

# Cost Control in F&B LABOR

ORACLE®  
HOSPITALITY

Why should you put labor cost management at the heart of your operation?

## LABOR COSTS HAVE A DIRECT IMPACT ON GUEST EXPERIENCE

**20%+**

of revenues are spent on labor

**66%**

of independent operators have put up menu prices to offset labor costs

**38%**

who have not increased prices plan to do so in the next 6 months

## VALUABLE TIME IS OFTEN WASTED ON SCHEDULING

**63%**

of restaurants change schedules prior to posting

**49%**

do so after posting

**44%**

report that after creating the schedule, understaffing is still an issue

## GOVERNMENT REGULATIONS CHANGE

Government regulations on wages and benefits tend to change...

**33% of restaurants see this as a top concern**

## THE TIME IS NOW

To stay successful, F&B operators need to make cost control a key part of their operation. Though labor problems are significant, F&B operators are finding an ally in cloud-based technology.

Beyond simplifying IT and reducing costs, Oracle Hospitality cloud systems are tailored to address industry-specific issues in labor management, converting cost-control logistics into a showcase for efficiency.
