

The evaluated system consists of the Solaris 8, AdminSuite 3.0.1, and the Solaris 8 Common Criteria patch set. The tar file solaris8_cert_sparc_FCS.tar contains the patch set.

The file SRN_0.2a.pdf is the "Solaris 9 8/03 - Security Release Notes" document (version 0.2a) which provides instructions on installing a system in the evaluated configuration. Refer to that document before beginning the installation process.

After Solaris 9 8/03 has been installed, the following patches must be applied in the order shown:

- 112233-11
- 112601-09
- 112807-12 (Note A)
- 112810-06
- 112945-27
- 112960-19
- 112963-17
- 113273-04
- 114332-13
- 114503-06
- 116237-01
- 116308-01
- 116453-01
- 116807-01
- praudit

Special Notes:

A) This patch is for the SunBlade only.
