ORACLE APPLICATIONS

Maximize your support investment, unlock the full value of your Oracle products, and control your upgrade strategy—with the industry's leading support policy.

Simple, predictable, flexible, and the most comprehensive support policy available, the Oracle Lifetime Support Policy helps drive your business success. Oracle's industry-leading support policy covers your entire technology environment, from database to middleware to applications—an industry first, only from Oracle.

Oracle's Lifetime Support Policy also puts you in control of your upgrade strategy. Our flexible support policy stages make it easier for you to plan and budget for Oracle's exclusive product upgrades. You'll enjoy continued peace of mind, knowing that we'll always be there to support your business. When it's time to upgrade, you'll have rights to major product releases, so you can benefit from Oracle's technology leadership and keep pace with the world of business.

Expect lifetime support. Expect control of your technology future—with Oracle's Lifetime Support Policy.

ORACLE LIFETIME SUPPORT

From Five Years to Forever

Oracle Lifetime Support Policy

With Oracle Support, you know up front and with certainty how long your Oracle products are supported. The Lifetime Support Policy provides access to technical experts for as long as you license your Oracle products and consists of three support stages: Premier Support, Extended Support, and Sustaining Support. It delivers maximum value by providing you with rights to major product releases so you can take full advantage of technology and product enhancements. Your technology and your business keep moving forward together.

Premier Support provides a standard five-year support policy for Oracle Technology and Oracle Applications products. You can extend support for an additional three years with Extended Support for specific releases or receive indefinite technical support with Sustaining Support.

Note: unless otherwise noted, each stage of support is provided through the last day of the month.

Premier Support

As an Oracle customer, you can expect the best with Premier Support, our award-winning, next-generation support program. Premier Support provides you with maintenance and support of your Oracle Database, Oracle Fusion Middleware, and Oracle Applications for five years from their general availability date. You benefit from

- Major product and technology releases
- Technical support
- Access to My Oracle Support
- Updates, fixes, security alerts, data fixes, and critical patch updates
- Tax, legal, and regulatory updates
- Upgrade scripts
- Certification with most new third-party products/versions
- Certification with most new Oracle products

Extended Support

Your technology future is assured with Oracle's Extended Support. Extended Support lets you stay competitive, with the freedom to upgrade on your timetable. If you take advantage of Extended Support, it provides you with an extra three years of support for specific Oracle releases for an additional fee. You benefit from

- Major product and technology releases
- Technical support
- Access to My Oracle Support
- Updates, fixes, security alerts, data fixes, and critical patch updates
- Tax, legal, and regulatory updates
- Upgrade scripts
- Certification with most existing third-party products/versions
- Certification with most existing Oracle products

Extended Support may not include certification with some new third-party products/versions.

Oracle Applications Unlimited:
The Choice Is Yours

Oracle Applications Unlimited and the Lifetime Support Policy represent our commitment to deliver an Oracle Superior Ownership Experience by protecting and extending your investment through enhancements to the products and solutions you have licensed. Oracle Applications Unlimited gives you the option to do what is best for your business: continue to derive value from your existing applications or upgrade to next-generation Oracle Applications, such as those built on Oracle Fusion Middleware, when it makes business sense.

The choice is yours.

Sustaining Support

Sustaining Support puts you in control of your upgrade strategy. When Premier Support expires, if you choose not to purchase Extended Support, or when Extended Support expires, Sustaining Support will be available for as long as you license your Oracle products. With Sustaining Support, you receive technical support, including access to our online support tools, knowledgebases, and technical support experts. You benefit from

- Major product and technology releases
- Technical support
- Access to My Oracle Support
- Fixes, updates, and critical patch updates created during Premier Support and Extended Support (if offered and only after the Extended Support period ends)
- Upgrade scripts created during the Premier Support stage

Sustaining Support does not include

- New updates, fixes, security alerts, data fixes, and critical patch updates
- New tax, legal, and regulatory updates
- New upgrade scripts
- Certification with new third-party products/versions
- Certification with new Oracle products
- 24 hour commitment and response guidelines for Severity 1 service requests
- Previously released fixes or updates that Oracle no longer supports

For more specifics on Premier Support, Extended Support, and Sustaining Support, please refer to Oracle's "Technical Support Policies."

For additional details see the [Lifetime Support Summary for PeopleSoft Releases \(Doc ID 2238983.2\)](#).

PeopleSoft CRM, CS, ELM, FMS, ESA, SCM and HCM moved to a Continuous Innovation model with the initial delivery of the 9.2 release. Portal Solutions moved to Continuous Innovation for the 9.1 release. With Continuous Innovation, all new functionality is delivered as updates to the existing release; upgrades are not required to gain access to new features and capabilities. All fixes and updates are cumulative and available to all customers in the most current release.

Premier Support will be provided for Oracle's PeopleSoft Continuous Innovation Releases through the "Premier Support Through At Least" dates above. At Oracle's discretion, the "Premier Support Through At Least" dates above may be extended in one-year increments. Oracle currently has no plans to end Premier Support on the Oracle PeopleSoft Continuous Innovation Releases. However, if it is no longer practicable for Oracle to continue to provide Premier Support for these products, then Oracle reserves the right) not to extend the "Premier Through At Least" date and the existing date will be set as the End Date for Premier Support.

