

# Tools Certification Matrix for Oracle Autonomous Database

# Autonomous Database Tools and Application Test Matrix

The following tables list tools that have been tested and verified to work with Autonomous Data Warehouse.

In some cases, tools have also been extended specifically for Autonomous Database. In other cases, such as Golden Gate, specific limitations of using a tool with Autonomous Database have been documented.

In general, any analytic tools that is certified with Oracle Database should work successfully against Oracle Autonomous Database whether the tool is on this list or not.

For tools not listed in this document, please follow the Autonomous Data Warehouse and Autonomous Transaction Processing documentation for connection information.

The latest tools certification information is available here:
