The Company has the comprehensive product portfolio which consists of platform, applications, hardware which can be deployed on cloud environment and on-premise environment. Especially our software license products have been widely adopted in the field of mission critical systems, which have demanded high security, availability and high performance for many years. The Oracle Cloud, which the Company has focused on as a pillar of its new business, has been developed based on the same system architecture and technologies as these software licenses, and the Company enjoys a strength in enabling coordination and bidirectional migration between on-premises systems built with the software licenses products and the Oracle Cloud.

(Translation purposes only)

The Company is further accelerate to provide its Cloud services, which maximize the value of information by data-driven approaching and supporting services for customers to utilize our Cloud Services that we have been focusing on, hereby the Company drives its customers' DX.

The four measures which make "To Accelerate Cloud Transformation"

1) Realization of data-driven DX by SaaS

We promote aggressively DX by deploying and implementing Oracle Cloud ERP / HCM, / CX to our customers, which focuses on large-scale and strategic transactions.

2) Modernization of IT infrastructure with Hybrid Cloud

We move large-scale workloads of mission-critical systems to OCI (Oracle Cloud Infrastructure) and focus on increasing the number of cloud engineers.

3) Promotion of Social infrastructure DX

We strengthen the sales team of the public sector that has led to promote DX of social infrastructure, and support the Smart city projects of local governments.

4) Expansion of partner ecosystem

We support the buildup OCI / SaaS delivery system by deploying "Dedicated Region Cloud @Customer", which builds Oracle's public cloud in the customer's data center to strategic partners.

In the role of promoting strategy, the Company is expanding the capacity of two datacenters in Tokyo and Osaka region so that it has built Disaster Recovery service system and has delivered its cloud services corresponding to enterprise workload and security.

In terms of the structure of sales team, it deployed into Cloud and License, and newly built the sales team for specialized the public sector. We expand our cloud business by "Team Collaboration", add value sales with our support and consulting services.

(Glossary)

- Cloud service: Providing software and hardware resources which are used for IT system infrastructure at companies and other organizations as services under agreements for certain periods through the networks such as Internets.
- On-premises: A form of IT system developed and operated as the company's possession.

[Cloud & License]

Revenue in the Cloud & license segment was 84,227 million yen, up 3.4% from the corresponding period of the previous fiscal year and Operating income was 33,729 million yen, gaining 2.7%. Revenue in the Cloud license & on-premise license was 18,025 million yen (decreasing 12.2 % year on year), revenue in the Cloud services & license support was 66,201 million yen (increasing 8.7 % year on year).

This segment consists of the "Cloud license & on-premise license" that the Company sells software licenses for database management software, a range of middleware, and ERP and other business applications, etc., the "License support" that the Company provides software updates and technical support for customers using the Company's software licenses, and the "Cloud services" are services the Company provides the resources of software and hardware via the Internet.

In the Cloud license and on-premise license, the Company has developed its strength of products and services to its Customers under our strategy stated above.

Regarding our License business, in the last six months, given the state of emergency announced by the Government in Japan, we had to overcome the challenge as we conducted our business. Since starting this fiscal year, the market is showing gradually some signs of a recovery trend in IT investment which is not only for cost reduction but developing and growing their business. Revenue in License business decline year on year because of the previous large quarter, while we captured demands from the distribution service and the manufacturing industries. However we are continuously examining our business status henceforth owing to the range of investment momentum depends on the industry.

In terms of Partner business side, we are expanding our cooperative ties of alliance and creating new demands on SME market segment.

Concerning the Cloud services, we delivered some achieve results for Cloud Migration (from On-premise to Cloud services) which are mainly "Oracle Fusion Cloud ERP" to our install-based customers, and also it has been deployed to the new customers in variable industries for accelerating Cloud shifting. Regarding "Oracle Cloud Infrastructure (OCI)", there is a lot of demands from customers putting a weight on performance, security and cost effectiveness that has led to the usage of our Tokyo and Osaka region data center are successfully increasing continuously with expansion its Cloud datacenter.

NetSuite for SME market remained brisk performance in adding new customers who adopted Cloud ERP.