Continuous Innovation releases may contain individual products that Oracle will not extend support for beyond the already committed dates. In these cases, the products will be noted in the Oracle PeopleSoft Continuous Innovation Exceptions Table (below).

Oracle E-Business Suite Continuous Innovation Releases

Product	Latest Release	GA Date	Premier Support Through At Least	Extended Support	Sustaining Support Ends
12.2	12.2.14	Sep 2024	Dec 2036	Not Applicable	Indefinite

Oracle E-Business Suite has moved to a Continuous Innovation model for the 12.2 release. This means that E-Business Suite provides support via regular Oracle E-Business Suite Updates that can deliver new application functionality and feature enhancements, underlying technology stack updates, as well as fixes that have undergone thorough testing without a major upgrade.

Premier Support for Oracle E-Business Suite Continuous Innovation Releases will be provided through the “Premier Support Through At Least” date above. At Oracle’s discretion, the “Premier Support Through At Least” date above may be extended in one-year increments. Oracle currently has no plans to end Premier Support on the Oracle E-Business Suite Continuous Innovation Releases. However, if it is no longer practicable for Oracle to continue to provide Premier Support for these products, then Oracle reserves the right to not to extend the “Premier Support At Least Through” date and the existing date will be set as the End Date for Premier Support.

Customers running Oracle Fusion Middleware in the Oracle E-Business Suite 12.2 internal technology stack will remain supported on the embedded middleware versions for the duration of the support period for Oracle E-Business Suite 12.2.

Oracle Siebel Continuous Innovation Releases

Product	Latest Release	GA Date	Premier Support Through At Least	Extended Support Ends	Sustaining Support Ends
CRM 8.1/8.2	25.3	Mar 2025	Dec 2036	Not Applicable	Indefinite

Siebel CRM has moved to a Continuous Innovation model for the 8.1 and 8.2 releases. This means that Siebel provides support via regular Siebel CRM Updates that can deliver new functionality, incremental feature enhancements, as well as fixes that have undergone thorough testing. Updates are named by the year and month they are released.

Additional details can be found in [Oracle Siebel CRM Error Correction Policy \(Doc ID 1313941.1\)](#).

Premier Support for Oracle's Siebel Continuous Innovation Releases will be provided through the "Premier Support Through At Least" date above. At Oracle's discretion, the "Premier Support Through At Least" date above may be extended in one-year increments. Oracle currently has no plans to end Premier Support on the Oracle's Siebel Continuous Innovation Releases. However, if it is no longer practicable for Oracle to continue to provide Premier Support for these products, then Oracle reserves the right to not to extend the "Premier Support At Least Through" date and the existing date will be set as the End Date for Premier Support.

Continuous Innovation releases may contain individual products that Oracle will not extend support for beyond the already committed dates. In cases, the products will be noted in the Oracle Siebel Continuous Innovation Exceptions Table (below).

Hyperion Enterprise Performance Management moved to a Continuous Innovation model with the initial delivery of the 11.2 release. With Continuous Innovation, all new functionality is delivered as updates to the existing release; upgrades are not required to gain access to new features and capabilities. All fixes and updates are cumulative and available to all customers in the most current release.

Premier Support will be provided for Oracle's Hyperion Continuous Innovation Releases through the "Premier Support Through At Least" dates above. At Oracle's discretion, the "Premier Support Through At Least" dates above may be extended in one-year increments. Oracle currently has no plans to end Premier Support on the Oracle Hyperion Continuous Innovation Releases. However, if it is no longer practicable for Oracle to continue to provide Premier Support for these products, then Oracle reserves the right to not to extend the "Premier Through At Least" date and the existing date will be set as the End Date for Premier Support.

For more detailed information on bug fix and patch release policies, please refer to the [Oracle Enterprise Performance Management \(EPM\) 11.2 Software Error Correction Policy \(Doc ID 2749950.1\)](#).

Hyperion components (including, but not limited to, components such as Hyperion Financial Reporting, Hyperion Foundation Services, Hyperion Calculation Manager and Oracle Hyperion Smart View for Office) are supported according to the timeline noted above for the release of the product with which the component(s) were shipped.

We are committed to providing upgrade paths to the latest release of Oracle Fusion Applications (starting with 11g R2) from the latest major release of Oracle's Agile Product Lifecycle Management applications.

For releases earlier than the latest release, customers can use upgrade scripts to move to the latest release that has a direct path to Oracle Fusion Applications. We will evaluate all other upgrade path requests based on customer requirements.

Oracle Agile Product Lifecycle Management for Process 6.0, 6.1.1, 6.2 and 6.2.2 contains the following products: Agile Formulation and Compliance for Process, Agile New Product Development & Introduction for Process, Agile Product Data Management for Process, Agile Product Quality Management for Process and Agile Product Supplier Collaboration for Process.

For Agile Product Lifecycle Management for Process products, previous service pack releases will be supported for six months after the release date of a new service pack. Releases not detailed in the chart above will receive indefinite Sustaining Support.

We are committed to providing upgrade paths to the latest release of Oracle Fusion Applications (starting with 11g R2) from the latest major release of applications. For releases earlier than the latest release, customers can use upgrade scripts to move to the latest release that has a direct path to Oracle Fusion Applications. We will evaluate all other upgrade path requests based on customer requirements.
