive “lift and shift” approach makes it easy for customers to upgrade and migrate their organization’s existing Primavera P6 EPPM data and users into Primavera P6 EPPM in the cloud. Professional Services consultants will assist you with the following activities:

- **Migration Planning:** Oracle will review your current Primavera P6 EPPM environment and processes to determine the migration path and uptake of new functionality and develop a comprehensive plan to migrate to the cloud.
- **Primavera P6 Cloud On-Boarding:** Oracle will upgrade your existing Primavera P6 EPPM application to the latest version through our unique upgrade process. Oracle will migrate your upgraded Primavera application to your provisioned Primavera P6 EPPM Cloud Service environment.
- **Test and Go Live:** Oracle will guide your team through the critical steps necessary to validate the configuration of your Primavera P6 EPPM application and prepare your users for the cloud service.
- **Primavera P6 new features Uptake:** Our service delivery methodology is designed to help your organization maximize value and flexibility, by leveraging the new features inherent in the latest version of the application.

## ARE YOU A CANDIDATE?

Successful organizations are those that can readily adopt the business processes enabled by deployment of Primavera P6 EPPM Cloud Services, and have the agility to make decisions quickly. By doing so, organizations can reap the benefits of a comprehensive solution in the simplicity of the cloud, delivered in the most cost-effective manner by Oracle Construction and Engineering Professional Services.

## HOW ARE WE DIFFERENT?

Our team is focused exclusively on Primavera and other Oracle technologies, and we have the experts that others turn to for leading practices in Primavera and Oracle hardware and software implementations. We know how best to optimize your investment in Primavera products and can provide your business with tightly integrated, comprehensive, superior services throughout your ownership experience.

## GETTING STARTED

Leverage Oracle’s methods, tools, and extensive experience across diverse industries and geographies. We will provide you with a unified conduit to Primavera experts in Development, Support, Education, and Global Delivery, bringing the entire Oracle team to support your success.
