

Focus On Eclipse

OpenWorld 2011 includes a comprehensive program for developer tools with sessions at both OpenWorld and Develop stream. This year's event also includes a Demo Pod and several Hands on Labs. Read on to learn more about what's happening around Eclipse at OpenWorld.

Additionally, information regarding JavaOne is also included. Although this is a separate conference and requires separate registration, this document provides all the information needed in one place.

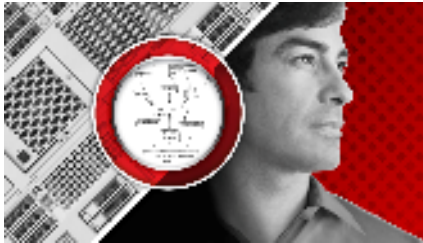

Oracle OpenWorld Sessions

Tuesday October 4, 2011		
TIME	TITLE	LOCATION
11:45 am – 12:45 am	Developing Applications for WebLogic Server 11g James Bayer, Principal Product Manager Jeff West, Sr. Principal Product Manager	Marriott Marquis - Salon 7
