

Oracle Application Development Tools Statement of Direction: Oracle Forms, Oracle Reports and Oracle Designer

ORACLE WHITE PAPER | OCTOBER 2016

Disclaimer

The following is intended to outline our general product direction. It is intended for information purposes only, and may not be incorporated into any contract. It is not a commitment to deliver any material, code, or functionality, and should not be relied upon in making purchasing decisions. The development, release, and timing of any features or functionality described for Oracle's products remains at the sole discretion of Oracle.

ORACLE®

Oracle's Support Policy

Oracle Forms, Oracle Reports, and Oracle Designer have a large and very active installed base, with applications developed with these tools being the cornerstone of many businesses including Oracle's own E-Business Suite.

Oracle's Lifetime Support Policy

Oracle's Lifetime Support Policy defines the support levels and dates for Oracle products. The support timelines for the products referenced in this document are defined here:

<http://www.oracle.com/support/library/brochure/lifetime-support-middleware.pdf>

Specifically, for each of these development tools the plans and recommendations are as follows:

Oracle Forms

For complete details about Oracle Forms and its Statement of Direction, please refer to MyOracleSupport Note [2009262.1](#)

Oracle Reports

For complete details about Oracle Report and its Statement of Direction, please refer to the [Oracle Reports Statement of Direction](#).

Oracle Designer

Oracle Designer 10g was the last version of this product, released as a component of Oracle Developer Suite 10g. Oracle Designer was not released as a component of Oracle Fusion Middleware 11g, nor is it planned to be a component of future Oracle Fusion Middleware releases. Oracle Support continues to offer sustaining level support for Oracle Designer 10g.
