

# Oracle MICROS Kiosk Stand

With the growing demand for self-service solutions, increased desire for physical distancing, and unattended transactions, this Oracle MICROS Kiosk Stand is the ideal solution for customer-facing self serve applications.

Complement your existing Oracle MICROS POS infrastructure with this kiosk solution.

Leverage your existing Workstations 6 series, peripherals, and consumables to significantly reduce upfront acquisition costs.

## KEY BENEFITS

The Oracle MICROS Kiosk Stand can be fully integrated with your existing point of sale architecture to deliver exactly the type of service you and your customers expect.

It comes as a floor stand with modular peripheral options to accommodate multiple configurations to your evolving end-user environments.

It is designed to accommodate both landscape and portrait orientation for current and future Oracle MICROS workstations (Note: this initial release accommodates the Workstations 6 series in landscape orientation only)

This kiosk stand can support existing Oracle MICROS POS components and can be purchased to re-purpose existing workstations or as an add-on when purchasing new workstations.

- Utilize existing workstations, peripherals and consumables
- Easy to install and relocate
- Bolt holes in the base plate to provide secure mounting to prevent tipping
- Leveling bolts ensure stable installation on uneven floors
- Easy cable management inside the kiosk frame
- Compatibility with multiple receipt printers with tool-less access to paper rolls
- Securely support select EMV payment devices with extension brackets
- Includes mounting points for scanner and fingerprint reader
