

Oracle ACE Spotlight → Oracle ACE Community at Oracle OpenWorld and JavaOne 2011

In just a few days, the familiar streets of San Francisco will host tens of thousands of your peers at the largest Oracle conference - [Oracle OpenWorld](#) and [JavaOne](#) 2011.

This year, the [OTN Lounge](#) will be located inside the Howard Street Tent (facing the entrance of Moscone South). Come learn from technical experts through the live OTN TechCast series, and even be part of the live audience—or check out the live feeds from wherever you are. Be sure to stop by the OTN Lounge often—enter drawings, meet the Oracle team as well as ACEs and ACE Directors, and pick up some great gifts including software and T-shirts during the week.

In addition, the [Mason Street Cafe](#) at The ZONE will be home to Java community members during JavaOne. Inside you will find the Community Hub which provides a designated area for meeting up with fellow Java developers and architects thronging the Zone this week. It's also the place to go to check out the new digital Java Magazine, and to pick up complimentary DVDs, T-shirts and more from OTN.

There will be over 175 Oracle ACE and ACE Directors participating at this years events-- 80+ are speakers.
