ORACLE
Customer Success Services

Operate your Oracle Cloud HCM-based payroll processing efficiently and with confidence, backed by targeted support offerings from Oracle Customer Success Services.

Operate your payroll processing with confidence

Natively built for the cloud, Oracle Fusion Cloud Human Capital Management is a complete solution connecting every human resource process from hire to retire. This provides a consistent experience across devices, enables one source of truth for HR data to improve decision-making, and empowers you with market-leading innovation to address your needs today and into the future.

Payroll processes at the heart of your business operations

Oracle Payroll is a fully unified, highly configurable solution that supports HR, finance, and operations with efficient, compliant payroll processing across the globe—no matter your industry, company size, or worker types.

Payroll processes can be very complex, with many integrations into other applications, and with PaaS extensions. Inexperienced or understaffed payroll operational management could lead to data and configuration related issues during payroll execution, delayed or incorrect payments, as well as data related errors to and from integrated systems.

To achieve best results and meet the service level agreements their business requires, many customers benefit from expert assistance by Oracle Customer Success Services to reliably execute flawless and efficient payroll processing.

Best results through targeted payroll support

Oracle Customer Success Services' more than 1,000 Oracle Cloud and Applications specialists worldwide bring a wealth of experience to serve customers with complex environments and challenging business goals.

Flexible support offerings with service level agreements provide targeted support to address your unique requirements and help you make the most of your cloud-based payroll ecosystem. A designated Technical Account Manager in your region coordinates service delivery and escalation management and provides personal guidance to you and your team.