Also we have been keeping the high renewal rate of license support contracts and the attach rate for the Cloud license and on-premise license.

[Hardware systems]

Revenue in the Hardware systems segment was 7,101 million yen, down 12.8 % from the corresponding period of the previous fiscal year, Operating income was 317 million yen, decreasing 8.3%.

This segment consists of the Hardware systems product division which sells servers, storage, engineered systems and network devices, and provides operating systems and related software, and the Hardware systems support division which provides technical

support for hardware products, maintenance and repair services and updated versions of related software including operating systems.

The Company released “Oracle Exadata Database Machine X9M” (upgraded version of X8M) combines Intel® Optane™ DC persistent memory in September 2021. The inquiry for this machine is strong, while we have supply chain issues because of shortage of the semiconductor chip worldwide. Exadata X9M removes storage bottlenecks and dramatically increase performance for the most demanding workloads such as Online Transaction Processing (OLTP), analytics, IoT, fraud detection, and high frequency trading.

[Services]

Revenue in the Services segment was 10,756 million yen, up 0.8 % from the corresponding period of the previous fiscal year, Operating income was 2,456 million yen, up 10.4%. This segment consists of Consulting Services, which support the introduction of products of the Company and Advanced Customer Support Services, which provide a preventive maintenance service and a comprehensive operation management service for customers’ IT environments.

The number of composite projects from Consulting Services taking advantage of the Company’s comprehensive product and service portfolio has increased steadily. They include projects for platform transition from the on-premise environment to the IaaS and PaaS environment and those for linkage with SaaS solutions such as the ERP cloud.

(iii) Operating income

Operating income came to 34,079 million yen (up 3.1% from the same period a year earlier), due to the increase in sales in the Cloud & License segment (up 3.4% from the same period a year earlier).

Cost of sales came to 52,385 million yen (up 2.0% from the same period a year earlier). Royalties in the Cloud & License segment rose. On the other hand, purchases in the Hardware systems segment decreased.

Regarding selling, general and administrative expenses, as the result of decreasing human resources while increasing outsourcing expenses, it came to 15,620 million yen (down 1.1% from the same period a year earlier).

(IV) Non-operating profit and loss, ordinary income

As a result of appropriating non-operating profit and loss of 98 million yen (net), our ordinary income stood at 34,177 million yen (up 3.5% from the same period a year earlier).

(V) Net income

As a result of posting extraordinary income of “Gain on reversal of subscription rights to shares” (5 million yen), and income taxes (10,497 million yen), our current net income stood at 23,685 million yen (up 3.5% from the same period a year earlier).

(2) Analysis of financial position

During the first quarter of the current fiscal year, we paid a year-end dividend of 1,146 yen per share (including a special dividend of 992 yen per share).

(Assets)

Current assets at the end of the second quarter of the current fiscal year were 42,219 million yen (decreasing 38,819 million yen from the end of the previous fiscal year). We carried out early collection of a portion of long term loans receivable from subsidiaries and associates to Oracle Japan Holding Inc. (the parent company of the Company) and collected 100,000 million yen on July 29, 2021. This was carried out for the purpose of appropriation to the source of dividend payment, etc. in accordance with the resolution on dividend payment (effective date: August 4, 2021) at the Board of Directors meeting held on July 21, 2021, and dividends were paid.

Noncurrent assets of the Company at the end of the term stood at 152,147 million yen (decreasing 100,813 million yen from the previous fiscal year end). This was mainly due to a decrease in long term loans receivable from subsidiaries and associates (100,000 million yen) as a result of the early collection of a portion of long term loans receivable from subsidiaries and associates to Oracle Japan Holding Inc.(the parent company of the Company).

(Liabilities)

Total liabilities at the end of the term stood at 96,562 million yen (decreasing 17,437 million yen from the previous fiscal year end). This was mainly due to a decrease in contract liabilities (9,993 million yen).

