

# Oracle Validated Integration

Delivering Customer Confidence and Partner Value

For Oracle PartnerNetwork (OPN) members with solutions that complement and integrate with Oracle Applications (on-premises\* only), Oracle Validated Integration provides a strategic framework and delivers exclusive go-to-market benefits that allow partners to position proven integrations to Oracle customers.

Hundreds of Oracle partners have invested in Oracle Validated Integration to accelerate sales opportunities and attract new customers.

## Delivering Customer Confidence

Oracle Validated Integration establishes credibility with customers by confirming that the integration of your solution with Oracle on-premises Applications:

- » Is designed in a reliable, standardized way.
- » Has been tested as functionally and technically sound.
- » Operates and performs as documented.

Achieving Oracle Validated Integration results in lower deployment risk, improved user experience and increased satisfaction for our mutual customers.

## Providing Partner Value

Oracle Validated Integration provides partners with credibility and competitive advantage. Oracle PartnerNetwork (OPN) members can accelerate sales opportunities and attract new customers by leveraging exclusive Oracle Validated Integration go-to-market benefits, including:

- » **Oracle Validated Integration Branding** - Only partners with current validations are permitted to use the exclusive "Oracle Validated Integration" logo.
- » **Integration Datasheet** - Sales collateral with Oracle and partner logos that allows your company to clearly substantiate and communicate the value of your integrated solution to Oracle customers.

**Validated Integration**