(Translation purposes only)

(Net assets)

Total net assets at the end of the term decreased 122,195 million yen, to 97,804 million yen. This was mainly due to increases in both capital stock and capital surplus (21 million yen) due to the exercise of stock options, and as a result of the posting of net income (23,685 million yen) and the payment of dividends (146,949 million yen). Consequently, the ratio of shareholders' equity stood at 50.3% (a decrease of 15.5 percentage points from the end of the previous fiscal year).

In total, cash and equivalents at the end of the second quarter of the current fiscal year decreased 27,787 million yen from the end of the previous term, to 26,176 million yen.

(Cash flows from operating activities)

Cash generated from operating activities was 19,099 million yen (decreasing 13,591 million yen year on year). The inflow is attributable to the posting of income before income taxes of 34,182 million yen and a decrease in accounts receivable of 6,520 million yen. The outflows are attributable to a decrease in contract liabilities of 9,993 million yen, and the payment of 13,355 million yen in income taxes.

(Cash flows from investment activities)

Cash generated for investment activities was 99,895 million yen (used 30,052 million yen in the previous fiscal year). This was mainly due to the early collection of a portion of long term loans receivable from subsidiaries and associates to Oracle Japan Holding Inc.(the parent company of the Company), and collected long term loans receivable from subsidiaries and associates (100,000 million yen) on July 29, 2021.

(Cash flows from financial activities)

## Notes to Quarterly Financial Statements

(Notes to Going Concern): Not Applicable

(Changes in Accounting Policies)

(Application of Accounting Standard for Calculation of Fair Value, etc.)

The Company has applied "Accounting Standard for Measurement of Fair Value" (ASBJ Statement No.30, July 4, 2019. Hereinafter referred to as "Fair Value Calculation Accounting Standard"), etc. from the beginning of the first quarter of the current fiscal year, and will apply the new accounting policies set forth by the Accounting Standard for Measurement of Fair Value etc. prospectively in accordance with the transitional treatments set forth in Paragraph 19 of the Accounting Standard for Measurement of Fair Value and Paragraph 44 2 of the Accounting Standard for Financial Instruments (ASBJ Statement No. 10, July 4, 2019). There is no impact of this change on the quarterly financial statements.

(Special accounting for preparing quarterly financial statements)

(Tax expense calculation)

Tax expenses on profit before income taxes for the six months under review are calculated by multiplying profit before income taxes for the six months under review by the reasonably estimated effective tax rate for the fiscal year including the second quarter under review after applying tax effect accounting.

Income taxes-deferred are included in income taxes.

(Additional Information)

(Accounting estimates for the impact of the spread of the new coronavirus infection)

There has been no significant change in the assumptions and accounting estimates regarding the impact of the COVID 19 infection described in (Additional Information) of the Annual Securities Report for the previous fiscal year.

(Application of Accounting Standard, for Revenue Recognition)

The Company has applied the "Accounting Standard for Revenue Recognition" (ASBJ Statement No.29, March 31, 2020), etc. from the beginning of the first quarter of the current fiscal year. The "Accounting Standard for Revenue Recognition" Recognition", etc. issued on March 30, 2018 have been applied from the beginning of the fiscal year ending May 31, 2019.

As a result of this change, disaggregation of revenue information arising from contracts with customers for the second quarter of the current fiscal year is presented in "Notes (Revenue Recognition, etc.)". Also, in accordance with the transitional treatment prescribed in Paragraph 28-15 of the "Accounting Standard for Quarterly Financial Reporting" (ASBJ Statement No.12, March 31, 2020), disaggregation of revenue information arising from contracts with customers for the second quarter of the previous fiscal year is not presented.

Due to the application of the accounting standard for revenue recognition, "Advances received", which was presented in "Current liabilities" in the balance sheet of the previous fiscal year, is included in "Contract liabilities" from the first quarter of the current fiscal year. In addition, "Increase (decrease) in advances received," which was presented in "Net cash provided by (used in) operating activities" in the quarterly statement of cash flows for the second quarter of the previous fiscal year, is now included in "Increase (decrease) in contract liabilities" from the second quarter of the current fiscal year.

In accordance with the transitional treatment prescribed in Paragraph 89-4 of the "Accounting Standard for Revenue Recognition", no reclassification has been made for the previous fiscal year with the new presentation method.

### <Auditor's conclusion>

Pursuant to the provisions of Article 193-2, Paragraph 1 of the Financial Instruments and Exchange Act, we have conducted a quarterly review of the quarterly financial statements of Oracle Corporation Japan listed in the "Status of Accounting" for the second quarter of 37th term commencing on June 1, 2021, and ending on May 31, 2022 (from September 1, 2021 to November 30, 2021) and the cumulative second quarter (from June 1, 2021 to November 30, 2021), which comprise the balance sheet, income statement, and notes.

In our quarterly review, no matter has come to our attention that causes us to believe that the above quarterly financial statements do not fairly present, in any material respect, the financial condition of Oracle Corporation Japan as of November 30, 2021 and the results of its operations in the cumulative second quarter ended November 30, 2021 in accordance with the standards for preparation of quarterly financial statements generally accepted in Japan.

### <Basis for the auditor's conclusion>

We conducted a quarterly review in accordance with the quarterly review standards generally accepted in Japan. Our responsibility under the quarterly review standards is described in "Responsibilities of Auditor in Quarterly Review of Quarterly Financial Statements". We are independent of the company and fulfill our other ethical responsibilities as an auditor in accordance with the provisions of professional ethics in Japan. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### <Responsibilities of management and audit committee for the quarterly financial statements>

Management is responsible for the preparation and fair presentation of the quarterly financial statements in accordance with the accounting standards generally accepted in Japan. This responsibility includes development and operation of such internal control as management determines necessary to enable the preparation and fair presentation of the quarterly financial statements that is free from material misstatement, whether due to fraud or error.

In preparing the quarterly financial statements, the management evaluates whether it is appropriate to prepare the quarterly financial statements based on the premise of a going concern, and uses the criteria for preparing the quarterly financial statements generally accepted in Japan. If it is necessary to disclose matters concerning a going concern based on this, it is responsible for disclosing such matters.

The responsibility of the audit committee is to monitor the execution of duties by the executive officers and the directors in the development and operation of the financial reporting process.

(Translation purposes only)

<Responsibilities of Auditor in Quarterly Review of Quarterly Financial Statements>

The auditor's responsibility is to express conclusions on the quarterly financial statements from an independent standpoint in the quarterly review report, based on the quarterly review conducted by the auditor.

The auditor will make professional judgments throughout the quarterly review process in accordance with the quarterly review standards generally accepted in Japan, and will carry out the following with professional skepticism.

- Conduct questions, analytical procedures and other quarterly review procedures mainly for management, persons responsible for financial and accounting matters, etc. The quarterly review procedure is a more limited procedure than the audit of financial statements for the fiscal year conducted in accordance with auditing standards generally accepted in Japan.
- If we determine that there is material uncertainty regarding an event or situation that raises material doubts regarding the going concern assumption, we conclude whether there are no items to believe that it is not properly presented based on the evidence obtained in the quarterly financial statements in accordance with the standards for preparing quarterly financial statements that are generally accepted in Japan. In addition, if significant uncertainties regarding the going concern assumption are found, the quarterly financial statement notes may be noted in the quarterly review report. Or, if the notes in the quarterly financial statements regarding material uncertainties are not appropriate, it is required to express limited or negative conclusions in the quarterly financial statements. The auditor's conclusions are based on evidence obtained by the quarterly review report date, but future events and circumstances may prevent the company from surviving as a going concern.
- Evaluate whether there are no items to believe that the presentation and notes of the quarterly financial statements do not comply with the standards for preparing quarterly financial statements that are generally accepted in Japan. Also, evaluate whether there are no items to believe that the presentation, composition, content of the quarterly financial statements, including relevant notes, and the quarterly financial statements do not properly represent the underlying transactions or accounting events.

The auditor reports to the audit committee on the scope and timing of the planned quarterly review and important findings in the quarterly review.

The auditor reports to the audit committee on compliance with Japan's professional ethics regulations regarding independence, matters that are reasonably considered to affect the independence of the auditor, and the content of safeguards, if any, taken in order to eliminate or reduce the obstacles.
